**Richard Feist**

## **Radio Free Albemuth:**

**Radio Free Albemuth** Philip K. Dick, 1985 In his last published novel Philip K Dick produced a wild impassioned work that reads like a visionary alternate history of the United States Agonizingly suspenseful darkly hilarious and filled with enough conspiracy theories to thrill the most hardened paranoid RADIO FREE ALBEMUTH is proof of Dick s stature as our century s greatest prankster prophet Copyright Libri GmbH All rights reserved *Radio Free Albemuth* Philip Kindred Dick, 2008 Radio Free Albemuth Screenplay John Simon, 2015-02-06 The screenplay of Radio Free Albemuth by writer director John Alan Simon is adapted from acclaimed author Philip K Dick s most prophetic controversial and personal science fiction novel In an alternate reality 1985 Nick Brady a record store clerk in Berkeley begins to experience strange visions transmitted from an extra terrestrial source he calls VALIS for Vast Active Living Intelligent System He moves to Los Angeles with his wife Rachel where he becomes a successful music executive with a secret mission to overthrow the oppressive American administration helmed by President Fremont But what is VALIS A higher consciousness from another reality an alien life form or perhaps even God With the help of his best friend science fiction writer Philip K Dick himself and a mysterious woman named Silvia rock star Alanis Morissette Nick finds himself drawn into a dangerous cosmic conspiracy to reveal the truth about the corrupt regime No other modern science fiction author has the track record for Hollywood adaptations as Philip K Dick Blade Runner Minority Report Total Recall Paycheck Next Adjustment Bureau A Scanner Darkly and with more on the way But movie viewers expecting a special effects driven studio action film are in for something different with indie sci fi conspiracy thriller Radio Free Albemuth The award winning script with special bonus introduction and deleted scenes comments is from the movie released theatrically in 2014 Engrossing adaptation Consistently absorbing Should connect strongly with Dick s fanbase and attract upscale auds seeking sci fi with political and philosophical substance Pic operates successfully as a study of enlightenment and a straight ahead conspiracy thriller Delivers satisfying intrigue and suspense Richard Kuipers Variety A terrific movie The type of quirky indie movie they used to make in the 1990 s It s not another 200 million special effects extravaganza filled with explosions It s a heartfelt independent movie Adi Tantimedh Bleeding Cool **I Think I Am** Laurence A. Rickels, 2010 Aside from its perfect fit of critic and subject Laurence A Rickels s book provides the most thorough and exhaustive reading of Philip K Dick s literary work that exists He goes through all the novels literally both the science fiction works and the so called mainstream novels Dick did not publish in his lifetime The reader of science fiction should welcome a book like this which is both knowledgeable of the SF tradition tradition and creatively analytical I could not put this book down once I began to read it George Slusser University of California Riverside **Confusion Is Next** Alec Foege, 1994-10-15 Chronicles the growth of the band Sonic Youth from its early days in the post punk East Village to the recording of its latest album **Pink Beam** Lord Rc, 2007-07-01 A study of the novels and short stories of science fiction writer Philip K Dick 1928 1982 with presentation of a literary chronology of his career A Life of

Philip K. Dick Anthony Peake,2013-10-09 Philip K Dick was a writer who drew upon his own life to address the nature of drug abuse paranoia schizophrenia and transcendental experiences of all kinds More than 10 major Hollywood movies are based on his work including Blade Runner A Scanner Darkly Total Recall Minority Report and The Adjustment Bureau Born in 1929 just before the Great Crash Dick's twin sister died when she was a month old and his parents were divorced by the time he was three In his teens he began to show the first signs of mental instability but by then he was already producing fiction writing of a visionary nature

**Counterfeit Worlds** Brian J. Robb,2023-08-03 Philip K Dick the visionary author behind Blade Runner is the most adapted science fiction writer in cinema history Though he struggled to make a living during his lifetime his work has since served as a deep seam of ideas to be mined by filmmakers such as Ridley Scott Paul Verhoeven Steven Spielberg John Woo and Richard Linklater resulting in some of the most successful and influential SF movies of all time For the still unequalled future world of Blade Runner to the mind bending A Scanner Darkly via the blockbusting action adventure of Total Recall Paycheck and Minority Report not to mention the debt of gratitude films like The Matrix and The Truman Show owe to his work the legacy of Philip K Dick has revolutionised Hollywood Illustrated with rare photos Counterfeit Worlds is the first book to trace the history of Philip K Dick screen adaptations both in cinema and on television

High Weirdness Erik Davis,2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K Dick Terence McKenna and Robert Anton Wilson A study of the spiritual provocations to be found in the work of Philip K Dick Terence McKenna and Robert Anton Wilson High Weirdness charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s These three authors changed the way millions of readers thought dreamed and experienced reality but how did their writings reflect as well as shape the seismic cultural shifts taking place in America In High Weirdness Erik Davis America's leading scholar of high strangeness examines the published and unpublished writings of these vital iconoclastic thinkers as well as their own life changing mystical experiences Davis explores the complex lattice of the strange that flowed through America's West Coast at a time of radical technological political and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality

