Minority Rule Ari Berman, 2024-04-23 Voting rights journalist Ari Berman has been detailing threats to our democracy for years and his new book *Minority Rule* is a timely and essential read He expertly shows how Republicans are trying to rig our political system and shares how we can fight back Hillary Clinton on X A riveting account of the decades long effort by reactionary white conservatives to undermine democracy and entrench their power and the movement to stop them The mob that stormed the Capitol on January 6 2021 represented an extreme form of the central danger facing American democracy today a blatant disregard for the will of the majority But this crisis didn't begin or end with Donald Trump's attempt to overturn the 2020 election Through voter suppression election subversion gerrymandering dark money the takeover of the courts and the whitewashing of history reactionary white conservatives have strategically entrenched power in the face of a massive demographic and political shift Ari Berman charts these efforts with sweeping historical research and incisive on the ground reporting chronicling how a wide range of antidemocratic tactics interact with profound structural inequalities in institutions like the Electoral College the Senate and the Supreme Court to threaten the survival of representative government in America The will of the people wrote Thomas Jefferson in 1801 is the only legitimate foundation of any government But that foundation is crumbling Some counter majoritarian measures were deliberately built into the Constitution which was designed in part to benefit a small propertied upper class but they have metastasized to a degree that the Founding Fathers could never have anticipated undermining the very notion of a government of the people by the people and for the people Chilling and revelatory *Minority Rule* exposes the long history of the conflict between white supremacy and multiracial democracy that has reached a fever pitch today while also telling the inspiring story of resistance to these regressive efforts

Franco's Justice Julius Ruiz, 2005-07-28 Madrid became one of the key symbols of Republican resistance to General Franco during the Spanish Civil War following the Nationalists failure to take the city in the winter of 1936-7 Yet despite the defiant cries of No pasarán they did eventually pass on 28 March 1939 This book examines the consequences in Madrid of Franco's unconditional victory in the Spanish Civil War Using recently available archival material this study shows how the punishment of the vanquished was based on a cruel irony Republicans not the military rebels of July

1936 were held responsible for the fratricidal conflict Military tribunals handed out sentences for the crime of military rebellion mere passivity towards the Nationalists before 1939 was not only made a civil offence under the Law of Political Responsibilities but could cause dismissal from work and freemasons and Communists specifically blamed for the Civil War were criminalized by decree in March 1940 However contrary to much that has been written on the subject the post war Francoist repression was not exterminatory Genocide did not take place in post war Madrid While a minimum of 3113 judicial executions took place between 1939 and 1944 death sentences were largely based on accusations of participation in blood crimes that occurred in Madrid in 1936 Moreover and unlike most other accounts of the Francoist political violence this book is concerned with the question of when and why mass repression came to an end It shows that the sheer numbers of cases opened against Republican rebels and the use of complex pre war bureaucratic procedures to process them produced a crisis that was only resolved by decisions taken by the Franco regime in 1940 1 to abandon much of the repressive system By 1944 mass repression had come to an end

Organising care around patients Naomi Chambers,Jeremy Taylor,2021-09-07 Organising care around patients is not for the fainthearted Naomi Chambers and Jeremy Taylors have curated twenty five accounts from people who agreed to tell the story of what happened when they or their loved ones came into contact with the NHS The authors defy you not to laugh or cry or hold your breath in disbelief at some point when reading this book In these true and compelling accounts we learn the experiences good and bad of people grappling with birth and death caring for loved ones living with mental illness coping with long term conditions and struggling in older age This book is a call to action aimed at healthcare professionals managers and politicians a manifesto for more patient centred care These stories show the NHS at its very best and also when it falls significantly short Patients or carers currently battling with the system will derive some hope and encouragement and clues about what to expect what to ask for and from whom An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

Advanced Financial Risk Management Donald R. Van Deventer, Kenji Imai, Mark Mesler, 2013-02-06 Practical tools and advice for managing financial risk updated for a post crisis world Advanced Financial Risk Management bridges the gap between the idealized assumptions used for risk valuation and the realities that must be reflected in management actions It explains in detailed yet easy to understand terms the analytics of these issues from A to Z and lays out a comprehensive strategy for risk management measurement objectives and hedging techniques that apply to all types of institutions Written by experienced risk managers the book covers everything from the basics of present value forward rates and interest rate compounding to the wide variety of alternative term structure models Revised and updated with lessons from the 2007 2010 financial crisis Advanced Financial Risk Management outlines a framework for fully integrated risk management Credit risk market risk asset and liability management and performance measurement have historically been thought of as separate disciplines but recent developments in financial theory and computer science now allow these views of risk to be analyzed on a more integrated basis The book presents a performance measurement approach that goes far beyond traditional capital allocation techniques to measure risk adjusted shareholder value creation and supplements this strategic view of integrated risk with step by step

tools and techniques for constructing a risk management system that achieves these objectives Practical tools for managing risk in the financial world Updated to include the most recent events that have influenced risk management Topics covered include the basics of present value forward rates and interest rate compounding American vs European fixed income options default probability models prepayment models mortality models and alternatives to the Vasicek model Comprehensive and in depth Advanced Financial Risk Management is an essential resource for anyone working in the financial field First Love And High Adventure , **Dare to Dream** Annette M. Brown,2016-02-16 The book looks into the lives of the Bible characters Ruth Naomi her mother in law and Boaz Ruth s future husband as they overcome challenging situations and struggle not to allow their hidden hopes and dreams to die without trying to achieve them The characters purposefully searched for conditions of hope in things they saw heard about or perceived to have potential of being beneficial and by accepting wise advice and kindness from other people The book is encouraging for anyone struggling with situations in life that leave them feeling discouraged and forces them to search for conditions of hope and ways to make their hopes and dreams come true by becoming proactive and working on a plan of action Their story is also about relationships in the natural and spiritual sense as demonstrated by the connection between them and a kinsman redeemer who serves to make another person s life restored and complete As one reads through the book he or she gains a sense that more than simply human effort was at work but it was the hand of God orchestrating every detailed move and as a result each character realized and accredited it all to God as being their kinsman redeemer Although Boaz assisted in helping Ruth s family overcome challenges it was leading them to find a relationship with the true kinsman redeemer Jesus the Messiah So the questions for the reader are What is preventing you to Dare to Dream Why not search for conditions of hope in your situation and make every attempt to fulfill them because without trying your hopes and dreams will die Everyone has hopes and dreams that they hold in their minds and keep silently to themselves Therefore when people apply themselves it becomes possible to move forward to experience at least four types of dreams such as addressed in the chapters Shattered Dreams Working the Dream Rebirth of a Dream and Fulfilled Dreams
