Radical Reality Student New Testament:

Biblical Commentary on the New Testament, Adapted Especially for Preachers and Students Hermann Olshausen, 1851 *The Kingdom of God Is among You* Gordon D. Fee, Cherith Fee Nordling, 2025-03-17 In this exciting volume a renowned New Testament scholar provides his lectures on New Testament theology and provides us a window on his approach on a variety of issues He describes the task as follows New Testament theology is the art of giving coherence to the collective witness of the twenty seven New Testament documents as they attest to the Christian faith while not sacrificing the historical particularity of any one text or author within the canon and to do this as clearly as possible and with as much consistency and unity as possible New Testament theology deals with all the New Testament We must resist the tendency to find a canon within the canon or to neglect some lesser figures in the New Testament canon New Testament theology is first of all a descriptive task i e we must first try to describe what is there But given our stance toward Scripture what we describe also becomes prescriptive or normative We must never forget that the writings of the New Testament are ad hoc documents written in each and every case to speak to a specific need Thus rather than careful systematic presentations of theology such as in a book or a lecture the earliest Christian theology is worked out in the marketplace as it were Therefore we must be careful not to force the New Testament writers to answer all of our questions nor even to use our logic or thought forms

The End of the Church Ephraim Radner, 1998. In this first serious assessment of the meaning of church division, Ephraim Radner provides a theological rationale for today's divided church in the Christian West that goes far beyond the standard socio-historical explanations of denominationalism. Through an examination of controversial post-Reformation discussions about the church, Radner offers a significant theory that describes the relation between Christian division and the work of the Holy Spirit within Western modernity. Radner's description of the church is based on the traditional notion that a divided church is, in a significant sense, a dead church. After the figure of the pneumatically abandoned dead Christ, who himself suffers redemptively, the disintegration and restoration of divided Israel in his physical and spiritual passion. The hermeneutical basis for the usefulness of this figure lies deep in the scriptural practice of the undivided church and was common up through the Reformation. Radner's recovery of this figural perspective is applied to the cluster of pneumatological issues that define ecclesial life.

The Congregationalist, 1912 **When I Am Weak, Then I Am Strong** Dr. Vincent M. M. Galici Sr., 2021-01-07. The contemporary figure has somewhat similar characteristics to his father, grandfather, and great grandfather: a soul-searching thinker, all the same, departing from the ruinous while conserving the beneficial side of the culture, customs, and manners in which he was raised, and the larger generational dimensions embedded in it. A virtual page-turner, highly intense and graphically detailed, the saga continues to unfold. Characters readily identifiable in your own life, cheek by jowl with the hero and foe, stir and percolate the gamut of your emotions. Rooting for the one while despising the other, you're propelled into the bowels of the narrative. Some personalities

appear to be born evil and feed on the environs others tend to virtue and progress upon it Protagonists and antagonists are mixed and varied some eternal optimists finding happiness even in dark periods some risk takers in the will for clarity putting reputation on the line some perpetually abstruse their sad comfort zone and the many up and down others The Stanoli patriarch was fond of saying There is nothing greater than loving God and loving your neighbor and I am a learner and willing to be corrected and criticized in order to become what I ought to become no matter where it comes from and I make it my moral ambition to be happy around others

Herald of Gospel Liberty Elias Smith, 1909 **Grasping Truth and Reality** Donald Le Roy Stults, 2009-02-26 When Lesslie Newbigin returned to Britain in 1974 after years of missionary service he observed that his homeland was as much a mission field as India where he had spent the majority of his missionary career He concluded that the Western world needed a missionary confrontation Instead of the traditional approach to missions however Newbigin realized that the Western world needed to be confronted theologically From his earliest days at Cambridge University Newbigin developed the theological convictions that shaped his understanding of the Christian faith and he used these theological convictions as criteria to evaluate the belief system of Western culture and to provide an answer to its dilemma The Enlightenment reintroduced humanism and dualism into Western culture which resulted on the loss of purpose and the rise of scepticism This book discusses Newbigin's theological convictions and how they factored into

both his critique of and his solution to Western culture's spiritual and worldview problems Donald Le Roy cleverly explains Newbigin's solution to reintroduce the Christian belief system into Western culture in order to restore purpose and truth to Westerners and put them back in contact with true reality through Jesus Christ
