**Jewish-Christian 2000 Years War Against Jesus Christ** Mohammad Fawzi, 2014-12-12 Noticing how the world today is sinking into darkness as it did many times before through its history seeing how the Muslims are working hard against the message that Allah sent how Christian created their own preaching and faith how the Jews worked all of their lives against the LORD and the men that the LORD sent Mohammad Fawzi saw the need to do something and this book is the first of many he is working on in hope he may be able to correct the mistakes done today from all the beliefs he will also deal with the darkness of the Atheists In a world full with darkness and evil done against the LORD the need for those who have the truth is increasing not the false truth some claim to have but the genuine truth that is supported with solid proofs and convincing evidence It is time for those who can do something to step up **Importing Faith** Glyn J. Ackerley, 2016-07-28 Many twenty first century evangelical charismatics in Britain are looking for a faith that works They want to experience the miraculous in terms of healings and Godsent financial provision Many have left the mainstream churches to join independent charismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous But all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith This study discovers the origin of the principles that are taught by some charismatic leaders Glyn Ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the United States The origins of the ideas are traced back to New Thought metaphysics and its background philosophies of subjective idealism and pragmatism These principles were imported into the UK through contact between British leaders and those influenced by American word of faith teachers Glyn Ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have social and psychological explanations rather than divine origins **Every Man's Bible NIV, Deluxe Heritage Edition**
