Vicente Leñero Danny J. Anderson, 1989 This fascinating study of the nine novels of Vicente Leñero published between 1961 and 1985 attests to the contemporary Mexican writer's protean talent Anderson interrogates the dual critical project that underlies Leñero's works the constant preoccupation with the expressive potentials of the novelistic genre and the equally constant concern for a critical examination of social reality Employing a variety of post structural approaches in order to reveal the dynamics of this dual project Vicente Leñero *The Novelist as Critic* provides the first book length consideration of the materials and concerns of this novelist's art Antiheroes Ilan Stavans, 1997 Presentation of the author's psychoanalytic beliefs and experiences in child psychoanalytic therapy *Latin American Mystery Writers* Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of

Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism. **The Mexican Novel Comes of Age** Walter M. Langford, 1971. Love and Despair Jaime M. Pensado, 2023-06-13. Love and Despair explores the multiple and mostly unknown ways progressive and conservative Catholic actors, such as priests, lay activists, journalists, intellectuals, and filmmakers, responded to the significant social and cultural shifts that formed competing notions of modernity in Cold War Mexico. Jaime M. Pensado demonstrates how the Catholic Church, as a heterogeneous institution with key transnational networks in Latin America and Western Europe, was invested in youth activism, state repression, and the counterculture from the postwar period to the more radical Sixties. Similar to their secular counterparts, progressive Catholics often saw themselves as revolutionary actors and nearly always framed their activism as an act of love. When their movements were repressed and their ideas were co-opted, marginalized, and commercialized, at the end of the Sixties the liberating hope of love often turned into a sense of despair. A Luis Leal Reader Luis Leal, 2007-09-11. Since his first publication in 1942, Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican Chicano and Latin American literature and culture. This volume, bringing together a representative selection of Leal's writings from the past sixty years, is at once a wide-ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century. Instrumental in establishing Mexican literary studies in the United States, Leal's writings on the topic are especially instructive, ranging from essays on the significance of symbolism, culture, and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican, Tejano, and Mexican authors such as Juan Rulfo, Carlos Fuentes, Jos Montoya, and Mariano Azuela. Clearly and cogently written, these writings bring to bear an encyclopedic knowledge, a deep understanding of history and politics, and an unparalleled command of the aesthetics of storytelling, from folklore to theory. This collection affords readers the opportunity to consider or reconsider Latino literature under the deft guidance of its greatest reader. Worlding Latin America Marco Ramírez Rojas, José Carlos Díaz Zanelli, 2025-03-03. This book offers a contribution to contemporary discussions in the field of Latin American critical theory and literary dialogues by incorporating understudied archives and opening new lines of inquiry from a global perspective. Organized around the central themes of transatlantic and transpacific connections, the construction of world literary canons that include the Latin American continent, and the cultural tensions between local and global.

The Twentieth-Century Spanish American Novel Raymond Leslie Williams, 2005-03-01 Spanish American novels of the Boom period 1962 1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century's novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing principle he divides the century's novels into five periods and discusses the differing forms that the modern took in each era For each period Williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels A special feature of this book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers Williams also clarifies the legacy of the Boom the Postboom and the Postmodern as he introduces new writers and new novelistic trends of the 1990s **Doscientos años de narrativa mexicana.
