**RAF Gate Guards** Jim Simpson,1992      **The RAF's Armourers** Tony Lamsdale,Phil Appleby,2023-11-23 It is said that one of the earliest trades in the world is that of the armorer Historically it is a profession dated slightly after prostitution but well before banking Since the birth of the Royal Flying Corps in 1912 through to the modern Royal Air Force the role of the armorer has been pivotal Not for nothing did the founder of the RAF Lord Trenchard once declare The armorer without him there is no need for an air force In the years since the need for RAF armorers was first recognized it has been a role that has evolved with the times What has remained constant however is the fact that it is still a fascinating and potentially dangerous trade with many different branches and specialisms In this book the authors one of whom Tony Lamsdale is himself a former RAF armorer reveal the previously untold story of how the trade has adapted to the most modern of military machines the aircraft The authors look at the shared history of the armorer and the RAF through the eyes of those who served These veterans stories span decades and their first hand accounts and insights into conflict and peace time operations demonstrate the qualities and characteristics that make armorers unique The book starts with a brief history of the armorer then before capturing the adventures and exploits of RAF armorers from the Second World War and on into the Cold War The dangerous duties of the armorers on deployment in such places as the Falklands Iran Iraq or Afghanistan are all explored There is also the question of having to learn of bomb dumps the use of small arms and the unique world of the armorer with its own peculiar language and the camaraderie of the crew room With each chapter brought to life through personal anecdotes and shared experiences this book provides an insight into an utterly essential role which has remained largely hidden until now

**Battle of Britain The Movie** Robert J. Rudhall,Dilip Sarkar,2023-06-30 Released in 1969 the film Battle of Britain went on to become one of the most iconic war movies ever produced The film drew many respected British actors to accept roles as key figures of the battle including Sir Laurence Olivier as Hugh Dowding and Trevor Howard as Keith Park It also starred Michael Caine Christopher Plummer and Robert Shaw as squadron leaders As well as its large all star international cast the film was notable for its spectacular flying sequences which were on a far grander scale than anything that had been seen on film before At the time of its release Battle of Britain was singled out for its efforts to portray the events of the summer of 1940 in great accuracy To achieve this Battle of Britain veterans such as Group Captain Tom Gleave Wing Commander Robert Stanford Tuck Wing Commander Douglas Bader Squadron Leader Boleslaw Drobinski and Luftwaffe General Adolf Galland were all involved as consultants This detailed description of the making of the film is supported by a mouth watering selection of pictures that were taken during the production stages The images cover not only the many vintage aircraft used in the film but also the airfields the actors and even the merchandise which accompanied the film s release in 1969 plus a whole lot more There are numerous air to air shots of the Spitfires Messerschmitts Hurricanes and Heinkels that were brought together for the film There are also images that capture the moment that Battle of Britain veterans some of whom

Bowyer Bell, 2017-07-28 We fight therefore we are This revision of Cartesian wisdom was enunciated by the late premier of Israel Menachim Begin It is the leitmotif of this brilliant study of the military origins of modern Israel J Bowyer Bell argues that the members of Irgun Lehi the Stern Gang and the Zionist underground in British mandated Palestine had clear motives for the violent path they took the creation of a sovereign homeland for the Jewish people in oppressed lands These advocates of terror pitted themselves against not only the British and the Arabs but also against less violent brethren like Ben Gurion Moshe Dayan and Yitzhak Rabin This is the definitive story of desperate dedicated revolutionaries who were driven to conclude that lives must be taken if Israel were to live The dynamite bombing of the King David Hotel the assassination of Lord Moyne in Cairo and Count Bernardotte in Palestine were but a few acts of terror which forced the British out of the Middle East Terror Out of Zion evaluates whether these acts were extremist or necessary and whether these men and women were fanatics or freedom fighters Terror Out of Zion serves as a primer for those who would understand contemporary political divisions in Israel It is based on careful historical research and interviews with surviving members of the Irgun chronicling bombings assassinations hah breadth prison escapes and endless cycles of retaliation in the terror that gave birth to Israel but no less continues to inform its political relations Bell has fashioned an adventure story that also explains the sources of current tensions and frictions within Israel Publishers Weekly wrote that Bell s book crackles with suspense and explodes with tales of carnage and violence it could hardly be otherwise Yet he writes with compassion and insight into the black despair that engendered the terrorist s brutal deeds And a highly laudat      *Deadhouse Landing* Ian C.
