Cases and Materials on Modern Property Law John W. Bruce, James W. Ely, 1996-06 **Cases and Materials on Modern Property Law** Jon W. Bruce, James W. Ely, C. Dent Bostick, 1989 Cases and Materials on Modern Property Law Jon W. Bruce, James W. Ely, 2007-01-01 **Modern Property Law, Teacher's Manual to Accompany Cases and Materials on Modern Property Law** John W. Bruce, James W. Ely, Jr., *Property: cases and materials* Matthew P. Harrington, Louis Brousseau, 2024-08-21 This casebook provides a basic introduction to the common law of property for students in Canadian law schools In addition to the classic cases from English and Canadian jurisprudence this book utilises materials from around the common law world in an attempt to show the interconnectedness of the common law tradition Topics include theories of property ownership the acquisition of property the doctrines of tenure and estates leases as well as a consideration of problems of marital property and co ownership In addition the text presents a basic introduction to the real estate sales transaction *Property Law* Roger Smith, 2012-08-07 The best selling casebook on property Law Property Law Cases and Materials is an indispensable companion to students study The casebook combines a wide variety of extracts from primary and secondary source material with engaging commentary and thought provoking reflective questions Property Law Cases and Materials offers invaluable study support ensuring students actively engage with and reflect critically on the full range of source materials they are expected to encounter throughout their study providing an ideal springboard from which to hone their case reading skills Property Law Cases and Materials is the ideal companion to any textbook on property or land law including the author's own textbook Property Law seventh edition *Stability and Change in Modern Property Law* Ernesto Vargas Weil, 2025-09-04 This book examines the English and German version of the numerus clausus principle which holds that there is a closed list of permitted property rights It challenges recent views that the principle renders property law inflexible and unable to accommodate social and economic changes Relying on a novel approach combining property theory and comparative research of English and German law it argues that the restrictions the principle imposes on the creation of new property types actually does accommodate social changes through a process of functional transformation of the existing property rights This is a fascinating unique study that makes a rigorous original contribution to property law theory **Cases and Materials on Modern Antitrust Law and Its Origins** Thomas D. Morgan, 1994 Cases and Materials on Property Charles Donahue, Thomas E. Kauper, Peter W. Martin, 1993 **Cases and Materials on Land Use** David L. Callies, Robert H. Freilich, 1986 *Modern Studies in Property Law - Volume 4* Elizabeth Cooke, 2007-05-21 This book is a collection of papers given at the sixth biennial conference at the University of Reading held in March 2006 and is the fourth in the series Modern Studies in Property Law The Reading conference has become well known as a unique opportunity for property lawyers to meet and confer both formally and informally This volume is a refereed and revised selection of the papers given there It covers a broad range of topics of immediate importance not only in domestic law but

also on a worldwide scale **Cases, Materials and Text on Property Law** Sjef van Erp, Bram Akkermans, 2012-07-23 This casebook presents a deep comparative analysis of property law systems in Europe ie the law of immovables movables and claims offering signposts and stepping stones for the reader wishing to explore this fascinating area The subject matter is explained with careful attention given to its history foundations thought patterns underlying principles and basic concepts The casebook focuses on uncovering differences and similarities between Europe s major legal systems French German Dutch and English law are examined while Austrian and Belgian law are also touched upon The book combines excerpts from primary source materials case law and legislation and from doctrine and soft law In doing so it presents a faithful picture of the systems concerned Separate chapters deal with the various types of property rights their creation transfer and destruction with security rights such as mortgages pledges retention of title as well as with harmonising and unifying efforts at the EU and global level Through the functional approach taken by the Ius Commune Casebooks this volume clearly demonstrates that traditional comparative insights no longer hold The law of property used to be regarded as a product of historical developments and political ideology which were considered to be almost set in stone and assumed to render any substantial form of harmonisation or approximation very unlikely Even experienced comparative lawyers considered the divide between common law and civil law to be so deep that no common ground so it was thought could be found However economic integration in particular integration of financial markets and freedom of establishment has led to the integration of particular areas of property law such as mortgage law and enforceable security instruments eg retention of title This pressure towards integration has led comparative lawyers to refocus their interest from contract tort and unjustified enrichment to property law and delve beneath its surface This book reveals that today property law systems are closer to one another than previously assumed that common ground can be found and that differences can be analysed in a new light to enable comparison and further the development of property law in Europe **Cases and Materials on Professional Responsibility** Maynard E. Pirsig, Kenneth F. Kirwin, 1984 Looks at the meaning of professional responsibility and the underlying concepts and criticisms of the legal profession including the codes of professional conduct professional organizations and the composition of the bar Reviews the regulation of the practice of law the admission to the bar and the unauthorized practice of law Includes the confidentiality of information and underlying policies Discusses conflict of interest and disqualification regarding a lawyer s own interest multiple clients interests and a third person s interests *Cases and Materials on Bankruptcy* James J.
