Why America Lost the War on Poverty - and how to Win it (Volume 1 of 2) (EasyRead Super Large 18pt Edition) Frank Stricker,2007 Why America Lost the War on Poverty--And How to Win It Frank Stricker,2011-02-01 In a provocative assessment of American poverty and policy from 1950 to the present Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment Analyzing the War on Poverty theories of the culture of poverty and the underclass the effects of Reaganomics and the 1996 welfare reform Stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs Stricker notes that since the 1970s U S poverty levels have remained at or above 11% despite training programs and periods of economic growth The creation of jobs has continued to lag behind the need for them Stricker argues that a serious public debate is needed about the job situation social programs must be redesigned a national health care program must be developed and economic inequality must be addressed He urges all sides to be honest if we don t want to eliminate poverty then we should say so But if we do want to reduce poverty significantly he says we must expand decent jobs and government income programs redirecting national resources away from the rich and toward those with low incomes Why America Lost the War on Poverty And How to Win It is sure to prompt much needed debate on how to move forward **The Management of Industrial Conflict in the Recession of the 1970s** Ezio Tarantelli, Gerhard Willke,1981-07-31 Monograph of conference papers comparison on labour market and labour relations trends and issues during the 1970s economic recession in the UK Germany Federal Republic and Italy discusses economic policy employment policy and incomes policy the impact on duration and frequency of unemployment trade union behaviour labour disputes wage differentials labour market segmentation etc and includes policy options Bibliography after each chapter graphs references and statistical tables List of participants Conference held in Florence 1978 Nov Lost and Found Jamey Glasnovic,2014 For many people moving to a mountain town is the realization of a dream the final step in a pilgrimage to a relaxed lifestyle in a rugged and beautiful setting For Jamey the long journey began when he was a teenager in the 1980s with the vague idea there might be a better life somewhere out West Eventually he fled the chaos and stress of the big city and tried to settle into an uncomplicated Rocky Mountain existence It wouldn t stay uncomplicated for long A spirited amble by bicycle and on foot inspired by the work of Bill Bryson this explores the heart of the Rocky Mountain Parks and examines the consequences of celebrating that beauty too effectively with mass tourism and over ambitious development Eschewing the convenience of motorized transportation Glasnovic earns every kilometre that passes beneath his feet and along the way he learns a thing or two about feeling profoundly connected to place an experience some would describe as being home Publisher s description The Lost Promise Ellen Schrecker,2024-05-31 The Lost Promise is a magisterial examination of the turmoil that rocked American universities in the 1960s with a unique focus on the complex roles played by professors as well as students The 1950s through the early 1970s are widely seen as

American academia's golden age when universities well funded and viewed as essential for national security economic growth and social mobility embraced an egalitarian mission Swelling in size schools attracted new types of students and professors including radicals who challenged their institutions calcified traditions But that halcyon moment soon came to a painful and confusing end with consequences that still afflict the halls of ivy In *The Lost Promise* Ellen Schrecker our foremost historian of both the McCarthy era and the modern American university delivers a far reaching examination of how and why it happened Schrecker illuminates how US universities explosive growth intersected with the turmoil of the 1960s fomenting an unprecedented crisis where dissent over racial inequality and the Vietnam War erupted into direct action Torn by internal power struggles and demonized by conservative voices higher education never fully recovered resulting in decades of underfunding and today's woefully inequitable system As Schrecker's magisterial history makes blazingly clear the complex blend of troubles that disrupted the university in that pivotal period haunts the ivory tower to this day

Why America Lost the War on Poverty - and How to Win It, *From Memory to History* Jim Cullen, 2021-04-16 Our understanding of history is often mediated by popular culture and television series set in the past have provided some of our most indelible images of previous times Yet such historical television programs always reveal just as much about the era in which they are produced as the era in which they are set there are few more quintessentially late 90s shows than *That 70s Show* for example *From Memory to History* takes readers on a journey through over fifty years of historical dramas and sitcoms that were set in earlier decades of the twentieth century Along the way it explores how comedies like *M A S H* and *Hogan's Heroes* offered veiled commentary on the Vietnam War how dramas ranging like *Mad Men* echoed current economic concerns and how *The Americans* and *Halt and Catch Fire* used the Cold War and the rise of the internet to reflect upon the present day Cultural critic Jim Cullen is lively informative and incisive and this book will help readers look at past times present times and prime time in a new light

