Marxistische Arbeiterbildung In Der Weimarer Zeit Masch

**Ingrid Miethe, Tim Kaiser, Tobias
Kriele, Alexandra Piepiorka**

Marxistische Arbeiterbildung In Der Weimarer Zeit Masch:

Proletarisch-revolutionäre Literatur der Weimarer Republik Walter Fähnders, 2017-02-18 *Artists and Radicalism in Germany, 1890-1933* Nikos Pegioudis, 2025-02-20 Tracing the evolution of the German applied arts movement from 1890 through the interwar period *Artists and Radicalism in Germany 1890 1933* reveals how reforms in artistic and vocational education intersected with the professional politics of radical artists and the nature of intellectual labour Challenging conventional views Pegioudis reinterprets the conflict between modern art s advocates and opponents arguing that professional politics not merely political ideologies shaped the historical avant garde Developing a fresh perspective on the role of radicalism and avant garde labour in the history of modern art this book casts new light on German modern art and its interpreters

Fritz Perls in Berlin 1893 - 1933 Bernd Bocian, 2015-07-01 Using Fritz Perls as an example this book recalls the representatives of an urban avant garde culture who were driven out of Europe emigrated and for the most part found a new homeland in the USA Many an element of the lost avant garde spirit later found its way back to Europe in an enriched form This monograph is the first to focus in greater depth on the German European roots of Gestalt therapy It thereby bridges the continents at the same time

The German Left and Aesthetic Politics Martin I. Gaughan, 2021-11-01 The German Left and Aesthetic Politics examines the articulation of contending materialist aesthetic practices within the ideological fractures of the German Left between the Second and Third International It is hinged on the major literary critical contributions of Franz Mehring representative of the Second and Karl Wittfogel and Georg Lukacs representing the Third Both parties focussed on the bourgeois revolutionary cultural heritage and how it might provide examples for emulation However post the 1918 November Revolution a radical politically avant garde challenged that tradition and through figures like the Berlin Dadaists Piscator s proletarian theatre and later Brecht with contributions from dissident Marxist intellectuals like Karl Korsch and Fritz Sternberg asked other questions and proposed other answers Revisiting the contexts and contents of these exchanges allows one to understand the serious role allocated to the cultural in constructing the third pillar of socialism its integrative dimension

Socialist Realism in Central and Eastern European Literatures Under Stalin Evgeny Dobrenko, 2018-02-15 *Socialist Realism in Central and Eastern European Literatures* is the first published work to offer a variety of alternative perspectives on the literary and cultural Sovietization of Central and Eastern Europe after World War II and emphasize the dialogic relationship between the centre and the satellites instead of the traditional top down approach The introduction of the Soviet cultural model was not quite the smooth endeavour that it was made to look in retrospect rather it was always a work in progress often born out of a give andtake with the local authorities intellectuals and interest groups Relying on archival resources the authors examine one of the most controversial attempts at a cultural unification in Europe by providing an overview with a focus on specific case studies an analysis of distinct particularities with attention to the patterns of negotiation and adaptation that were being developed in

