Overcome Succeed And Prosper:

Overcome, Succeed & Prosper Lenell Geter, 2001-05-25 Lenell Geter's practical and commonsensical book *Overcome Succeed and Prosper* is a true profile in courage and determination in the face of almost insurmountable hardships. In 1982 he had just begun a career as an engineer in Greenville Texas when during his short stay he was mistakenly charged, convicted and sentenced to life imprisonment for a crime he did not commit. He spent sixteen months in prison before his name was cleared of wrongdoing. CBS's 60 Minutes did a key segment on his plight in 1984 and in February of CBS Television aired *Guilty of Innocence: The Lenell Geter Story*, a major motion picture for television. In his beautifully written account there is an underlying message which inspires, informs and encourages families and individuals to overcome their obstacles and to make personal changes in their lives by employing his system of Five Attitudes for Success and Character Benchmark Lessons. This informative account of a real life situation speaks volumes about the inner strength and the indomitable human spirit. His is the story of a man who endures anguish and horror and lived to emerge a man of undying heroism and hope, a man who peered into the deepest regions of man's inhumanity to man and of his own soul and survived. The message springs from his experiences and universal truths describing the attitudes necessary to overcome that Lenell Geter, a courageous young engineer actually experienced and now practices. These attitudes for success helped him to recover from a horrific ordeal and are now enabling him to assist others to achieve their dreams despite adversity. Families will be inspired and encouraged by employing his structured system to learn helpful lessons about adversity, character, values and success. In his moving narrative of overcoming adversity, Geter makes the negative disappear with his positive advice to generations of young people who will benefit from his beautiful and enlightened advice. He believes that human beings must respect God and themselves to be able to focus on family and personal development. This message is a structured plan which can be tailored to any individual's dreams and goals. Who will benefit from his beautiful and enlightened advice? Throughout the book he admonishes young people and he says to all readers to be ready for any obstacle in life. His horror story unfolds so dramatically, positive until it serves to motivate and to educate young readers as well as more mature readers. In other words, Geter will make the negative disappear with his faith in God, his five attitudes for success and his Character Benchmark Lessons to generations of young people and families. He is a proud American who is eminently qualified to write such a book because he is a living example of one who dared to say no to all obstacles and hopelessness. *Built To Prosper* Hasheem Francis, 2012-03 You Have the Power to Create Everything You Really Want in Your Life. Hein,2003 I know how it is you re going through life and you know just exactly what it is you want but you have no idea how to get it Or things begin to go wrong for you at the most inopportune time Challenges arise on a daily basis causing a major struggle in your mindset about which way to go with your decisions or the decisions that you make seem to not take on the shape of resolution or success that you had hoped for These challenges and many others face all people in all walks of life on a daily basis but there is a way to overcome them A simple strategic way that calls on your ability to relate and co exist with God the Creator of all things and the blessings that he keeps flowing inside you The blessings are a divine energy that you can tap into on a daily basis or leave flowing for others to use from you It is the energy that allows you to live a life that is free from worry or doubt free from pain and frustration free from the rigors of an uncertain life that the rest of the world has to face It is an energy that allows you to make the life that you want for yourself Throughout the pages of this book I will teach you how this is all possible in easy to understand plain talk I will guide you through the steps that your body and mind take in the process of decision making healing forgiving others gaining success and prosperity and achieving all of your personal dreams and goals You will in the process relieve yourself of negative thoughts negative feelings and negative energies on your ultimate quest to become everything you want to become This book was written with you in mind Helping you to fulfill the great accomplishments you were born to achieve is its only purpose Nobody can claim if they fail to accomplish their dreams that it was not meant to be Nor can anyone claim that they were not capable of accomplishing their dreams because we all have the tools necessary to accomplish everything we need and desire built right inside of us The challenge then lies in

figuring out how to use our talents to accomplish the things we want In the next few chapters I will show you step by step how to systematically go about making your dreams happen Day after day we read about how somebody did something great became a hero invented the next great gadget or pioneered a successful up and coming company But we don't realize that we all have the ability to do those very same things There are thousands of ways that people could think of to become successful Everybody's idea is different than another You could achieve financial independence and become free of the fear that sometimes seems to have a stranglehold on your life Whether it's developing a new invention that gets you there changing your career path or just changing your mind there are thousands of ways for you to get where you want to be and achieve the things you want I say and have always said that we are programmed and destined for success to achieve all of our life's ambitions There is one thing you must do and do very well however and that is to have your thoughts and your desires outlined and organized You have to extinguish all of your negative thoughts and think about what will come when you start to put your dreams and goals in the forefront of your life This is not that difficult and I will show you step by step foolproof actions that you can take today and everyday to get you where you want to be