Prokhorovka Christopher A. Lawrence, 2019-06-01 The Battle of Kursk was one of the defining moments of World War II In July 1943 German forces under Erich von Manstein one of Germany's best generals launched a massive attack in an offensive code named Citadel A week later the Soviets counterattacked sparking a huge clash of tanks at Prokhorovka the largest armor battle in history pitting more than 600 Soviet tanks against some 300 German panzers Though the Germans gained a tactical victory destroying huge numbers of Soviet tanks they failed to achieve their objectives and in the end the battle marked a turning point on the Eastern Front The Red Army gained the strategic initiative and would not lose it The Lost Decade Elsebeth Hurup, 1996 To many Americans the 1970s seem a lost period a pale and undistinguished decade compared with the 1960s and the 1980s just as the presidents of the time Gerald Ford and Jimmy Carter were far less colourful and distinctive than Kennedy Nixon or Ronald Reagan In addition the 1970s were marked by economic recession and a national identity crisis in the aftermath of the Vietnam War Watergate and the energy crisis Not even the 1976 Bicentennial celebration was able to break this feeling of collective lethargy and disillusion Issue 26 of Aarhus University Press's arts and humanities journal The Dolphin demonstrates that while the 1970s were indeed rather grey in many respects they were also a time of reassessment and dynamism in many fields of popular American culture This point is illustrated by examples from different contexts Western movies the National Park Service self help psychology grass roots activism and popular music

Britain's Lost Railways John Minnis, 2018-08-07 The beautifully restored St Pancras Station is a magisterial example of Britain's finest Victorian architecture. Like the viaducts at Belah and Crumlin, cathedral-like stations such as Nottingham Victoria and spectacular railway hotels like Glasgow St Enoch's, it stands proud as testament to Britain's architectural heritage. In this stunning book, John Minnis reveals Britain's finest railway architecture. From the most cavernous engine sheds like Old Oak Common through the eccentric country halts on the Tollesbury line and the gantries of the Liverpool Overhead Railway to the soaring viaducts of Belah and Cumlin, *Britain's Lost Railways* offers a sweeping celebration of our railway heritage. The selection of images and the removable facsimile memorabilia including tickets, posters, timetables, and maps allows the reader to step into that past, serving as a testimony to an age of ingenuity and ambition when the pride we invested in our railways was reflected in the grandeur of the architecture we built for them. *Chinese Modernity and the Individual Psyche* A. Kipnis, 2012-12-18 Rapid industrialization, urbanization, and marketization have led to startling social changes in reform-era China. Mindful of the many forms of social theory that relate modernity to individualism, this volume addresses social and cultural change through the lens of psychological anthropology. **Lost Opportunities** S. P. Sinha (Brigadier.), 2007 Northeast India has been beset with insurgencies for more than fifty years. The Nagas rebelled in the early 1950s, and since then insurgency in some form or the other has spread to all the states of the northeast, popularly known as the Seven Sisters. This book takes a critical look at the many insurgencies in this strategic region and reviews their genesis, motivations, and characteristics. Why have these persisted despite interventions by the state and civil society? Over the years, the insurgencies have developed external linkages which have only complicated matters. The book also critically examines the government's response and traces the development of counter-insurgency strategies from finding a military solution to winning the hearts and minds of the populace. It is a fascinating but sad story of missed opportunities. *Lost Restaurant of Chicago* Greg Borzo, 2019-04-22 A Chicago author's tribute to the historic eateries and storied local haunts that the Windy City has loved and lost. Many of Chicago's greatest or most unusual restaurants are no longer taking reservations. But even if they're gone, they're definitely not forgotten. From steakhouses to delis, these dining destinations attracted movie stars, fed the hungry, launched nationwide trends, and launched a smorgasbord of culinary innovations. Stretching across almost two centuries of memorable service and adventurous menus, *Lost Restaurants of Chicago* revisits the institutions entrusted with the city's special occasions. Noted author Greg Borzo dishes out course after course of fondly remembered fare from Maxim's to Charlie Trotter's and Trader Vic's to the Blackhawk. *Finding Lost — Season Five* Nikki Stafford, 2010-12-16 Nikki Stafford's series, the only complete episode-by-episode guide to *Lost*, continues its exploration of the deeper meanings behind every episode of this critical and commercial success. The season five instalment will include analyses on how John Locke could become Jeremy Bentham and what it means to the show's overriding themes, and chapters on literary references like Stephen King's *The Stand* and James Joyce's *Ulysses*. Includes exclusive behind-the-scenes photos of the filming of the new

season on location in Hawaii