the process **Anna Seghers** Helen Fehervary,2001 A fascinating study of one of the greatest German woman writers of the twentieth century Globalization of an Educational Idea Ingrid Miethe,Tim Kaiser,Tobias Kriele,Alexandra Piepiorka,2019-07-22 In this book authors showcase the worldwide spread of Workers Faculties as an example of both cooperation between socialist countries in education and globalization processes in the field of education Based on extensive research carried out in Cuban German Mozambican and Vietnamese archives as well as expert interviews it combines detailed case studies of educational transfers and policy implementation with a discussion of theoretical approaches to the study of globalization in and of education Research on Workers Faculties provides an especially interesting example for the study of educational transfer between socialist countries as well as for the interplay of such transfers with processes of globalisation for two reasons On one hand the first Workers Faculties were established already shortly after the October Revolution in Russia and Workers Faculties continue to exist in Cuba until today A study of these institutions therefore provides a dynamic perspective covering the whole period of the existence of the socialist camp On the other hand the spread of the Workers Faculty idea to four continents allows for an analysis that takes into account widely differing local contexts This book offers an analysis of general trends and particularities in the history of the global spread of the Workers Faculty idea and its implementation in local contexts Finally it discusses the results with a view towards theories of globalization in the field of education as well as of specificities of processes of socialist globalization **Travellers of the World Revolution** Brigitte Studer,2023-06-20 The Communist International was the first organised attempt to bring about worldwide revolution and left a lasting mark on 20th century history The book offers a new and fascinating account of this transnational organisation founded in 1919 by Lenin and Trotsky and dissolved by Stalin in 1943 telling the story through the eyes of the activists who became its professional revolutionaries Studer follows such figures as Willi Mnzenberg Mikhail Borodin M N Roy and Evelyn Trent Tina Modotti Agnes Smedley and many others less well known as they are despatched to the successive political hotspots of the 1920s and 30s from revolutionary Berlin to Baku from Shanghai to Spain from Nazi Germany to Stalin s Moscow It traces their journeys from revolutionary hope to accommodation defeat or death looking at questions of motivation and commitment agency and negotiation of life and love conflict and frustration In doing so it reveals a forgotten Comintern the expression of a multi dimensional revolutionary moment which attracted not only working class but feminist anti racist anti colonial and anti imperialist activists highlighting the role of women in the Comintern and the centrality of anti colonialism to the Communist project The book concludes with a reflection on the ultimate demise of a historically unique undertaking **Cultural politics and the politics of culture** Helen Fehervary,Bernd Fischer,2007 Dieser Band ist Alexander Stephan gewidmet und spiegelt dessen wissenschaftliche Interessengebiete und Leistungen wider Das Buch enth lt Aufs tze von f hrenden Wissenschaftlerinnen und Wissenschaftlern zur Politik und Kultur deutsch amerikanischer Beziehungen sowie zur Tradition der Kulturvermittlung Die Themen reichen von der aktuellen Politik

Kulturdiplomatie und Amerikanisierung bis zur historischen Auseinandersetzung mit mitteleuropäischen Künstlern und Schriftstellern die als Intellektuelle einen wesentlichen Einfluss auf die Kulturpolitik der 20er Jahre und auf die Zeit nach dem Zweiten Weltkrieg ausübten This volume reflects the scholarly interests and achievements of Alexander Stephan in whose honor it was conceived The book presents essays by leading international scholars on the contours of politics and culture in German American relations as well as broader traditions of cultural mediation Topics range from current concerns about public policy and cultural diplomacy Americanization and anti Americanism to historical considerations of Central European artists and writers who as public intellectuals had significant impact on the politics of culture after World War Two and earlier

Black Germany Robbie Aitken, Eve Rosenhaft, 2013-09-26 A groundbreaking account of the development of Germany's first African community which offers fascinating perspectives on transnational German history

Marxistische deutsche Geschichtswissenschaft 1917 bis 1933 Klaus Kinner, 1982-12-31 Keine ausführliche Beschreibung für Marxistische deutsche Geschichtswissenschaft 1917 bis 1933 verfügbar

Beyond Alterity Qinna Shen, Martin Rosenstock, 2014-07-01 With the economic and political rise of East Asia in the second half of the twentieth century many Western countries have re-evaluated their links to their Eastern counterparts Thus in recent years Asian German Studies has emerged as a promising branch within interdisciplinary German Studies This collection of essays examines German language cultural production pertaining to modern China and Japan and explicitly challenges orientalist notions by proposing a conception of East and West not as opposites but as complementary elements of global culture thereby urging a move beyond national paradigms in cultural studies Essays focus on the mid century German Japanese alliance Chinese German Leftist collaborations global capitalism travel identity and cultural hybridity The authors include historians and scholars of film and literature and employ a wide array of approaches from postcolonial globalization media and gender studies The collection sheds new light on a complex and ambivalent set of international relationships while also testifying to the potential of Asian German Studies

