Illinois in the War of 1812 Gillum Ferguson, 2012-01-26 Russell P Strange Book of the Year Award from the Illinois State Historical Society 2012 On the eve of the War of 1812 the Illinois Territory was a new land of bright promise Split off from Indiana Territory in 1809 the new territory ran from the junction of the Ohio and Mississippi rivers north to the U S border with Canada embracing the current states of Illinois Wisconsin and a part of Michigan The extreme southern part of the region was rich in timber but the dominant feature of the landscape was the vast tall grass prairie that stretched without major interruption from Lake Michigan for more than three hundred miles to the south The territory was largely inhabited by Indians Sauk Potawatomi Kickapoo and others By 1812 however pioneer farmers had gathered in the wooded fringes around prime agricultural land looking out over the prairies with longing and trepidation Six years later a populous Illinois was confident enough to seek and receive admission as a state in the Union What had intervened was the War of 1812 in which white settlers faced both Indians resistant to their encroachments and British forces poised to seize control of the upper Mississippi and Great Lakes The war ultimately broke the power and morale of the Indian tribes and deprived them of the support of their ally Great Britain Sometimes led by skillful tacticians at other times by blundering looters who got lost in the tall grass the combatants showed each other little mercy Until and even after the war was concluded by the Treaty of Ghent in 1814 there were massacres by both sides laying the groundwork for later betrayal of friendly and hostile tribes alike and for ultimate expulsion of the Indians from the new state of Illinois In this engrossing new history published upon the war's bicentennial Gillum Ferguson underlines the crucial importance of the War of 1812 in the development of Illinois as a state The history of Illinois in the War of 1812 has never before been told with so much attention to the personalities who fought it the events that defined it and its lasting consequences Endorsed by the Illinois Society of the War of 1812 and the Illinois War of 1812 Bicentennial Commission

The Chisolm Massacre James Monroe Wells, 1877 *Black Man* Greg L.

Davis,2025-06-19 The caught on camera death of George Floyd on May 25 2020 shook the conscience of both the nation and the international community in a way that had not been seen since the death of Emmett Till 65 years earlier forcing a new generation of Americans to face the sobering reality that as a nation we have not fully turned the corner on the dark legacy of our country s race based history The tragic deaths of Ahmaud Arbery Breonna Taylor and George Floyd that year trumpeted a fact well understood by most African Americans there is still much work to do before America truly becomes the land of liberty and justice for all In *Black Man A Prophecy of Hope for the Times Ahead* Greg L Davis brings a fresh perspective to the systemic struggles African American and black people currently face While addressing the legacy of chattel slavery Jim Crow and institutional racial biases which have set African Americans back several generations socially economically educationally and politically the author shifts the narrative by introducing a Biblically based prophetic assertion regarding divine reparations which he contends are immediately available to descendants of Transatlantic slavery victims worldwide in the form of life capital endowments by which African American and black persons can take possession of the unrealized inheritance of their ancestors The author boldly predicts that divine judgments upon the American system of racial hierarchy will occur within this decade while encouraging all black people to understand that the key to permanent change in the fight for equality and justice for all people is in their hands Please visit the author s website at www.gregldavis.com

The African American People Molefi Kete Asante,2013-06-17 The African American People is the first history of the African American people to take a global look at the role African Americans have played in the world Author Molefi Kete Asante synthesizes the familiar tale of history s effect on the African people who found themselves forcibly part of the United States with a new look at how African Americans in later generations impacted the rest of the world Designed for a range of students studying African American History or African American Studies The African American People takes the story from Africa to the Americas and follows the diaspora through the Underground Railroad to Canada and on to Europe Asia and around the globe Including over 50 images documenting African American lives The African American People presents the most detailed discussion of the African and African American diaspora to date giving student the foundation they need to broaden their conception of African American History

The War of 1812 Reginald Horsman,1969 *The Chisolm Massacre* James Monroe Wells,1877 **Mathew Brady's Illustrated History of the Civil War, 1861-65 and the Causes that Led Up to the Great Conflict** Benson John Lossing,Mathew B. Brady,1912 Includes a chronological summary and record of every engagement compiled from the official records of the War Department **The Emancipation Circuit**

