## **Rahner Beyond Rahner A Great Theologian Encounters The Pacific Rim:**

*Rahner Beyond Rahner* Paul G. Crowley, 2005-11 One hundred years after the birth of Karl Rahner the contributors to this book ask whether and how Rahner's theology can address new religious and cultural realities in the twenty first century particularly those realities found on what has come to be called The Pacific Rim O Stretching from California and Latin America and across the Pacific Ocean to Asia this geographic region manifests an incredible cultural and religious diversity but also many points of intersection and interpenetration resulting in new forms of religion and spirituality The theological categories generated by Rahner such as the anonymous Christian and even the notion of a world church meet steep challenges when read in contexts very different from that of Germany and the theological currents of the O Atlantic O At the same time the encounter between Rahner and the Pacific Rim results in fresh readings of Rahner not previously imagined not only in places like China and Mexico but even Los Angeles Anchored by a seminal essay by Francis X Clooney S J Harvard contributors include Thomas Sheehan Stanford Catherine Bell Santa Clara and George Griener S J Berkeley Each essay examines the possibilities and limitations of Rahner's theology in this newly configured Pacific world Understanding Religious Pluralism Peter C. Phan, Jonathan Ray, 2014-08-01 Our contemporary world is fast becoming religiously diverse in a variety of ways Thanks to globalization and migration to mention only two current worldwide trends people of diverse and sometimes mutually hostile faiths are now sharing neighborhoods and encountering one another's religious traditions on a daily basis For scholars in religious studies and theology the issue to be examined is whether religious diversity is merely the result of historical development and social interaction or whether it is inherent in the object of belief part of the very structure of faith and our attempts to understand and express it The essays in this volume range from explorations of the impact of religious diversity on religious studies to examples of interfaith encounter and dialogue and current debates on Christian theology of religion These essays examine not only the theoretical issues posed by religious pluralism to the study of religion and Christian theology but also concrete cases in which religious pluralism has been a bone of contention Together they open up new vistas for further conversation on the nature and development of religious pluralism

**Freedom Made Manifest** Peter Joseph Fritz, 2018-12-12 Freedom Made Manifest explicates Rahner's theology of freedom by elucidating its configuration and sources Much of its inquiry centers on the fundamental option each human person's eternal decision made paradoxically in time as a definitive answer to God's personally tailored call to salvation This idea stems from three principal sources Catholic conversations with transcendental idealist philosophy penitential theology and practice and Ignatian spirituality Rahner's unique redeployment of these sources inflects the fundamental option with theologies of concupiscence mercy and forgiveness especially as ecclesially mediated and devotion to Jesus Christ Awareness of these inflections can show how Rahner's theology of freedom may assist in theological reflection on freedom's susceptibility to injury and trauma *Humble Confidence* James Bacik, 2014-10-14 The influential German Jesuit theologian

Karl Rahner 1904-84 famously claimed that the more scientific theology is the more spiritually and pastorally relevant it will be. This book attempts to demonstrate the truth of this claim by drawing together resources scattered throughout Rahner's voluminous writings in order to make his wisdom more available for people seeking a deeper spirituality and a more effective pastoral ministry. The book also provides summaries of Rahner's main ideas on anthropology, God, Christ and the Church with an emphasis on their practical significance. Finally, it serves as a response to those critics who claim that Rahner is preoccupied by emphasizing the power of his theology to illumine contemporary issues with the light of the Gospel. **Karl Rahner** Pádraic Conway, Fáiinche Ryan, 2010. Pádraic Conway is Director of the UCD International Centre for Newman Studies and a Vice President of University College Dublin. Book Jacket

**Karl Rahner's Theological Aesthetics** Peter Joseph Fritz, 2014. This innovative book discloses Karl Rahner's foremost achievement: discovering and delineating an ethos of Catholicism: a multifaceted and comprehensive approach to life in Christ. Karl Rahner's *Theological Aesthetics* does so by placing the German Jesuit and his teacher, philosopher Martin Heidegger, into a richly detailed dialogue on aesthetics. The book treats classic Rahner topics such as anthropology and Christology. But it breaks new ground by exploring themes such as angels, Mary and the apocalypse juxtaposed with analogous philosophical topics in Heidegger. **An Introduction to the Trinity** Declan Marmion, Rik van Nieuwenhove, 2011. This book introduces the main people and themes in the history of Trinitarian theology and analyses recent alternative readings of the tradition. **Transfiguring a Theologia Crucis through James Cone** Brach S. Jennings, 2023-10-18. Brach S. Jennings unites thematic investigations into hermeneutics and material dogmatics related to fundamental theology with a concern for contemporary situations of global oppression in order to propose a new *theologia crucis* through James H. Cone's Black Theology of Liberation. Jennings's study connects a theology of wisdom (*sapientia*) with political prophetic theology for the three publics of academy, society and church today. *The Oxford Handbook of Ecclesiology* Paul Avis, 2018-06-21. The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today. As the scholarly study of how we understand the Christian Church's identity and mission, ecclesiology is at the centre of today's theological research, reflection and debate. Ecclesiology is the theological driver of the ecumenical movement. The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological, and this is the area where the most intractable differences remain to be tackled. Ecclesiology investigates the Church's manifold self-understanding in relation to a number of areas: the origins, structures, authority, doctrine, ministry, sacraments, unity, diversity and mission of the Church, including its relation to the state and to society and culture. The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research, Church history and the wealth of the Christian theological tradition, together with the information and insights that emerge from other relevant academic disciplines. This Handbook considers the biblical resources, historical development and contemporary initiatives in ecclesiology. It offers an invaluable and comprehensive guide to understanding the Church. *The*