Red Migrations Philip Gleissner, Bradley A. Gorski, 2024-11-30 Together with a new political social and cultural order the Bolshevik Revolution also brought about a spatial revolution Changed patterns motivations and impacts of migration collided with new cultural forms and aesthetic mandates Red Migrations highlights the various multidirectional and multilateral transnational movements of leftist thinkers artists and writers The book draws on avant garde poets such as David Burliuk Marxist theoreticians such as Josif Brodskij and fellow travellers such as Langston Hughes revealing how leftists of all stripes were inspired and at times impelled by the Soviet Revolution to cross borders It explores how the resulting circulation of ideas aesthetic forms and individuals not only contributed enormously to the ferment of creative activity in the early Soviet years but also deeply informed international leftist aesthetics and political practice throughout the twentieth century The robust and diverse transnational networks created by these circulations are at the centre of this volume With original archival research and insightful analyses Red Migrations sheds light on the ideals aspirations and disappointments of leftist

transnationalism from the 1920s through the 1960s and the aesthetic forms they engendered *Antifaschistische Kultur* Markus Wegewitz, 2023-04-25 Anhand der Biografie von Nicolaas Rost schreibt Markus Wegewitz eine Erfahrungsgeschichte des Antifaschismus im Europa des 20. Jahrhunderts. Wie kann Antifaschismus als Lebensentwurf und politische Position in der Geschichte des 20. Jahrhunderts verstanden werden? Markus Wegewitz bietet einen bewegungsgeschichtlichen Längsschnitt von der Entstehung der ersten antifaschistischen Organisationen nach dem Ende des Ersten Weltkrieges bis in die 1960er Jahre. Anhand der Biografie des niederländischen Journalisten, Übersetzers und Kommunisten Nicolaas Nico Rost nutzt der Autor einen erfahrungsgeschichtlichen Zugang zu antifaschistischen Organisationsformen, Ideenwelten und politischer Kultur. Auf der Suche nach einem Instrument zur Mobilisierung gegen Faschismus und Nationalsozialismus versuchten Antifaschistinnen wie Rost bürgerliche Kulturtraditionen im Sinne eines sozialistischen Humanismus zu interpretieren. Im Mittelpunkt der Studie stehen neben dieser Politisierung der Kultur auch die Prägung des Antifaschismus durch den transnationalen Kommunismus und der Umgang mit den nationalsozialistischen Verbrechen. Antifaschistinnen entwickelten nach 1945 aufgrund dieser Erfahrungen Maßstäbe historischer Gerechtigkeit, die sie gegen den Widerstand insbesondere der deutschen Nachkriegsgesellschaften durchzusetzen versuchten. 1979, 2022-02-21 Keine ausführliche Beschreibung für 1979 verfügbar Das Theater der fünfziger Jahre Sven Hanuschek, Günter Häntzschel, Ulrike Leuschner, 2024-08-29 In keinem Bereich ist der Anschluss der deutschsprachigen an die internationale Literatur so augenfällig wie in der Dramatik und auf den Bühnen. Deshalb vereint dieser Doppelband nicht nur die Produktion und Wirkung neuer Stücke, sondern auch die Theaterpraxis. Enthalten sind u.a. Aufsätze zum Geschichtsdrama und zum satirischen Theater in der DDR, zu Volksstück und Zimmertheater, zur Theatermission von Gustaf Gründgens, zur Wechselbeziehung zwischen Theater und Fernsehen, zur Rolle der Zeitschrift *Sinn und Form* für die Theaterkritik in der DDR, oder zur Gender- und Kriegsthematik in ausgewählten Stücken. Bertolt Brechts Neben dem literarischen Kanon vertreten u.a. durch Brecht, Hacks, Hildesheimer, Hochwilder, Weisenborn oder Werfel findet der Tradition des Jahrbuchs folgend auch weniger Bekanntes seinen Platz, so die szenischen Dramen der Nelly Sachs, das Judas-Drama *Der Mann, der Gott gehorcht hat* von Ingeborg Drewitz oder Erwin Strittmatters dänische Komödie *Katzgraben*. **"Ein Schicksal, das ich mit sehr vielen anderen geteilt habe"** Wolfgang Gruner, 2006 **Lexikon sozialistischer Literatur** Simone Barck, Silvia Schlenstedt, Tanja Bürgel, Volker Giel, Dieter Schiller, 2016-12-13 Marxistische Arbeiterbildung in der Weimarer Zeit (MASCH) Gabriele Gerhard-Sonnenberg, 1976 Workers' Culture in Weimar Germany W. L. Guttsman, 1990-05-10 In this book W. L. Guttsman, a prominent German social and political historian, examines the labour movement's remarkable development of leisure and educational opportunities for the working class and analyses the cultural theories and policies of the socialist and communist parties which initiated and supported it in Weimar Germany.
