

Raid On Entebbe

Simon Dunstan

Raid On Entebbe:

Operation Thunderbolt Saul David, 2015-12-01 The definitive account of one of the greatest Special Forces missions ever the Raid of Entebbe by acclaimed military historian Saul David On June 27 1976 an Air France flight from Tel Aviv to Paris was hijacked by a group of Arab and German terrorists who demanded the release of 53 terrorists The plane was forced to divert to Entebbe in Uganda ruled by the murderous despot Idi Amin who had no interest in intervening Days later Israeli commandos disguised as Ugandan soldiers assaulted the airport terminal killed all the terrorists and rescued all the hostages but three who were killed in the crossfire The assault force suffered just one fatality its commander Yoni Netanyahu brother of Israel's Prime Minister Three of the country's greatest leaders Ehud Barak Shimon Peres and Yitzhak Rabin planned and pulled off one of the most astonishing military operations in history

90 Minutes at Entebbe William Stevenson, 2015-01-06 The incredible story of an Israeli mission that rescued 103 hostages from a hijacked jetliner On June 27 1976 Air France Flight 139 was hijacked by terrorists and flown to Entebbe Airport in Uganda In the following agonizing days Israeli passengers were singled out and held hostage A week later on July 4 one hundred Israeli commandos raced 2 500 miles from Israel to Entebbe landed in the middle of the night and in a heart stopping mission that lasted ninety minutes killed all guerillas and freed 103 hostages In captivating detail Stevenson provides a fast paced hour by hour narration from the hijacking to the final ninety minute mission In addition to discussing the incredible rescue itself Stevenson also covers the political backdrop behind the hijacking especially Ugandan President Idi Amin's support for the hijackers which marked one of the first times a leader of a nation had backed terrorist activities An illustration of one nation's undying spirit heroism and commitment to its people in the face of threat Operation Thunderbolt has become a legendary antiterrorist tale Although first written in 1976 and published within weeks of the event Stevenson's account presents this act of terrorism in a way that is still relevant in our modern day political climate A factual account of what could easily be read as sensational fiction 90 Minutes at Entebbe will inspire encourage and instill hope in all readers Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Israel's Lightning Strike Simon Dunstan, 2012-02-20 The Israeli Special Forces operation at Entebbe goes down in history as one of the most audacious counter terrorist assaults ever conducted On 27 June 1976 four terrorists two of the Popular Front for the Liberation of Palestine and two of the German Baader Meinhof terrorist group highjacked a passenger jet and forced a landing in Entebbe Uganda Here they were met by reinforcements and although releasing a few hostages transferred all the Jewish and Israeli prisoners to the terminal building As Idi Amin's

