Days of God James Buchan,2013-10-15 Originally published in Great Britain in 2012 by John Murray Publishers Title page verso **Farewell Shiraz** Cyrus Kadivar,2017 In Farewell Shiraz Kadivar tells the story of his family and childhood against the tumultuous backdrop of twentieth century Iran from the 1905 1907 Constitutional Revolution to the fall of Mohammad Reza Shah Pahlavi before presenting accounts of his meetings with key witnesses to the Shah s fall and the rise of Khomeini Each of the people interviewed provides a richly detailed picture of the momentous events that took place and the human drama behind them [A Social History of Iranian Cinema, Volume 4](#) Hamid Naficy,2011 In the fourth and final volume of A History of Iranian Cinema Hamid Naficy looks at the extraordinary efflorescence in Iranian film and other visual media since the Islamic Revolution **Routledge Handbook of Religion and Politics** , [Human Rights Annual Report 2005](#) Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2006-02-23 The Committee s report examines the eighth annual report by the Foreign and Commonwealth Office Human Rights Annual Report 2005 Cm 6606 ISBN 0101660626 published in July 2005 Issues discussed include the international legal framework and the work of international institutions the war against terrorism and treatment of detainees in Guantanamo Bay extraordinary rendition and the use of information derived from torture the situation in Iraq and the trial of Saddam Hussein the arms trade and military assistance and corporate social responsibility and states of concern The Committee welcomes the report as making a substantial contribution to the transparency and visibility of the Government s work on human rights matters However concerns are raised over the fact that the Minister responsible for human rights issues is also the Minister of State for Trade roles which

are often contradictory The decision to subsume human rights work into the more general category of sustainable development is also criticised since it would suggest that human rights issues are not being given sufficient strategic priority within UK foreign policy **Middle East Report** ,2005 **Shocked and Awed** Fred Halliday,2010-11-02 Far more than just a military conflict the War on Terror has been a struggle over values and meanings a desperate contest for hearts and minds in which language has become the battlefield In this highly original book Fred Halliday takes us on a tour of this new war zone its artillery and trenches minefields and booby traps Drawing on years of painstaking collation Halliday shows how the War on Terror has brought us not just new words such as Gitmo and new imports such as jihad but also new ways of using existing language such as extraordinary rendition Scanning the pock marked semantic landscape of the post 9 11 world he uncovers hidden twists of phrasing and word associations which in themselves tell a story about the violent clash of ideologies that has marked the opening of the 21st century Part indispensable reference part polemic part entertaining snapshot of our times **Shocked and Awed** is a bristling arsenal of the 21st century s most potent weapons words **Islam, South Asia, and the West** Francis Robinson,2007 Two of the more important developments in world history over the past two centuries have been the expansion of Western power and the revival of Islam South Asia has played a central role in both processes being the main focus of the imperialism of the British and an important site of the Muslim revival These essays which were written over the past ten years confront some of the key issues raised by some modern developments in South Asia the interactions between British power and Muslim revivalism in giving shape to the modern Muslim world the role of knowledge in fashioning Muslim societies and the rise of the ulama to greater influence than ever before It also explores the great shift from an other worldly to a this worldly piety amongst Muslims the energy this has given the Muslim revival and its meaning for relations between Islam and the West The essays are rounded off by reviews of major contributions to the field over the period Among the themes which emerge are the influence both of orientalism and of Hindu revivalism on the world of scholarship and the fact that the world is a better place when we remember the humanity we share This book offers profound insights to those wishing to understand the background to the interactions of Islam South Asia and the West in our time *Revolution and its Discontents* Eskandar Sadeghi-Boroujerdi,2019-02-21 With a focus on the political elite Sadeghi Boroujerdi analysis the intellectual and political trajectory of post revolutionary Iranian reformism **The seven veils of privacy** Kieron O'Hara,2023-07-18 Privacy is one of the most contested concepts of our time This book sets out a rigorous and comprehensive framework for understanding debates about privacy and our rights to it Much of the conflict around privacy comes from a failure to recognise divergent perspectives Some people argue about human rights some about social conventions others about individual preferences and still others about information and data processing As a result privacy has become the focus of competing definitions leading some to denounce the disarray in the field But as this book shows disagreements about the role and value of privacy obscure a large amount of agreement on the topic Privacy is not a

technical term of law cybersecurity or sociology but a word in common use that adequately expresses a few simple and related ideas

Revisionism and Diversification in New Religious Movements Eileen Barker, 2016-04-08 New Religious Movements tend to start their lives with a number of unequivocal statements not only of a theological nature but also about the world and appropriate behaviours for the believer Yet these apparently inalienable Truths and their interpretations frequently become revised adjusted or selectively adopted by different believers This book explores different ways in which as NRMs develop stagnate fade away or abruptly cease to exist certain orthodoxies and practices have for one reason or another been dropped or radically altered Sometimes such changes are adapted by only a section of the movement resulting in schism Of particular concern are processes that might lead to violent and or anti social behaviour As part of the Ashgate Inform series and in the spirit of the Inform Seminars this book approaches its topic from a wide range of perspectives Contributors include academics current and former members of NRMs and members of cult watching movements All the contributions are of a scholarly rather than a polemic nature and brought together by Eileen Barker the founder of Inform

Eternal Iran P. Clawson, M. Rubin, 2005-11-26 Exploring continuities and changes this book provides the historical backdrop crucial to understanding how Iranian pride and sense of victimization combine to make its politics contentious and potentially dangerous

Conceptualizing Extreme Beliefs and Behaviors Rik Peels, John Horgan, 2025 This book explores challenging conceptual issues in defining analyzing conceptualizing and operationalizing notions such as extremism radicalization fanaticism and terrorism The focus is theoretical but the work is empirically embedded Rather than adding yet further definitions of phenomena like extremism it seeks to make progress by addressing underlying conceptual issues Specifically it explores four crucial questions about extremism fundamentalism fanaticism conspiracy theorizing and terrorism First how should each of these extreme phenomena be defined in a fruitful manner and what are the desiderata in seeking definitions of each of them Second how should the project of defining and conceptualizing these phenomena be undertaken in terms of necessary and sufficient conditions or family resemblances or INUS conditions and based on datasets or intuitions about particular cases or common understandings in the public debate or yet something else Third what is the role of normativity in defining these extreme phenomena that is the proper place of normative or even pejorative concepts and the normative framework of the researcher Fourth and finally how do the phenomena of extremism fanaticism fundamentalism terrorism and conspiracism relate to one another and to things such as apocalypticism nationalism cults charisma and state terror This second volume in the Extreme Belief and Behavior Series lays the conceptual groundwork that the other volumes in the series will build on Provided by publisher
