State and Society in Transition J. Little, 1997-02-24 Using a variety of documentary sources including hundreds of petitions letters and reports to the government Little traces the complex relationship between community life and government regulation He reveals that at the same time development of responsible government was leading to increasingly centralized authority at the provincial level a persistent sense of localism was forcing the state to decentralize its new institutions at the community level The local population of this largely American settled corner of Quebec Little shows clearly exerted an important influence on the evolution of the education legal social welfare and municipal systems State and Society in Transition makes a major contribution to the study of state formation in the recently unified province of Canada by taking into account not only the dialectical process between the centre and periphery but also the impact of institutional reform on social and economic development in general

Little, 2018-01-01 In his book Fashioning the Canadian Landscape J I Little examines how Canada much like the United States came to be identified with its natural landscape Little argues that in contrast to America Canada's image was strongly influenced by the picturesque convention favoured by British travel writers *The Canada Year Book* Canada. Dominion Bureau of Statistics, 1924 **Patrician Liberal** John Little, 2013-12-06 Patrician Liberal examines the life and

career of a neglected figure in Canadian history Sir Henri Gustave Joly de Lotbinière This book provides a detailed account of

Joly's political career as Quebec premier, Cabinet minister in the Laurier government and lieutenant governor of British Columbia as well as his public role as a French speaking Protestant promoter of national unity, a leading spokesperson for the Canadian forest conservation movement, a Quebec seigneur and father to a large and devoted family. Joly's life serves as a prism through which author J. I. Little elucidates important themes in Quebec and Canadian society, economy, politics and culture during the Victorian and Edwardian eras. As Little reveals, Joly's story is particularly fascinating for how closely the conflicting forces in his life, religious, cultural and social, mirrored those of a Canadian society straining to forge a cohesive and distinctive national identity.

Voice of the Vanishing Minority Robert Hill, 1999-04-20. Widely regarded as the authentic voice of English speaking farmers in Quebec, Robert Sellar, editor of the *Huntingdon Gleaner*, was the most quoted rural newspaperman in Canada. *Voice of the Vanishing Minority* recounts Sellar's crusade against the tide of Frenchification that would displace English speaking people from the townships they had pioneered. As a result of his outspokenness, Sellar endured character assassination, physical violence, legal harassment, arson, clerical condemnation, disappointment and the apathy of the dwindling communities he was defending. His provocative beliefs about Quebec's first English exodus, shared by the grass roots but dismissed by politically correct politicians, journalists and academics as Anglo-Protestant bigotry, cut to the core of the unity crisis already developing in Canada.
