Rainbow Tulip:

The Rainbow Tulip Pat Mora, 2003-03-24 Stella loves her family and her Mexican heritage but she doesn't always like being different from the other kids at school. Now her class is going to dance around the Maypole at the school's May parade and Stella wants her tulip costume to be special even if she won't look like the other girls at school. Sometimes being different can be exciting. This touching story that celebrates diversity is based on author Pat Mora's mother's childhood and is brought to life by Elizabeth Sayles's evocative paintings. Illustrated by Elizabeth Sayles. **Rainbow Tulip** Pat Mora, 2014-10-30 Stella loves her family and her Mexican heritage but she doesn't always like being different from the other kids at school. **Pat Mora** Hal Marcovitz, 2013-11 As a young girl growing up in El Paso, Texas, Pat Mora felt as though she belonged to two worlds. **May Day Puzzles and Activities (K-2)** Suzanne Barchers, 2014-01-01 This activity makes learning about May Day fun and engaging. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Smith, Daniel Alejandro González, 2015-11-25 While there are volumes that fall into the category of children's literature, there appears to be relatively few that explore the needs of bilingual learners and the linguistic and sociocultural context of Latino children's literature. This volume makes a needed contribution by addressing the social, cultural, academic, and linguistic needs of Latino bilingual learners who are still underserved through current school practices. We aim to conceptualize different forms of social knowledge so that they can serve as cultural resources for learning, acquiring knowledge, and transforming self and identity. This volume presents a balance of theory, research, and practice that speak to authentic multicultural Latino literature and helps ensure its availability for all students. The intended outcome of this volume then is to

create a heightened awareness of the cultural and linguistic capital held by the Latino community to increase Latino students social capital through the design of critical pedagogical practices and for the formulation of a new perspective that of Latino multicultural literature for children

Geographies of Girlhood in US Latina Writing Andrea Fernández-García, 2019-12-20 This book is an in depth study of Latina girls portrayed in five coming of age narratives by using spaces and places as hermeneutical tools The texts under study here are Julia Alvarez's *Return to Sender* 2009 Norma E Cant's *Can cula* *Snapshots of a Girlhood en la Frontera* 1995 Mary Helen Ponce's *Hoyt Street An Autobiography* 1993 and Esmeralda Santiago's *When I Was Puerto Rican* 1993 and *Almost a Woman* 1998 Unlike most representations of Latina girls which are characterized by cultural inaccuracies tropes of exoticism and a tendency to associate the host society with modernity and their girls cultures of origin with backwardness and oppression these texts contribute to reimagining the social differently from what the dominant imagery offers By illustrating the vexing phenomena the characters have to negotiate on a daily basis such as racism sexism and displacement these narratives open avenues for a critical exploration of the legacies of colonial modernity This book therefore not only enables an analysis of how the girls development is shaped by these structures of power but also shows how such legacies are reversed as the characters negotiate their identities It breaks with the longstanding characterization of young people and especially Latina girls as voiceless and deprived of agency showing readers that this youth group also has say in controlling their lifeworlds