assistance to the terrorists became increasingly clear the Israeli government began preparations for a military assault The element of surprise was crucial never before had such a large scale raid at such a long distance been successfully undertaken This is the incredible story of how the Israeli Special Forces defied radar for over 2 000 miles masqueraded as a tyrant in a Mercedes and captured uniforms and defeated an army in brutal combat in a triumph of sheer audacity and nerve A compelling book chronicling an incredible moment in history Israel's Lightning Strike Simon Dunstan,2009-09-22 The Israeli Special Forces operation at Entebbe goes down in history as one of the most audacious counter terrorist assaults ever conducted On June 27 1976 four terrorists two of the Popular Front for the Liberation of Palestine and two of the German Baader Meinhof terrorist group hijacked a passenger jet and forced a landing in Entebbe Uganda Here they were met by reinforcements and transferred all the Jewish and Israeli prisoners to the terminal building with the exception of a few hostage releases As Idi Amin's assistance to the terrorists became increasingly clear the Israeli government began preparations for a military assault The element of surprise was crucial never before had such a large scale raid at such a long distance been successfully undertaken This is the incredible story of how the Israeli Special Forces defied radar for over 2 000 miles masqueraded as a tyrant in a Mercedes and captured uniforms and defeated an army in brutal combat culminating in a triumph of sheer audacity and nerve A compelling book chronicling an incredible moment in history *Entebbe* Simon Dunstan,2011-01-15 The Israeli Forces operation at Entebbe was one of the most daring counter terrorist assaults of all time This book explores this important piece of history with lively narration and accessible illustrations and diagrams Sidebars and maps round out the learning experience Raid on Entebbe ,1977 It was June 1976 that an Air France plane carrying 244 passengers and a crew of 12 on a flight from Athens to Paris was hijacked by terrorists who forced the captain to alter course and eventually land at Uganda's Entebbe Airport With the tacit approval of president Idi Amin the passengers were held hostage and threatened with death if the Israeli government didn't comply with their captor's demand to release 53 Palestinian so called freedom fighters held in Israeli prisons *Rescuing Nationals Abroad Through Military Coercion and Intervention on Grounds of Humanity* Natalino Ronzitti,2024-03-11 **The Air Reservist** ,1977 **Special Operations Case Studies** Lt Gen Prakash Katoch,2019-10-21 This book in four sections covers the Operational Milieu and Special Operations Successful Special Operations Failed Special Operations and Implications for India It covers regular irregular and mixed operations under the rubric of hybrid warfare of select foreign militaries and Indian experience in sub conventional operations A myriad of successful and failed special operations covering a span of over seven decades from 1943 onwards have been analyzed in detail drawing lessons from each The last Section Implications for India covers lessons challenges and recommendations in three chapters These highlight India's adverse strategic asymmetry vis a vis China Pakistan inability of India to put in place SOF structures to optimize the considerable SF potential for employment at the strategic operational and tactical levels and ending up with policy recommendations **Bulletin of the Atomic Scientists** ,1976-11 The Bulletin

of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

Hollywood and Israel Tony Shaw,Giora Goodman,2022-03-08 Winner 2023 Shapiro Best Book Award Association for Israel Studies From Frank Sinatra s early pro Zionist rallying to Steven Spielberg s present day peacemaking Hollywood has long enjoyed a special relationship with Israel This book offers a groundbreaking account of this relationship both on and off the screen Tony Shaw and Giora Goodman investigate the many ways in which Hollywood s moguls directors and actors have supported or challenged Israel for more than seven decades They explore the complex story of Israel s relationship with American Jewry and illuminate how media and soft power have shaped the Arab Israeli conflict Shaw and Goodman draw on a vast range of archival sources to demonstrate how show business has played a pivotal role in crafting the U S Israel alliance They probe the influence of Israeli diplomacy on Hollywood s output and lobbying activities but also highlight the limits of ideological devotion in high risk entertainment industries The book details the political involvement with Israel and Palestine of household names such as Eddie Cantor Kirk Douglas Elizabeth Taylor Barbra Streisand Vanessa Redgrave Arnold Schwarzenegger Robert De Niro and Natalie Portman It also spotlights the role of key behind the scenes players like Dore Schary Arthur Krim Arnon Milchan and Haim Saban Bringing the story up to the moment Shaw and Goodman contend that the Hollywood Israel relationship might now be at a turning point Shedding new light on the political power that images and celebrity can wield Hollywood and Israel shows the world s entertainment capital to be an important player in international affairs

Yoni's Last Battle Iddo Netanyahu,2013 On July 4 1976 more than a hundred hostages held at gunpoint in Entebbe Uganda were freed in a spectacular rescue operation and flown to safety in Israel over 2000 miles away Their captors were Arab and German terrorists aided by the Ugandan army their liberators were members of Israel s elite commando unit Sayeret Matkal simply known as the Unit Lt Col Yoni Jonathan Netanyahu the Unit s commander earned world wide fame in the wake of the operation s stunning success He was the only Israeli soldier killed in the Entebbe raid As a brother of the rescue force s commander and himself a member of the Unit Iddo Netanyahu had ready access to the participants in the raid He was able to obtain detailed accounts from the men of the Unit who for the first time described the planning and preparations for the mission and its near perfect execution What emerged from their accounts is a powerful and stirring story of how the daring undertaking was accomplished after only 48 hours of frantic preparations Yoni s Last Battle portrays the men who carried out an incredibly hazardous operation in far away Africa Above all it depicts the heroic and tragic figure of their commander Yoni

