**Jianjun Gao**

## **Raise The Floor Wages Policies That Work For All Of Us:**

*Raise the Floor* Holly Sklar,Laryssa Mykyta,Susan Wefald,2001 Raise the Floor shows why so many hardworking Americans can't make ends meet   **Monthly Labor Review** ,2006 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews   *Class Construction* ,   *Class Construction* Carrie Freie,2007-01-01 Class Construction White Working Class Student Identity in the New Millennium explores the identity development of a group of white working class high school students in a de industrialized area of the Northeast This ethnographic study explores class racial and gender identity construction and focuses on the ways the students perceptions of their current and future classed raced and gendered selves are negotiated within the context of the school structure

**Encyclopedia of U.S. Labor and Working-Class History** Eric Arnesen,2006-11-16 A RUSA 2007 Outstanding Reference Title The Encyclopedia of US Labor and Working Class History provides sweeping coverage of US labor history Containing over 650 entries the Encyclopedia encompasses labor history from the colonial era to the present Articles focus on states regions periods economic sectors and occupations race relations ethnicity and religion concepts and developments in labor economics environmentalism globalization legal history trade unions strikes organizations individuals management relations and government agencies and commissions Articles cover such issues as immigration and migratory labor women and labor labor in every war effort slavery and the slave trade union resistance by corporations such as Wal Mart and the history of cronyism and corruption and the mafia within elements of labor history Labor history is also considered in its representation in film music literature and education Important articles cover the perception of working class culture such as the surge in sympathy for the working class following September 11 2001 Written as an objective social history the Encyclopedia encapsulates the rise and decline and continuous change of US labor history into the twenty first century

*Living Wage Movements* Deborah M. Figart,2004-07-31 Living wage activism has spanned time and space reaching across decades and national boundaries Conditions generating living wage movements early in the twentieth century have resurfaced in the twenty first century only on a global scale sweated labour macroeconomic instability and job insecurity Upon reviewing the empirical evidence the book's contributors make strong cases both for and against living wage activism The effective blend of historical contemporary and global perspectives provides opportunities for teachers scholars and activists to evaluate how we can address low pay at the organizational and macroeconomic levels   **Worker Centers** Janice Ruth Fine,2006 As national policy is debated a locally based grassroots movement is taking the initiative to assist millions of immigrants in the American workforce facing poor pay bad working conditions and few prospects to advance to better jobs Fine takes a comprehensive look at the rising phenomenon of worker centers fast growing institutions that improve the lives of immigrant workers through service advocacy and organizing from publisher information   **Monthly Labor Review** United States. Bureau of Labor Statistics,2006 Publishes in depth articles on labor subjects current labor statistics information

about current labor contracts and book reviews     *Ending Poverty As We Know It* William Quigley,2008-10-23 Across the United States tens of millions of people are working forty or more hours a week and living in poverty This is surprising in a country where politicians promise that anyone who does their share and works hard will get ahead In *Ending Poverty As We Know It* William Quigley argues that it is time to make good on that promise by adding to the Constitution language that insures those who want to work can do so and at a wage that enables them to afford reasonable shelter clothing and food

*Traveling Light* Kath Weston,2009-09-01 How far can you get on two tacos one Dr Pepper and a little bit of conversation What happens when you're broke and you need to get to a new job an ailing parent a powwow college or a funeral on the other side of the country And after decades of globalization what kind of America will you glimpse through the window on your way For five years Kath Weston rode the bus to find out *Traveling Light* is not just another book about people stuck in poverty Rather it's a book about how people move through poverty and their insights into the sweeping economic changes that affect us all The result is a moving meditation on living poor in the world's wealthiest nation     **Progressive Solutions**

**Built on American Values** Bernie Horn,2003     *Fighting for a Living Wage* Stephanie Luce,2018-08-06 The living wage movement is considered by many to be the most interesting grassroots enterprise to emerge since the civil rights movement Ten years after the first ordinance was passed in Baltimore there are more than one hundred living wage ordinances on the books across the United States and the movement continues to thrive and grow despite increasing opposition This book is not a simple celebration of the living wage movement but a critical evaluation in which Stephanie Luce a national expert on living wage campaigns assesses the strengths and shortcomings of various campaigns and their resulting implementation Although many local governments have been convinced to pass living wage ordinances the movement has had less success in ensuring that these ordinances are fully realized Some cities have consistently enforced their ordinances after passage In other communities implementation is weak or nonexistent and thousands of workers do not benefit from laws designed to ensure that they are paid a living wage Luce provides in *Fighting for a Living Wage* the first serious examination of the reasons for implementation failure as well as an analysis of the factors that lead to success Luce argues that citizens can play a significant role in implementing and monitoring living wage policies even where governments oppose the movement or are reluctant to enforce the laws in question Luce finds that the nature of the campaign to formulate and pass policy can influence the likelihood of successful implementation Surprisingly the chances for thorough enforcement are greater in communities where living wage campaigns caused more not less conflict For more about this book and its author click here

*New Labor Forum* ,2009     **Making Immigration Work for American Minorities** United States. Congress. House. Committee on the Judiciary. Subcommittee on Immigration Policy and Enforcement,2011     *Z Magazine* ,2003     **Is Inequality in America Irreversible?** Chuck Collins,2018-04-27 We are living in a time of extreme inequality America's three richest people now own as much wealth as the bottom half of the population Although most accept that this is

grotesque many politicians accept it as irreversible In this book leading US researcher and activist Chuck Collins succinctly diagnoses the drivers of rampant inequality arguing that such disparities have their roots in 40 years of the powerful rigging the system in their favor He proposes a far reaching policy agenda analyzes the barriers to progress and shows how transformative local campaigns can become a national movement for change This book is a powerful analysis of how the plutocracy sold us a toxic lie and what we can do to reverse inequality

*The Journal of Housing and Community Development*, 2002    **Welfare Reform Reauthorization Proposals** United States. Congress. House. Committee on Ways and Means. Subcommittee on Human Resources, 2007    Dollars & Sense, 2002

**Unequal Cities** Richard McGahey, 2023-01-10 Cities are central to prosperity they are hubs of innovation and growth However the economic vitality of wealthy cities is marred by persistent and pervasive inequality and deeply entrenched anti urban policies and politics limit the options to address it Structural racism suburban subsidies regional government fragmentation the hostility of state legislatures and federal policy all contribute to an unequal status quo that underfunds cities while preventing them from pursuing fairer outcomes Economist Richard McGahey explores how cities can foster equitable economic growth despite the obstacles in their way Drawing on economic and historical analysis as well as his extensive experience in government and philanthropy he examines the failures of public policy and conventional economic wisdom that have led to the neglect of American cities and highlights opportunities for reform Unequal Cities features detailed case studies of New York Detroit and Los Angeles tracing how their attempts to achieve greater equity foundered because of the fiscal and political constraints imposed on them McGahey identifies key lessons about the political coalitions that can overcome anti urban biases arguing that alliances among unions environmentalists and communities of color can help cities thrive But he warns that cities cannot solve inequality on their own political action at state and federal levels is necessary to achieve systemic change Shedding light on the forces that produced today s dysfunction and disparities Unequal Cities provides timely policy prescriptions to promote both growth and equity

This Engaging Realm of Kindle Books: A Detailed Guide Unveiling the Advantages of E-book Books: A Realm of Convenience and Flexibility Kindle books, with their inherent mobility and simplicity of availability, have freed readers from the constraints of physical books.