*Worlds Built to Fall Apart* David Lapoujade,2024-06-04 Philosophically analyzing the work of one of the twentieth century's most popular and peculiar science fiction authors Despite his enduring popularity Philip K Dick 1928 1982 whose short stories and novels were adapted into or influenced many major films and television shows including Blade Runner Total Recall The Truman Show and The Man in the High Castle has long been a marginal figure in American literature even in the science fiction genre he helped revolutionize Here an influential French philosopher offers a major new perspective on an author who was known as much for his eccentricities and excesses as for his writing For David Lapoujade it is precisely the many ways in which Dick's works seem to hover on the brink of losing all touch with reality that make him such a singular figure both as a sci fi author and as a thinker of contemporary life In *Worlds Built to Fall Apart* Lapoujade

defines sci fi as a way of thinking through the creation of worlds and argues that Dick does so by creating worlds that fall rapidly to pieces Whatever his mechanism to bring this about drugs or madness alien satellite transmissions or encroaching parallel universes the effect is always to reveal reality to be a construction in which certain people determine what appears as real to the rest of us Orienting Dick within philosophy and drawing connections to a wide variety of other thinkers and artists this remarkable reading shows how he proposes unstable fluctuating futures in which tinkering with reality has become the best means of resisting total control Engaging with most of Philip K Dick's published works as well as with several of his essays and his notorious psychic autobiography *The Exegesis* Lapoujade hones in on the war of the psyches that underlies Dick's critique of reality He puts Dick's work in conversation with a vast array of subjects from cybernetics to schizoanalysis and from Pop art to David Lynch J G Ballard and William S Burroughs revealing Dick's oeuvre to comprise a profound reality defined by artifice precarity and control Retail e book files for this title are screen reader friendly

**The Occult Connection** Ken Hudnall, 2009 We think that humans are in control of the world right Wrong The way of the world is very different than we imagine According to Hudnall there have been aliens Sky Lords among us since the dawn of time They manipulate events and direct us humans The truth of alien existence is staring us right in the face The question is Do we want to know the truth Ken Hudnall is the author of the Occult Connection Series Unidentified Flying Objects is the first book in the series Hudnall is the host of the popular Internet radio show The Ken Hudnall Show Book jacket [Philip K. Dick](#) David Sandner, Donald E. Palumbo, C.W. Sullivan III, 2020-03-25 Philip K Dick was a visionary writer of science fiction His works speak to contemporary fears of being continually watched by technology and the paranoia of modern life in which we watch ourselves and lose our sense of identity Since his death in 1982 Dick's writing remain frighteningly relevant to 21st century audiences Dick spent his life in near poverty and it was only after his death that he gained popular and critical recognition In this new collection of essays interviews and talks Philip K Dick is rediscovered Concentrating both on recent critical studies and on reassessing his legacy in light of his new status as a major American author these essays explore just what happened culturally and critically to precipitate his extraordinary rise in reputation The essays look for his traces in the places he lived in the SF community he came from and in his influence on contemporary American literature and culture and beyond

[The Gospel According to Science Fiction](#) Gabriel McKee, 2007-01-01 Explores the theological nature of science fiction drawing on examples from television literature and films to explain how science fiction can help people understand not only who they are but who they will become

**Christianity's Dangerous Idea** Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In *Christianity's Dangerous Idea* Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies

This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

**Ether** Joe Milutis, Every culture has its own word for this nothing Synonymous with the idea of absolute space and time the ether is an ancient concept that has continually determined our definition of environment our relations to each other and our ideas about technology It has also instigated our desire to know something irrepressibly beyond all that In Ether the histories of mysticism and the unseen merge with discussions of the technology and science of electromagnetism Joe Milutis explores how the ideas of Anton Mesmer and Isaac Newton have manifested themselves as the inspiration for occult theories and artistic practices from Edgar Allan Poe's works to today In doing so he demonstrates that fading in and out of scientific favor has not prevented the ether a uniquely immaterial concept from being a powerful force for material progress Milutis deftly weaves the origins of electrical science with alchemical lore nineteenth century industrialism with yogic science and network space with dreams of the absolute Linking the ether to phenomena such as radio noise space travel avant garde film and the rise of the Internet he lends it an almost physical presence and currency From Federico Fellini to Gilles Deleuze Japanese anime to Italian Futurism Jean Cocteau to NASA Shirley Temple to Wilhelm Reich Ether traverses geographical boundaries spiritual planes and the divide between popular and high culture Navigating more than three hundred years of the ether's cultural and artistic history Milutis reveals its continuous reinvention and tangible impact without ever losing sight of its ephemeral elusive nature The true meaning of ether Milutis suggests may be that it can never be fully grasped Joe Milutis is assistant professor of art at the University of South Carolina His writing has appeared in such publications as ArtByte Wide Angle Film Comment and Cabinet

