live and prosper without religious persecution That place was the Massachusetts Bay Colony Winthrop and his fellow Puritans landed in Massachusetts Bay in 1630 Soon they had organized a government started towns and were sending goods back to England Decades later Boston Massachusetts was a hotbed of radical activity during the years before the Revolutionary War The war started with the battles of Lexington and Concord in the Massachusetts countryside not far from Boston The freedom that came for America after that struggle went far toward achieving the dream of John Winthrop The United States of America became a sort of city upon a hill where all men and women had the right to live peacefully without persecution

Charles I was on the throne Though Charles I himself was an Anglican many suspected him of Catholic sympathies a suspicion not alleviated by Charles I marriage to a French Catholic princess Many Protestants had a growing desire to practice their faith and conduct their lives away from the mother country and sought refuge in a destination called New England The land chosen by this group who could pay their own way across the Atlantic in contrast to the poorer settlers of the Chesapeake region was colder less abundant but far healthier than Virginia Ultimately the men of the New England Company decided that the time had come to remove themselves from England and to pursue their lives in the Americas The Dorchester Company was founded by a group of investors with an interest in settlement in the New World This settlement would be a for profit venture but it would have as its two main causes the spreading of the Gospel to the Indian population and the stop of the spread of Roman Catholicism in the American colonies John White the company s leader also wanted to compete with the separatists who had begun the Plymouth colony in 1620 Cape Ann a promontory very near to Cape Cod was established by the Dorchester Company as an early settlement The fishing was excellent but Cape Ann proved unable to provide the farm goods needed to sustain the Puritan settlers who came to the New World The Dorchester Company was dissolved but investors seeking to salvage its aims formed the New England Company or Massachusetts Bay Company and secured a charter just before King Charles I dissolved the Parliament in 1629
