Rereading The New A Backward Glance At Modernism:

Rereading the New Kevin J. H. Dettmar, 1992 Leading scholars speculate on the postmodern aspects of modernist literature **Unmanning Modernism** Elizabeth Jane Harrison, Shirley Peterson, 1997 Arguing for a radical re evaluation of the modernist aesthetic the essayists consider how women writers created their own version of modernism through the use of sentimental and domestic subject matter by writing about maternal concerns and through experiments with plot voice and points of view **Modernism** Michael H. Whitworth, 2008-04-15 This guide helps readers to engage with the major critical debates surrounding literary modernism A judicious selection of key critical works on literary modernism Presents a critical history from the earliest reviews to the most recent theoretical assessments Shows how modernist writers understood and constructed modernism Shows how succeeding generations have developed those constructions and brought new interpretations to bear on the subject Discusses how modernism relates to modernity and modernization and to other literary and cultural movements Texts have been selected for their relevance to the questions surrounding modernism and for their accessibility to readers with a limited knowledge of the modernist canon Includes a glossary and an annotated bibliography

The New Modernist Studies Reader Sean Latham, Gayle Rogers, 2021-01-28 Bringing together 17 foundational texts in contemporary modernist criticism in one accessible volume this book explores the debates that have transformed the field of modernist studies at the turn of the millennium and into the 21st century The New Modernist Studies Reader features chapters covering the major topics central to the study of modernism today including Feminism gender and sexuality Empire and race Print and media cultures Theories and history of modernism Each text includes an introductory summary of its historical and intellectual contexts with guides to further reading to help students and teachers explore the ideas further Includes essential texts by leading critics such as Anne Anlin Cheng Brent Hayes Edwards Rita Felski Susan Stanford Friedman Mark Goble Miriam Bratu Hansen Andreas Huyssen David James Heather K Love Douglas Mao Mark S Morrisson Michael North Jessica Pressman Lawrence Rainey Paul K Saint Amour Bonnie Kime Scott Urmila Seshagiri Robert Spoo and Rebecca L Walkowitz **In and Out of Sight** Alix Beeston, 2018 Building on work in visual culture studies that emphasizes the interplay between still and moving images In and Out of Sight provides a new account of the relationship between photography and modernist writing revealing the conceptual space of literary modernism to be radically constructed around the instability of female bodies *Beyond the Victorian/ Modernist Divide* Anne-Florence Gillard-Estrada, Anne Besnault-Levita, 2018-03-08 Beyond the Victorian Modernist Divide contributes to a new phase in the Victorian modern debate of traditional periodization through the perspective lens of literature and the visual arts Breaking away from conventionally fixed discourses and dichotomies this book utilizes an interdisciplinary approach to examine the existence of overlaps and unexplored continuities between the Victorians the post Victorians and the modernists including the fields of music architecture design science and social life Furthermore the book remaps the cultural history of two critical meta

narratives and their interdependence the myth of high modernism and the myth of Victorianism by building on recent scholarly work and addressing the question of the turn of the century break theory with a new set of arguments and contributions The essays presented within acknowledge the existence of a break theory in modernism but question this theory by re contextualising it while uncovering long masked continuities between artists genres and forms across the divide The collection offers a new approach to modernism Edwardianism and Victorianism utilizing the cross fertilisation of interdisciplinary approaches and by combining contributions that look forward from the Victorians with other contributions that look backward from the modernists While literary modernism and its vexed relationships with the nineteenth century is a central subject of the book further analysis includes artistic discourses and theories stemming from history the visual arts science music and design Each chapter offers a fresh interpretation of individual artists navigating away from characteristic classifications of works authors and cultural phenomena Ultimately the volume argues that though periodization and genre categories play substantial roles in this divide it is also essential to be critically aware of the way cultural history has been and continues to be constructed

Curved Thought and Textual Wandering Ellen E. Berry, 2025-10-01 This wide ranging and provocative study traces Gertrude Stein s production of avant garde texts that radically disrupted traditional notions of how fiction should be defined valued and read The book combines feminist and postmodern perspectives to illuminate new facets of Stein s novels and to situate them within an expanded definition of the postmodern The author argues that if we fail to consider the contexts within which postmodern innovations occur and if we subsume all formal disruptions under a generalized postmodern mode we obscure important differences among authors and distort the notion of the postmodern itself The study expands our understanding of Stein as a novelist and a narrative theorist repositions her work within a revised notion of literary history and thus clarifies points of relation and divergence between modernism and postmodernism It also assists in the historicizing of the postmodern literary emergence by insisting on the centrality of gender as a category of analysis Finally it argues for the importance of constructing definitions of postmodernism that will allow space to consider the complexity and diversity of its cultural practices Curved Thought and Textual Wandering will be welcomed by scholars of modernism of Gertrude Stein and of feminist and narrative theory and postmodern culture

