Subcommittee on Space Science and Applications,1975 *The Hitler Virus* Peter Wyden,2012-02 More than a half century after Adolf Hitler committed suicide in a Berlin bunker the dictator s legacy and influence lives on precisely as he predicted before putting the gun to his head In the spring of 1945 as it became increasingly clear that the Nazi cause was lost Hitler dictated his final political testament to his secretary Out of my personal commitment the seed will grow again one day one way or another for a radiant rebirth of the National Socialist

movement in a truly united nation The next day Hitler ended the Nazi regime by committing suicide Respected author and publisher Peter Wyden who himself escaped the Nazis has returned to Germany many times over the years and to his dismay he has found evidence that Hitler s last testament was startlingly accurate Though the Nazi cause had been exposed and vilified worldwide it is still clandestinely cherished by many In the process of documenting manifestations of Hitler s far reaching influence which he termed the Hitler virus Wyden discovered that its carriers were not merely to be found among the older generation but an alarming number of outbreaks of the virus are among the young adults who find in Hitler a moral and spiritual guide aided and abetted by a new breed of right wing academics who make the rewriting of history their mission and a new generation of politicians whose agendas are frighteningly close to those of young Hitler In these often chilling pages Wyden recounts the results of his research and points out that the Hitler virus is indeed still a cause for concern worldwide *The Sabbath Recorder* ,1918 1977 NASA Authorization United States.
