American Women Photographers Martha Kreisel, 1999-02-28 American women have made significant contributions to the field of photography for well over a century This bibliography compiles more than 1 070 sources for over 600 photographers from the 1880s to the present As women's role in society changed so did their role as photographers In the early years women often served as photographic assistants in their husbands studios The photography equipment initially heavy and difficult to transport was improved in the 1880s by George Eastman's innovations With the lighter camera equipment photography became accessible to everyone Women photographers became journalists and portraitists who documented vanishing cultures and ways of life Many of these important female photographers recorded life in the growing Northwest and the streets of New York City became pioneers of historic photography as they captured the plight of Americans fleeing the Dust Bowl and the horrors of the concentration camps and were members of the Photo Secessionist Movement to promote photography as a true art form This source serves as a checklist for not only the famous but also the less familiar women photographers who deserve attention

Picturing Migrants James R. Swensen, 2015-10 As time passes personal memories of the Great Depression die with those who lived through the desperate 1930s In the absence of firsthand knowledge John Steinbeck's *The Grapes of Wrath* and the photographs produced for the New Deal's Farm Security Administration FSA now provide most of the images that come to mind when we think of the 1930s That novel and those photographs as this book shows share a history Fully exploring this complex connection for the first time *Picturing Migrants* offers new insight into Steinbeck's novel and the FSA's photography and into the circumstances that have made them enduring icons of the Depression Looking at the work of Dorothea Lange Horace Bristol Arthur Rothstein and Russell Lee it is easy to imagine that these images came straight out of the pages of *The Grapes of Wrath* This should be no surprise James R Swensen tells us because Steinbeck explicitly turned to photographs of the period to create his visceral narrative of hope and loss among Okie migrants in search of a better life in California When the novel became an instant best seller upon its release in April 1939 some dismissed its imagery as pure fantasy Lee knew better and traveled to Oklahoma for proof The documentary pictures he produced are nothing short of a photographic illustration of the hard lives and desperate reality that Steinbeck so vividly portrayed In *Picturing Migrants* Swensen sets these lesser known images alongside the more familiar work of Lange and others giving us a clearer understanding of the FSA's work to publicize the plight of the migrant in the wake of the novel and John Ford's award winning film adaptation A new perspective on an era whose hardships and lessons resonate to this day *Picturing Migrants* lets us see as never before how a novel and a series of documentary photographs have kept the Great Depression unforgettably real for generation after generation

Hope in Hard Times Mary Murphy, 2003 Arthur Rothstein Russell Lee

Because Our Fathers Lied Paul Hendrickson, 2017-08-08 Robert S McNamara was the official face of Vietnam the technocrat with steel rimmed glasses and an ironclad faith in numbers who kept insisting that the war was winnable long after he had ceased to believe it was In his insightful morally devastating book *The Living and the Dead* Paul Hendrickson juxtaposes Robert S McNamara's story with those of a wounded Marine an Army nurse a Vietnamese refugee a Quaker who burned himself to death to protest the war and an enraged artist who tried to kill the man he saw as the war's architect This is the brilliant emotional coda where in meticulous yet compassionate prose Hendrickson captures his chase after the story of the man and the haunted years of McNamara's life after Vietnam A Vintage Shorts Vietnam Selection An ebook short

Hemingway's Boat Paul Hendrickson, 2011-09-20 National Book Critics Circle Award Finalist National Bestseller A brilliantly conceived and illuminating reconsideration of a key period in the life of Ernest Hemingway that will forever change the way he is perceived and understood Hendrickson's two strongest gifts that compassion and his research and reporting prowess combine to masterly effect Arthur Phillips The New York Times Book Review Focusing on the years 1934 to 1961 from Hemingway's pinnacle as the reigning monarch of American letters until his suicide Paul Hendrickson traces the writer's exultations and despair around the one constant in his life during this time his beloved boat Pilar Drawing on previously unpublished material including interviews with Hemingway's sons Hendrickson shows that for all the writer's boorishness depression and alcoholism and despite his choleric anger he was capable of remarkable generosity to struggling writers to
