People In Glass Houses A Novel:

People in Glass Houses Shirley Hazzard, 2024-07-02 A parody of the United Nations in eight stories from the National Book Award winning author of *The Great Fire* Only those who keep their wit and affections about them will survive the mass conditioning of the Organization where confusion solemnly rules and conformity is king As in our world itself humanity prevails in the courage love and laughter of singular spirit of men and women for whom life is an adventure no Organization can quell and whose souls remain their own A brilliant comedy on a large and serious theme The Saturday Review Places her on a high ground between Katherine Mansfield and Evelyn Waugh The New York Times It stings and alarms Hazzard's strength lies in her coolness her modesty and her understatement The Times London The comedy irony and pathos generated by the conflict between bureaucratic form and human content are beautifully rendered Dwight Macdonald This collection of eight short stories is a masterpiece of observation which clearly demonstrates the author's perceptive wit Spike Magazine