D.H. Lawrence's Border Crossing Eunyoung Oh, 2006-11-27 D H Lawrence s *Border Crossing* builds upon developments within postcolonial theory to argue for a reconsideration of the concept of spirit of place in D H Lawrence s travel books and leadership novels works that record Lawrence s various encounters with racial and geographical others Exploring his relationship to colonialism Dr Oh shows how Lawrence s belief in different spirits belonging to these disparate places enables him to transcend the hierarchies between metropolis and colony between civilized and primitive worlds

Son of Classics and Comics George Kovacs, C. W. Marshall, 2016 *Son of Classics and Comics* presents thirteen original studies of representations of the ancient world in the medium of comics Building on the foundation established by their groundbreaking *Classics and Comics* Kovacs and Marshall

have gathered a wide range of studies with a new global perspective The Illicit Joyce of Postmodernism Kevin J. H. Dettmar, 1996 For nearly three quarters of a century the modernist way of reading has been the only way of reading James Joyce useful yes and powerful but like all frameworks limited This book takes a leap across those limits into postmodernism where the pleasures and possibilities of an unsuspected Joyce are yet to be found Kevin J H Dettmar begins by articulating a stylistics of postmodernism drawn from the key texts of Roland Barthes Mikhail Bakhtin and Jean Fran ois Lyotard Read within this framework Dubliners emerges from behind its modernist facade as the earliest product of Joyce s proto postmodernist sensibility Dettmar exposes these stories as tales of mystery not mastery despite the modernist earmarks of plentiful symbols allusions and epiphanies Ulysses too has been inadequately served by modernist critics Where they have emphasized the work s ingenious Homeric structure Dettmar focuses instead upon its seams those points at which the narrative willfully joyfully overflows its self imposed bounds Finally he reads A Portrait of the Artist and Finnegans Wake as less playful less daring texts the first constrained by the precious would be poet at its center the last marking a surprising retreat from the constantly evolving vertiginous experience of Ulysses In short The Illicit Joyce of Postmodernism explores what happens when the extra literary pronouncements of Eliot Pound and Joyce as well as Joyce s early critics are set aside and a new unauthorized Joyce is allowed to appear This postmodern Joyce more willful and less easily compartmentalized stands as a counterpoint to the modernist Joyce who has perhaps become too familiar **The Modernist as Pragmatist** Brian May, 1997 The past few years have witnessed a resurgence in the study of British literary modernism With recent publications on modernist American poetry and increasingly appreciative attitudes toward modern British novelists like Joseph Conrad and E M Forster many scholars are experiencing a renewed interest in modernism In The Modernist as Pragmatist Brian May investigates modernist works that have been until recently regarded largely as mere exercises in stale Victorian liberal ideology Breaking from one current interpretation of Forster as an innovative and perhaps objectionable representative of modernist fictional audacity May keenly argues that Forster is neither a traditional liberal nor an imperial modernist stylist He is rather a pragmatic liberal critic of both unreconstructed Victorian liberalism and unreckoning modernist aestheticism May also looks at the debate between two contemporary progressive pragmatists Richard Rorty and Cornel West who have turned to the liberalism of the past as an avenue toward the future First clarifying the terms of the debate May then tries to resolve it using the writings of E M Forster to discuss some of the major political and philosophical statements of Rorty and West In turn the works of these two philosophers are used as tools to gain insight into Forster s literary texts and cultural contexts By bringing British literary history to American neopragmatist philosophy May allows the reader to understand both more concretely historically and imaginatively Persuasive new readings of A Passage to India Howards End and The Longest Journey are used to illustrate how Rorty and West offer a choice between pragmatisms May s well argued study offers an exploration of how literature and philososophy can lead to a fruitful dialogue that can complement

formalism as well as traditional types of contextualism It also persuasively connects Forster to the contemporary debates between liberalism and pragmatism making this an important contribution to all scholars of modernism