Thulani Davis,2022-04-01 In *The Emancipation Circuit* Thulani Davis provides a sweeping rethinking of Reconstruction by tracing how the four million people newly freed from bondage created political organizations and connections that mobilized communities across the South Drawing on the practices of community they developed while enslaved freedpeople built new settlements and created a network of circuits through which they imagined enacted and defended freedom This

interdisciplinary history shows that these circuits linked rural and urban organizations labor struggles and political culture with news strategies education and mutual aid Mapping the emancipation circuits Davis shows the geography of ideas of freedom circulating on shipping routes via army maneuvers and with itinerant activists that became the basis for the first mass Black political movement for equal citizenship in the United States In this work she reconfigures understandings of the evolution of southern Black political agendas while outlining the origins of the enduring Black freedom struggle from the Jim Crow era to the present *The American Date Book* W. E. Simonds, 1902 **Unreconstructed** Carin Peller-Semmens, 2025-09-15 Carin Peller Semmens's *Unreconstructed* grapples with the longstanding systemic effects of white supremacist brutality in northwest Louisiana highlighting the constancy of racial subjugation in one of the most violent areas of the South Tracing the commitment of the region's white slaveholders to racial violence from antebellum enslavement through to Reconstruction Peller Semmens unearths the durable ideology of mastery in the Red River region She demonstrates that white supremacy and vigilante violence were slaveholding recloaked and became effective calibrated tools of political social and economic control during Reconstruction White supremacist violence demonstrative controlling and visceral attempted to redress mastery and subjugate and subdue newly emancipated Black individuals imposing parameters on freedom *Unreconstructed* shows that white violence and racial control were foundational elements of the regional ideology and identity that Reconstruction galvanized This ideology of mastery transcended class creating a shared ethos steeped in racist behavior that remained crucial to postwar conceptions of white selfhood Barbarity harnessed boldly and overtly formed the apex of a diversified campaign of persistent violence that chipped away at freedpeople's experience of freedom and resulted in several seismic incidents of racial violence including the massacres at Shady Grove Colfax and Coushatta Peller Semmens's arguments concerning racial power structures speak to race issues prevalent in America today contributing significantly to a vibrant discourse on the inheritances of slavery and Reconstruction Indeed the implications of Reconstruction violence in this region still reverberate nationwide making this corner of the South integral to the larger narrative of southern racism white supremacy and segregation *The Hidden Roots of White Supremacy* Robert P. Jones, 2024-09-10 The story of three locations in the United States in Mississippi Minnesota and Oklahoma where the Indigenous people were driven out by European colonists where vicious racial killings took place in the last century and how these places are coming to terms with the past creating new organizations dedicated to racial repair and reconciliation as they aspire to a more inclusive more promising future **Redemption** Nicholas Lemann, 2025-10-16 A century after Appomattox the civil rights movement won full citizenship for Black Americans in the South It should not have been necessary by 1870 those rights were set in the Constitution This is the story of the terrorist campaign that took them away Nicholas Lemann opens his extraordinary new book with a riveting account of the horrific events of Easter 1873 in Colfax Louisiana where a white militia of Confederate veterans turned vigilantes attacked the Black community there and massacred

hundreds of people in a gruesome killing spree This was the start of an insurgency that changed the course of American history for the next few years white Southern Democrats waged a campaign of political terrorism aiming to overturn the Fourteenth and Fifteenth Amendments and challenge President Grant support for the emergent structures of black political power The remorseless strategy of well financed White Line organizations was to create chaos and keep blacks from voting out of fear for their lives and livelihoods Redemption is the first book to describe in uncompromising detail this organized racial violence which reached its apogee in Mississippi in 1875 Lemann bases his devastating account on a wealth of military records congressional investigations memoirs press reports and the invaluable papers of Adelbert Ames the war hero from Maine who was Mississippi s governor at the time When Ames pleaded with Grant for federal troops who could thwart the white terrorists violently disrupting Republican political activities Grant wavered and the result was a bloody corrupt election in which Mississippi was redeemed that is returned to white control Redemption makes clear that this is what led to the death of Reconstruction and of the rights encoded in the Fourteenth and Fifteenth Amendments We are still living with the consequences **Mississippi** Dunbar Rowland,1907 **The Condemnation of Little B** Elaine Brown,2003-02-15

Through the story of a thirteen year old black boy condemned to life in prison Elaine Brown exposes the New Age racism that effectively condemns millions of poor African Americans to a third world life The story of Little B is riveting a stunning example of the particular burden racism imposes on black youths Most astonishing almost all of the officials involved in bringing him to justice are black Michael Lewis was officially declared a ward of the state at age eleven and then systematically ignored until his arrest for murder Brown wondered how this boy could possibly have aroused so much public resentment why he was being tried and roundly condemned labeled a super predator in the press Then she met Michael and began investigating his case on her own Brown adeptly builds a convincing case that the prosecution railroaded Michael looking for a quick symbolic conviction His innocence is almost incidental to the overwhelming evidence that the case was unfit for trial Little B was convicted long before he came to court and effectively sentenced years before when the safety net allowed him to slip silently down Brown cites studies and cases from all over America that reveal how much more likely youth of color are to be convicted of crimes and to serve long even life sentences and how deeply the new black middle class is implicated in this devastating reality