Cinematic Terror Tony Shaw,2014-11-20 The first history of cinema s treatment of terrorism from the birth of film to today

Raid at Entebbe Ira Peck,1977

Inside the Shadow World Pasquale De Marco,2025-07-26 Inside the Shadow World delves into the enigmatic world of espionage unveiling its secrets complexities and far reaching implications This comprehensive guide takes readers on a captivating journey through the shadowy realm of

intelligence gathering exploring its historical roots global impact and evolving nature in the digital age With meticulous research and expert analysis Inside the Shadow World sheds light on the enigmatic operatives who work tirelessly behind the scenes employing a vast array of tactics and technologies to protect national interests and navigate the treacherous landscape of international relations From human intelligence and signals interception to cyber warfare and artificial intelligence the book provides a comprehensive overview of the tools and techniques used in modern espionage Beyond the thrilling world of covert operations Inside the Shadow World delves into the ethical and moral dilemmas that arise from intelligence gathering It examines the delicate balance between national security and individual privacy the challenges of whistleblowing and leaks and the potential consequences of unchecked surveillance The book also explores the impact of espionage on public perception shaping our understanding of the world and the role of secrecy in society Inside the Shadow World draws upon a wealth of case studies and historical examples to illustrate the profound influence of espionage on major world events from the Cuban Missile Crisis to the Snowden Leaks These real world accounts provide a vivid glimpse into the successes and failures of intelligence operations offering valuable lessons for policymakers security professionals and anyone seeking to understand the complexities of this clandestine field In a rapidly changing world where technology and globalization are transforming the nature of conflict and security Inside the Shadow World provides essential insights into the future of espionage It examines the emerging threats and opportunities posed by artificial intelligence social media and cyber warfare and explores the need for adaptability and collaboration in an increasingly interconnected world Whether you are a seasoned intelligence professional a student of international relations or simply fascinated by the world of espionage Inside the Shadow World offers an authoritative and engaging exploration of this captivating and ever evolving field It provides a comprehensive understanding of the strategies challenges and ethical considerations that shape the shadowy world of intelligence gathering equipping readers with the knowledge to navigate the complexities of this enigmatic realm If you like this book write a review [Framers](#) Kenneth Cukier,Viktor Mayer-Schönberger,Francis de Véricourt,2021-05-11

Cukier and his co authors have a more ambitious project than Kahneman and Harari They don t want to just point out how powerfully we are influenced by our perspectives and prejudices our frames They want to show us that these frames are tools and that we can optimise their use Forbes From pandemics to populism AI to ISIS wealth inequity to climate change humanity faces unprecedented challenges that threaten our very existence The essential tool that will enable humanity to find the best way forward is defined in Framers by internationally renowned authors Kenneth Cukier Viktor Mayer Sch nberger and Francis de V ricourt To frame is to make a mental model that enables us to make sense of new situations Frames guide the decisions we make and the results we attain People have long focused on traits like memory and reasoning leaving framing all but ignored But with computers becoming better at some of those cognitive tasks framing stands out as a critical function and only humans can do it This book is the first guide to mastering this human ability Illustrating their case with

compelling examples and the latest research authors Cukier Mayer Sch nberger and de V ricourt examine Why advice to think outside the box is useless How Spotify beat Apple by reframing music as an experience How the MeToo twitter hashtag reframed the perception of sexual assault The disaster of framing Covid 19 as equivalent to seasonal flu and how framing it akin to SARS delivered New Zealand from the pandemic Framers shows how framing is not just a way to improve how we make decisions in the era of algorithms but why it will be a matter of survival for humanity in a time of societal upheaval and machine prosperity *The United Nations and the Control of International Violence* John Francis Murphy,1983 **Outlaw**