Nightmare Highway William Vitka, 2016-09-06 Athena wants one thing to die her own way among the redwoods in California She doesn't have much time to get there either like all the other survivors of the plague her body is riddled with cancer So she loads up her car loads up her guns and starts her journey west from New York She's determined to let nothing stand in her way All of that changes when a healthy pregnant woman and her brother cross Athena's path Soon all three find themselves hunted on the highways by a murderous organization called The Iron Cross But nothing The Iron Cross can do compares to the nightmare an evil genius named Doc Frankie has in store for them

*According to Plan* Rob Kovitz, 2014-11-04 Clearly someone had to have a plan an idea a beginning John McCabe Stickleback What's the plan youtube.com Battlestar Actors Lay Out the Plan Canadian author artist Rob Kovitz is the creator of Treyf Books inventive montage

book projects that juxtapose texts and images collected from widely varied sources Centered around a certain theme he then recombines these findings to form new works of imagination that are at once multivalent and surprisingly cohesive Kovitz's latest super cut bookwork According to Plan begins with his interest in the word plan and every text selection includes the word plan The result is a funny disquieting and thought provoking exploration of the human obsession with making plans

**Dangerous Visions and New Worlds** Andrew Nette,Iain McIntyre,2021-10-26 Much has been written about the long Sixties the era of the late 1950s through the early 1970s It was a period of major social change most graphically illustrated by the emergence of liberatory and resistance movements focused on inequalities of class race gender sexuality and beyond whose challenge represented a major shock to the political and social status quo With its focus on speculation alternate worlds and the future science fiction became an ideal vessel for this upsurge of radical protest Dangerous Visions and New Worlds Radical Science Fiction 1950 to 1985 details celebrates and evaluates how science fiction novels and authors depicted interacted with and were inspired by these cultural and political movements in America and Great Britain It starts with progressive authors who rose to prominence in the conservative 1950s challenging the so called Golden Age of science fiction and its linear narratives of technological breakthroughs and space conquering male heroes The book then moves through the 1960s when writers including those in what has been termed the New Wave shattered existing writing conventions and incorporated contemporary themes such as modern mass media culture corporate control growing state surveillance the Vietnam War and rising currents of counterculture ecological awareness feminism sexual liberation and Black Power The 1970s when the genre reflected the end of various dreams of the long Sixties and the faltering of the postwar boom is also explored along with the first half of the 1980s which gave rise to new subgenres such as cyberpunk Dangerous Visions and New Worlds contains over twenty chapters written by contemporary authors and critics and hundreds of full color cover images including thirteen thematically organised cover selections New perspectives on key novels and authors such as Octavia Butler Ursula K Le Guin Philip K Dick John Wyndham Samuel Delany J G Ballard John Brunner Judith Merrill Barry Malzberg Joanna Russ and many others are presented alongside excavations of topics works and writers who have been largely forgotten or undeservedly ignored **The Phenomenology of Religious Belief** Michael J.

Shapiro,2021-05-06 In The Phenomenology of Religious Belief the renowned philosopher Michael J Shapiro investigates how art and in particular literature and film can impact upon both traditional interpretations and critical studies of religious beliefs and experiences In doing so he examines the work of prolific and award winning writers such as Toni Morrison Philip K Dick and Robert Coover By placing their work in conjunction with critical analyses of media by the likes of Ingmar Bergman and Pier Paolo Pasolini and combining it with the work of groundbreaking thinkers such as George Canguilhem Giorgio Agamben and Slavoj i ek Shapiro takes a truly interdisciplinary approach to the question of how life should be lived His assessment of phenomenological subjectivity also leads him to question the nature of political theology and extend the

criticism of Pauline theology     Jesuits in Science Fiction: Reason and Revelation on Other Worlds Richard Feist, 2025-01-07

From their founding in 1540 to this day Jesuits have been controversial. Their centuries of missionary work have taken them to all corners of the world. They have been accused of killing Kings and Presidents and contributing to colonization and destruction of cultures even participating in enslavement. But the Jesuits have also been seen as bringers of light and education. With their ferocity of purpose and intellectual rigor the Jesuits' impact on world history cannot be ignored. No surprise then that Jesuits appear in literature especially that literature of ideas, exploration and social commentary otherwise known as science fiction. This unique collection of essays explores how the Jesuit has long been part of science fiction's history and how Jesuit ideas and characters are featured in some of science fiction's greatest works. In this collection we see Jesuits continue their missionary spirit as they take leave of the earth, moving their missionary labors literally towards the heavens. Reason and revelation are now indeed on other worlds. In this collection we have explorations of philosophy, science, theology and culture all done in typical Jesuit fashion, always in various and foreign contexts. This collection is akin to others in its linking of religion and science fiction but it is unique in its concentration on the Jesuits and science fiction. This collection will be of interest to scholars working and researching in the field of science fiction studies and would be suitable for courses on science fiction. But it will also be of interest and accessible to those of us who simply love science fiction for its power to explore other worlds and in this case to take some of the deepest human reflections, namely those on God, morals and culture, lift them up and see what forms they may take on other worlds.

Embark on a transformative journey with Explore the World with is captivating work, **Radio Free Albemuth** .