*Cambridge Companion to the Trinity* Peter C. Phan, 2011-06-30 This Companion explores how the Christian doctrine of the Trinity has been understood and articulated in the last two thousand years The Trinitarian theologies of key theologians are carefully examined and the doctrine of the Trinity is brought into dialogue with different religions as well as with other Christian beliefs *The Disciples' Jesus* Terrence W. Tilley, 2015-03-04 **Theology, Empowerment, and Prison**

**Ministry** Meins G.S. Coetsier, 2022-09-26 In *Theology Empowerment and Prison Ministry* Meins G S Coetsier offers a new scholarly account of Karl Rahner's theological anthropology and the prison pastorate with a contemporary expansion for meaning seeking an antidote to the suffering and isolation of those incarcerated with a theology of empowerment Drawing on prison ministry theorists and practitioners and on the experiences of Viktor Frankl Aleksandr Solzhenitsyn and Etty Hillesum the book argues that Rahner's views on prison ministry are significant and encouraging but limited regarding the needs and demands of 21st century prison ministry In a convincing perceptive and groundbreaking study Coetsier goes beyond Rahner with ecumenical and interreligious perspectives reminding us all of our human dignity of meaning and transformation of our liberation creativity hope and community *Secularization in Contemporary Religious Radicalism* Corneliu

Simut, 2019-05-21 The concept of secularization has grown to become one of the most important features of contemporary religious thought This book introduces and examines the thinking of sixteen key theologians philosophers and historians of religion to explain a why by the late nineteenth century the traditional concept of God as an ontologically real being came to be considered no longer necessary and b how the new perspective on God which accepts him only as an idea turned into the preferred approach of today's religion and philosophy namely religious radicalism *Marxism, Christianity, and Islam* Julian

Roche, 2024-02-20 Roger Garaudy was for many years at the centre of the French Communist Party but was eventually expelled for his liberal views In the Seventies he strove to bring Marxism and Christianity together to include all humanity in a project to set all people free What emerges from Garaudy's project is a very modern Marxism with its emphasis on the individual its ecological politics and in its insistence on religion as central to human emancipation Although Garaudy himself became frustrated by the failure of Marxism and converted to Islam eventually resulting in his work being discredited in the West it is certainly possible that Garaudy's project represents a good perhaps even the best starting point for Marxism in today's world

*Liturgy and the Beauty of the Unknown* David Torevell, 2017-03-02 Contemporary culture is rediscovering the importance of beauty for both social transformation and personal happiness Theologians have sought in their varied ways to demonstrate how God's beauty is associated with notions of truth and goodness This book breaks new ground by suggesting that liturgy is the means par excellence by which an experience of beauty is communicated Drawing from both secular and religious understandings in particular the mystical and apophatic tradition the book demonstrates how liturgy has the potential to achieve the one ultimately reliable form of beauty because its embodied components are able to reflect the disturbing beauty of the One to whom worship is always offered Such components rely on understanding the aesthetic

dynamics upon which liturgy relies This book draws from a broad range of disciplines concerned with understanding beauty and self transformation and concludes that while secular utopian forms have much to contribute to ethical transformation they ultimately fail since they lack the Christological and eschatological framework needed which liturgy alone provides

*Building Bridges, Doing Justice* Orlando O. Espn, 2009 These essays by leading Latino theologians both Protestant and Catholic represent an exciting new stage in the development of Latino theological identity while also making an important contribution to the wider cause of ecumenical dialogue As Orlando Espn observes No ecumenical relation or dialogue today in the United States can be truly reflective of our respective churches unless Latinos as and their faith and their lives are acknowledged as indispensable and equal conversation partners Among the themes discussed in this dialogue God the Holy Spirit Mary the Bible and Tradition Grace and Justification and Ecclesiology Contributors Efran Agoso Hartford Seminary Neomi DeAnda DePaul University Miguel H Daz St John s University Collegeville Orlando O Espn University of San Diego Roberta S Goizueta Boston College Juan F Martnez Fuller Theological Seminary Nstor Medina University of Toronto Carmen M Nanko Fernndez Catholic Theological Union Mayra Rivera Pacific School of Religion Jos D Rodrguez Lutheran School of Theology Jean Pierre Ruiz St John s University New York **A Grammar of Justice** J. Matthew Ashley, Kevin F. Burke, S.J., Rodolfo Cardenal, S.J., 2014-09-11 *Identity, Ethics, and Nonviolence in Postcolonial Theory* S. Abraham, 2007-04-30 Abraham argues that a theological imagination can expand the contours of postcolonial theory through a reexamination of notions of subjectivity gender and violence in a dialogical model with Karl Rahner She questions of whether postcolonial theory with its disavowal of religious agency can provide an invigorating occasion for Catholic theology *If These Walls Could Talk* Maureen H. O'Connell, 2012 *If These Walls Could Talk* explores the theological and social significance of Philadelphias community muralism movement a groundswell of public art that is transforming the City of Brotherly Love into the Mural Capital of the World It calls attention to the narratives behind some of the citys 2 800 wall sized canvases in ghettos and on schools on mosques and in jails in courthouses and along overpasses in order to illustrate the way in which the arts can help us to travel the emotional intellectual and relational distance necessary to arrive at creative responses to the seemingly inescapable problems of urban poverty **The Mysticism of Ordinary Life** Andrew Prevot, 2023 *The Mysticism of Ordinary Life* presents a new vision of Christian mystical theology offering critical interpretations of the theologians philosophers and intersectional feminists who draw on mystical traditions to affirm ordinary life arguing that everyday experiences of divine grace can be an empowering source of social transformation