Territories Felicity D. Scott,2016-04-15 Revisiting an era when the discipline of architecture staked out a role in global environmental governance and the biopolitical management of populations In *Outlaw Territories* Felicity Scott traces the relation of architecture and urbanism to human unsettlement and territorial insecurity during the 1960s and 1970s Investigating a set of responses to the growing urban unrest in the developed and developing worlds Scott revisits an era when the discipline of architecture staked out a role in global environmental governance and the biopolitical management of populations She describes architecture s response to the displacement of persons brought on by migration urbanization environmental catastrophe and warfare and she traces architecture s relationship to the material environmental psychological and geopolitical transformations brought on by postindustrial technologies and neoliberal capitalism after World War II At the height of the U S led war in Vietnam and Cambodia with ongoing decolonization struggles in many parts of the world architecture not only emerged as a target of political agitation because of its inherent normativity but also became heavily enmeshed with military legal and humanitarian apparatuses participating in scientific and technological research dedicated to questions of international management and security Once architecture became aligned with a global matrix of forces concerned with the environment economic development migration genocide and war its role shifted at times toward providing strategic expertise for institutions born of neoliberal capitalism Scott investigates this nexus and questions how and to what ends architecture and the environment came to be intimately connected to the expanded exercise of power within the shifting geopolitical frameworks at this time **Israeli Rescue Raid on Entebbe, Uganda** Curtis L.

Montgomery,1977 **World Politics and International Law** Francis Anthony Boyle,2013-07-22 This work tries to bridge the gap between international lawyers and those political scientists who write about international politics In the first part the author discusses the influence of Professor Morgenthau s realist school on the current thinking of political scientists and the abandonment of this school by its originator in the last years of his life The author concludes that the best way to test the validity of different approaches is to discuss various international crises in the light of contrasting theories and to analyze each situation from both the legal and political points of view In particular he tries to ascertain to what extent vital national interests could be accommodated within an international legal framework or could require a distortion of international rules in order to achieve national objectives In the second part the author dissects the Entebbe raid where Israeli forces rescued a

group of hostages being detained by hijackers at a Ugandan airport His analysis shows the deficiencies of the international system in dealing with such a complex issue where several contradictory principles of international law could be applied and were defended by various protagonists The third part starts with a parallel problem the Iranian hostages crisis where a group of U S officials found themselves in an unprecedented situation of being captured by a band of students A critical analysis of the handling of this problem by the Carter Administration is followed by vignettes of other crises faced by the Administration and by its successor the Reagan Administration This part is less analytical and more prescriptive The author is no longer satisfied with pointing out what went wrong instead he departs from the usual hands off policy of political scientists and tries to indicate how much better each situation could have been handled if the decision makers had been paying more attention to international law and international organizations The theme is slowly developed that in the long run national interest is better served not by practicing power politics and relying on the use of threat of force but by strengthening those international institutions that can provide a neutral environment for first slowing down a crisis and then finding an equitable solution acceptable to most of the parties in conflict The value of this book lies primarily in giving the reader a real insight into several important issues of today that are familiar to most people only from newspaper headlines and television news While not everybody can agree with all his criticisms of the mistakes of various governments there is an honest attempt by the author to present issues impartially and to let the blame fall where it may Being both an international lawyer and a political scientist the author has had the advantage of combining the methodology of these two social sciences into a rich tapestry with some startling shades and tones

Embracing the Tune of Appearance: An Emotional Symphony within **Raid On Entebbe**

In a world taken by monitors and the ceaseless chatter of quick connection, the melodic beauty and psychological symphony created by the prepared term often fade in to the backdrop, eclipsed by the constant noise and distractions that permeate our lives. Nevertheless, set within the pages of **Raid On Entebbe** an enchanting literary treasure brimming with natural emotions, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that charming masterpiece conducts visitors on a psychological trip, well unraveling the hidden melodies and profound affect resonating within each carefully crafted phrase. Within the depths of the moving assessment, we can investigate the book is key harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
