Managed Care In The Inner City The Uncertain Promise For Providers Plans And Communities:

Managed Care in the Inner City Dennis P. Andrulis, Betsy Carrier, 1999-05-07 This seminal book for managed care and health care executives addresses the issues of managed care among low income and other vulnerable populations Andrulis and his colleagues show how we can create programs that succeed from a policy and a health care management perspective

An American Health Dilemma W. Michael Byrd, Linda A. Clayton, 2001-12-21 First published in 2002 An American Health Dilemma is the story of medicine in the United States from the perspective of people who were consistently officially mistreated abused or neglected by the Western medical tradition and the US health care system It is also the compelling story of African Americans fighting to participate fully in the health care professions in the face of racism and the increased power of health corporations and HMOs This tour de force of research on the relationship between race medicine and health care in the United States is an extraordinary achievement by two of the leading lights in the field of public health Ten years out it is finally updated with a new third volume taking the story up to the present and beyond remaining the premiere and only reference on black public health and the history of African American medicine on the market today No one who is concerned with American race relations with access to and quality of health care or with justice and equality for humankind can afford to miss this powerful resource

At Risk in America Lu Ann Aday, 2002-02-28 This updated second edition of At Risk in America provides a detailed analysis of those key population groups most vulnerable to disease and injury in the United States today including homeless persons refugees and immigrants people living with AIDS alcohol and substance abusers high risk mothers and infants victims of family or other violence and the chronically or mentally ill Lu Ann Aday reviews the major theories and knowledge concerning these at risk groups and offers new approaches and methodologies for tracing the social determinants and societal influences on health She examines the specific health needs and risks faced by these groups their experience in the health care system the current policies and programs that serve them and the research and policy initiatives that might be undertaken to help reduce their vulnerability

An American Health Dilemma: Race, medicine, and health care in the United States 1900-2000 W. Michael Byrd, Linda A. Clayton, 2000 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

The Preferential Option for the Poor beyond Theology Daniel G. Groody, Gustavo A. Gutiérrez, 2016-10-15 Since the 1973 publication of Gustavo Gutiérrez s groundbreaking work *A Theology of Liberation* liberation theology s central premise of the preferential option for the poor has become one of the most important yet controversial theological themes of the twentieth century As the situation for many of the world s poor worsens it becomes ever more important to ensure that the option for the poor remains not only a

vibrant theological concept but also a practical framework for living out the gift and challenge of Christian faith The Preferential Option for the Poor beyond Theology draws on a diverse group of contributors to explore how disciplines as varied as law economics politics the environment science liberal arts film and education can help us understand putting a commitment to the option for the poor into practice The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors address the theological concept of the option for the poor as well as the ways it can shape our social economic political educational and environmental approaches to poverty Their creative examples serve as an inspiration to all those who are seeking to put their talents at the service of human need and the building of a more just and humane world

Achieving Health Equity via the Affordable Care Act National Academies of Sciences, Engineering, and Medicine, Institute of Medicine, Board on Population Health and Public Health Practice, Roundtable on the Promotion of Health Equity and the Elimination of Health Disparities, 2016-01-23 Since its creation by the Institute of Medicine IOM in 2007 the Roundtable on the Promotion of Health Equity and the Elimination of Health Disparities has been fostering dialogue on racial and ethnic disparities in health and health care examining the development of programs and strategies to reduce disparities and encouraging the emergence of new leadership focused on health equity For the past several years a prominent topic of discussion within the roundtable has been the Patient Protection and Affordable Care Act ACA The ACA has multiple provisions specific to race ethnicity and language and other provisions with significant implications for racially and ethnically diverse populations In April 2013 the roundtable held a workshop to address many issues surrounding the ACA including expansion of coverage delivery systems and access points service delivery and payment reform public private partnerships and challenges to the safety net This report summarizes the presentations and discussions from the workshop

Managed Care, 2000 *How Far Have We Come in Reducing Health Disparities?* Institute of Medicine, Board on Population Health and Public Health Practice, Roundtable on the Promotion of Health Equity and the Elimination of Health Disparities, 2012-09-12 At the turn of the 21st century several important reports and events designed to raise awareness of health disparities and to describe initial efforts to reduce health disparities took place The Surgeon General's office released several reports that showed dramatic disparities in tobacco use and access to mental health services by race and ethnicity The first real legislation focused on reducing health disparities was signed into law creating the National Center for Minority Health and Health Disparities within the NIH In 2001 the IOM released its landmark report *Crossing the Quality Chasm: A New Health System for the 21st Century* highlighting the importance of a focus on health care quality rather than a focus on only access and cost issues Building upon these reports and events the IOM held a workshop on April 8 2010 that discussed progress to address health disparities and focused on the success of various federal initiatives to reduce health disparities *How Far Have We Come in Reducing Health Disparities* summarizes the workshop and explains the progress in the field since 2000

Regulating Managed Care Stuart H. Altman, Uwe E. Reinhardt, David Shactman, 1999-06-25 What should be government's role in a market oriented health care system? What is the appropriate amount of regulation? Who should regulate: states, federal government, or market forces? What role do the courts play in this regulation? Are there existing models that might guide leaders in designing an effective regulatory structure? Welcome to the great managed care debate! In *Regulating Managed Care*, twenty six of the nation's leading health policy experts give health care administrators, clinicians, and policy makers insight into the issues behind this critical exchange and provide leaders with a road map to assess the policy options available to protect the quality of our health care delivery system. This collection of papers from an extraordinary group of authors makes a valuable contribution to the ongoing policy debate and will be of interest to anyone concerned with the future of our health care system. Charles A. Sanders, retired chairman and CEO Glaxo Inc. and former general director Massachusetts General Hospital. *The Journal of Health Care Law & Policy*, 2004. *Chicago Medicine*, 1999.

Informing American Health Care Policy Alan C. Monheit, Renate Wilson, 1999-11-09 *Informing American Health Care Policy* provides a critical perspective on the National Medical Expenditure Surveys (NMES) and how these surveys have responded to the sometimes conflicting challenges of policy and research. Sponsored by the Agency for Health Care Policy and Research and written by a stellar panel of interdisciplinary experts including contributions from nationally known economists, sociologists, and survey researchers, this essential resource is filled with lessons learned and emerging strategies for the future. *Cities and the Health of the Public* Nicholas Freudenberg, Sandro Galea, David Vlahov, 2006 The essays commissioned for this book analyze the impact of city living on health, focusing primarily on conditions in the United States. With 16 chapters by 24 internationally recognized experts, the book introduces an ecological approach to the study of the health of urban populations. This book assesses the primary determinants of well-being in cities, including the social and physical environments, diet, and health care and social services. The book includes chapters on the history of public health in cities, the impact of urban sprawl and urban renewal on health, and the challenges facing cities in the developing world. It also examines conditions such as infectious diseases, violence, and disasters and mental illness. *Critical Issues in Global Health* C. Everett Koop, Clarence E. Pearson, 2001 This compendium of essays written by international health experts describes the opportunities and hazards in improving the health of the world's people. Included is a chapter by Harvard's Jessica Stern on extremist terrorism as a global threat.