Passing and Pedagogy Pamela L. Caughie,1999 The current academic milieu displays a deep ambivalence about the teaching of Western culture and traditional subject matter This ambivalence the product of a unique historical convergence of theory and diversity opens up new opportunities for what Pamela Caughie calls passing recognizing and accounting for the subject positions involved in representing both the material being taught and oneself as a teacher Caughie s discussion of passing illuminates a recent phenomenon in academic writing and popular culture that revolves around identities and the ways in which they are deployed both in the arts and in lived experience Through a wide variety of texts novels memoirs film drama theory museum exhibits legal cases she demonstrates the dynamics of passing presenting it not as the assumption of a fraudulent identity but as the recognition that the assumption of any identity including for the purposes of teaching is a form of passing Astutely addressing the relevance of passing for pedagogy Caughie presents the possibility of a dynamic ethics responsive to the often polarizing difficulties inherent in today s culture Challenging and thought provoking Passing and Pedagogy offers insight and inspiration for teachers and scholars as they seek to be responsible and effective in a complex rapidly changing intellectual and cultural environment

The Classics in Modernist Translation Lynn Kozak,Miranda Hickman,2019-02-07 This volume sheds new light on a wealth of early 20th century engagement with literature of Graeco Roman antiquity that significantly shaped the work of anglophone literary modernism The essays spotlight translation a concept the modernists themselves used to reckon with the Classics and to denote a range of different kinds of reception from more literal to more liberal translation work as well as forms of what contemporary reception studies would term adaptation refiguration and intervention As the volume s essays reveal modernist translations of Classical texts crucially informed the innovations of many modernists and often themselves constituted modernist literary projects Thus the volume responds to gaps in both Classical reception and Modernist studies essays treat a comparatively understudied area in Classical reception by reviving work in a subfield of Modernist studies relatively inactive in recent decades but enjoying

renewed attention through the recent work of contributors to this volume The volume s essays address work significantly informed by Classical materials including Homer Sophocles Euripides Sappho Ovid and Propertius and approach a range of modernist writers Pound and H D among the modernists best known for work engaging the Classics as well as Cummings Eliot Joyce Laura Riding and Yeats

Figures of Time David Ben-Merre,2018-02-01 Focuses on how nuances of poetic form alter how we have come to understand cultural aspects of time Figures of Time proposes radically new ideas about the very poetic ground of culture Presenting unique close readings of six modern poets Wallace Stevens W B Yeats H D Hilda Doolittle Ezra Pound Langston Hughes and T S Eliot David Ben Merre brings recent theoretical questions about the rhetoric of modernism and poetic figuration into current discussions in critical theory He argues that poetic spaces often disjunctions of sound and sense disrupt our culturally inherited notions of time reimagining with an often irrational and anachronistic backward glance what we take to be historical chronologies psychological perceptions of time and collective scripts about causality

High and Low Moderns Maria DiBattista,Lucy McDiarmid,1996-12-05 This collection of essays on modernist culture reassesses the convergence of low and high cultures of socialist and aesthete late Victorian and young Georgian the popular and the coterie Academic literary studies have until recently preferred to treat the opaque difficult writings of high moderns Conrad Yeats Woolf and Eliot and the more accessible work of the low moderns Kipling Shaw and Wells in separate categories In contributions by scholars David Bromwich Roy Foster Edna Longley Louis Menand Edward Mendelson and others High and Low Moderns brings these writers into critical proximity Essays on such topics as the public mourning of Queen Victoria Florence Farr and the New Woman the Edwardian Shaw Lady Gregory s attraction to Irish felons and the high artistic uses of low entertainments cinema detective fiction and journalism introduce a subtler model of modernism in which demotic and elite cultural forms criticize imitate and address one another

Here and Now Youngjoo Son,2013-10-15 Working at the crossroads of contemporary geographical and cultural theory the book explores how social spaces function as sites which foreground D H Lawrence and

Virginia Woolf's critiques of the social order and longings for change Looking at various social spaces from homes to nations to utopian space brought into the here and now the book shows the ways in which these writers criticize and deconstruct the contemporary symbolic physical and discursive spatial topoi of the dominant socio spatial order and envision a more liberating and inclusive human geography In addition the book calls for the need to redress the tendency of some spatial theories to underestimate the political potential of literary discourse about space instead of simply and mechanically appropriating some theoretical concepts to literary criticism One of the central findings in the book therefore is that literary texts can perform subversive interventions in the production of social space through their critical interaction with dominant spatial codes

Virginia Woolf in the Age of Mechanical Reproduction Pamela Caughie, 2013-10-31 This collection of ten original essays is the first to read Virginia Woolf through the prism of our technological present Expanding on the work of feminist and cultural critics of the past two decades this volume offers a sustained reflection on the relationship between Walter Benjamin's analyses of mass culture and technology and Woolf's cultural productions of the 1920s and 1930s It also brings out the extent to which Woolf was beginning to image the technological society then taking shape This book takes part in contemporary efforts to rethink modernism as a more globalized and technologized phenomenon
