Raging Of The Sea:

The Deep Things of God Thomas Pulickal, 2020-03-03 This book unfolds the eternal truths about the kingdom of God through the eight parables described in the gospel of Matthew chapter 13 emphasising Christ as the person of the fulfilment of all the types shadows figures pictures symbols illustrations patterns events feasts ceremonies rituals sacrifices people promises prophecies and even the various laws of the old covenant These parables expose the three fold aspect of the judgement by which the old covenant remains completely abolished The first was when Christ crucified Adam in His body of flesh and separated Adam from Himself The second was when Christ as the Son of Man appeared in judgement over the nation of Israel and the temple in A D 70 through the Roman army destroying the entire old covenant system The third is the subjective experience of the objective reality of Christ s death to be manifested in each one of us personally through the new birth when we identify ourselves with Him by bearing His death and live by His life All the Parables concern themselves with the kingdom of God which is a spiritual kingdom formed within us when our created or soulish life is replaced with the divine life of God in Christ Jesus Since only Christ lives in His kingdom He invites us to live in and by Him who alone is the life thus destroying our Adamic nature that stands in opposition to the will of the Father by His abiding presence within us and enables the transition from Adam the living soul or the realm of death into Christ the life giving Spirit or the realm of life The Parables of Matthew 13 thus consummate the desire of Christ that they may be one when mankind irrespective of denomination caste colour creed and nationality live in and by the life of the One who died and rose for them establishing them in the Father

The Leviathan Factor Lawrence E. Burkholder, 2017-01-12 The Leviathan Factor tells the incredible story of how Satan created as Lucifer the morning star self transformed into Leviathan God s serpentine arch foe When he tried to achieve immortality by tweaking creation s lowest level laws a sophisticated computer automaton he created death instead As the serpent he reappeared in the Genesis tree of good and evil where he seduced humans to attempt immortality apart from covenant with God Leviathan is responsible for the false belief that we each have an inner divine spark which when reconnected to our ego awakens our true inherent divinity Unfortunately he and his demonic spirits also impact our minds bodies and environment as psi A few of the many markers of these demonic psi are levitation telepathy telekinesis deja vu emotional oppressions poltergeist activities past lives memories voices and visions near death and out of body experiences and trance channeling Many of these psi phenomena are co factors in mind disorders such as schizophrenia or epilepsy Manifestations in Christian circles include false tongues and holy laughter The Leviathan Factor is not a healing how to It is the first book to place demonic evil into the context of creation s basic structures and laws

Jesus and the Miracle Tradition Paul J. Achtemeier, 2008-01-01 Working with selected miracles of Jesus from the canonical Gospel traditions and

with background studies in the general understanding of miracles in the Greco Roman world of the Hellenistic period this collection of essays shows how we may understand the theological reasons why the early followers of Jesus included these stories in their traditions that constituted the canonical Gospels Using individual stories from the Gospels three of the essays demonstrate how literary critical analysis can show the theological intent of the miracle story A second set of three essays examines the way Mark and Luke view the miracle tradition within their larger task of writing the story of Jesus A final set of three articles examines the Hellenistic background of such stories and the way they were used in secular and Jewish sources to gain perspective on what the early Christians intended with the miracle stories of Jesus *The Penny Pulpit* ,1859

Where the Sand Meets the Sea Merrill Phillips,2014-06-02 WHERE THE SAND MEETS THE SEA is a collection of sea stories told the author by both his Grandfather Arthur F Phillips and Grandmother Emma C Eledredge Phillips whose father was a sea Captain who sailed to the Orient in the middle to late 1800s The author having a love for the sea includes his own concept of sea stories and poems of what the life of seafaring men and women faced in the days of sail The author was born and raised in Chatham Mass once not much more than a small fishing village at the end of the days of sail and heard the tales of the sea as told by those who lived them He also remembers seeing ships of sail pass by Chatham when he was a young child

Interpreting Child Sacrifice Narratives Benjamin Beit-Hallahmi,2023-03-23 Examining the theme of child sacrifice as a psychological challenge this book applies a unique approach to religious ideas by looking at beliefs and practices that are considered deviant but also make up part of mainstream religious discourse in Judaism Islam and Christianity Ancient religious mythology which survives through living traditions and transmitted narratives rituals and writings is filled with violent stories often involving the targeting of children as ritual victims Christianity offers Abraham s sacrifice and assures us that the only begotten son has died and then been resurrected This version of the sacrifice myth has dominated the West It is celebrated in an act of fantasy cannibalism in which the believers share the divine son s flesh and blood This book makes the connection between Satanism stories in the 1980s the Blood Libel in Europe The Eucharist and Eastern Mediterranean narratives of child sacrifice

The Petese Stories II (P. Petese II) K. S. B. Ryholt,2006 This volume six of the Carlsberg Papyri series contains the edition of a new manuscript with Petese Stories from the Tebtunis temple library dating to the period around 100 AD The Petese Stories is a compilation of seventy stories about the virtues and vices of women The numerous stories were compiled on the orders of the prophet Petese of Heliopolis that they may serve as a literary testament by which he would be remembered Petese was according to literary tradition Plato s Egyptian instructor in astrology The composition seems to have been modeled on the fundamental Myth of the Sun s Eye The overall structural pattern of the text is very similar to the Arabian Nights a frame story forms the introduction as well as the fabric into which the long series of shorter tales are woven Among the stories preserved in the new manuscript one is particularly remarkable in that it is known from a translation by Herodotus the so called Pheros Story *Excursions Towards Parnassus*

with Longings for Zion Charles Alfred Humphreys,1915

Insights on the Book of Daniel Alan B.

Stringfellow,2020-12-01 For more than four decades the Bible studies taught by Dr Alan B Stringfellow 1922 1993 brought greater insight into God s Word to thousands of believers Now the author of *Through the Bible in One Year* and *Great Characters of the Bible* leads readers on a verse by verse study of the book of Daniel Stringfellow s in depth teaching will bring clarity and understanding to one of the most misunderstood books in Scripture With this study readers will learn How to identify the major themes How to memorize key verses How to recognize God s central message An overview of various interpretations of the book s imagery The role Daniel s prophecies play in the entire biblical story By embarking on this journey believers will discover the influence that the book of Daniel had on the life and literature of the Jewish people throughout the biblical period and all the way to the writers of the New Testament including Jesus Christ Himself who often quoted from it But nowhere is that influence seen as thoroughly as in the writings of the apostle John and parallels that exist with the book of Revelation As in John s prophetic work the book of Daniel describes in beautiful and marvelous language the glorious coming of our Lord Jesus Christ Like John Daniel was sure and certain about the final triumph of the kingdom of God

Clarke,1875 *Narrative Criticism of the New Testament* James L. Resseguie,2022-10-25 Narrative criticism is a relatively recent development that applies literary methods to the study of Scripture James Resseguie suggests that this approach to reading the Bible treats the text as a self contained unit and avoids complications raised by other critical methods of interpretation Resseguie begins with an introductory chapter that surveys the methods of narrative criticism and how they can be used to discover important nuances of meaning through what he describes as a close reading of the text He then devotes chapters to the principal rhetorical devices setting point of view character rhetoric plot and reader Readers will find here an accessible introduction to the subject of narrative criticism and a richly rewarding approach to reading the Bible
