Rational Foundations Of Democratic Politics:

Rational Foundations of Democratic Politics Albert Breton, Gianluigi Galeotti, Pierre Salmon, Ronald Wintrobe, 2003-09-15
Democracy is widely accepted today perhaps as never before as the most suitable form of government But what is democracy and does it always produce good government Democracy is often associated with the existence of competitive elections But theory and experience suggest that these are not sufficient for democracy to function reasonably well In this book which was originally published in 2003 a number of experts from North America and Europe use a rational choice approach to understand the foundations of democracy what makes democracy successful and why In doing so they consider diverse problems of democratic governance such as the importance of morals or virtue in political life negative advertising the role of social capital and civil society in sustaining democracy the constitutional and cultural prerequisites of democracy and the interaction of democracy and markets *Rational Foundations of Democratic Politics* Albert Breton, 2011 **An Economic Analysis of Public Law** George Dellis, 2021-03-26 This original and insightful book considers the ways in which public law which emphasises legality the Demos and economics a science oriented towards the markets the Agora intertwine Throughout George Dellis argues that the concepts of legality and efficiency should not be perceived separately **Solving Social Dilemmas** Roger D. Congleton, 2022 In *Solving Social Dilemmas* Roger Congleton provides an explanation for the rise of prosperous commercial societies Congleton argues that an endless series of social economic and political dilemmas have to be solved or ameliorated to sustain social and economic progress and suggests that the most plausible solutions involve internalized rules of conduct Previous foundational texts suggest that institutions often emerge to address social dilemmas but Congleton focuses on a solution that is arguably prior to formal institutions the internalization of principles and rules of conduct that directly affect individual behavior and group outcomes *Social Goal-Objective Formation, Democracy and National Interest* Kofi Kissi Dompere, 2014-03-29 This book presents the development of a theory of social goal objective formation and its relationship to national interest and social vision under a democratic decision choice system with imperfect information structure It provides a framework for the application of fuzzy logic and its mathematics to the analysis in resolving conflicts in individual preferences in the collective decision choice space without violence The book demonstrates how to use fuzzy logic and its mathematics in the study of economics social sciences and other complex systems It also presents the use of collaborative tools of opposites duality polarity continuum in fuzzy paradigm with its logic laws of thought and mathematics in developing a new approach to the theory of political economy in order to enhance the constructs of social decision choice theory *Evolution and Design of Institutions* Christian Schubert, Georg Von Wangenheim, 2006-09-27 This book comprises nine papers approaching designed institutions and their interplay with spontaneous institutions from various angles While the evolution of spontaneous institutions is quite well understood in economic thinking the development of consciously designed institutions has been examined much less In new institutional economics public choice and law and

economics the interaction between changing preferences and spontaneously evolving institutions on the one hand and the evolution of designed institutions as e g legal systems on the other hand has largely been ignored A number of top class international contributors have been assembled to study this phenomenon including Viktor Vanberg Bruno Frey Elinor Ostrom and Francesco Parisi

Technical politics Graeme Kirkpatrick,2020-05-04 This electronic version has been made available under a Creative Commons BY NC ND open access license Technology often plays an ambiguous role in theories of social change Viewed by Karl Marx as the driving force of historical progress it has come to be associated with exploitation and alienation thanks in large part to the work of Frankfurt School critical theorists such as Theodor Adorno and Max Horkheimer Andrew Feenberg is an unusual figure a critical theorist with an essentially optimistic view of technology His concept of technical politics puts technology design at the heart of disputes over the future shape of society This book provides the first sustained critique of Feenberg s work describing how it has developed from the tradition of Marx and Marcuse and analysing the key ideas of formal bias ambivalence progressive rationalisation and primary and secondary instrumentalisation Identifying the limitations resulting from Feenberg s attachment to critique the book offers a utopian corrective that can provide a fuller account of the process of willed technological transformation and of the author s own idea of a technologically authorised socialism

The Oxford Handbook of Public Choice Roger D. Congleton,Bernard Grofman,Stefan Voigt,2019 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy

Political Science and Chinese Political Studies Sujian Guo,2012-07-25 We have witnessed the substantial

transformation of China studies particularly Chinese political studies in the past 30 years due to changes in China and its rising status in the world as well as changes in our ways of conducting research As area studies specialists we are no longer isolated from the larger disciplines of Political Science and International Relations IR but an integral part of them This book contains theoretically innovative contributions by distinguished political scientists from inside and outside China who together offer up to date overviews of the state of the field of Chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between Western political science scholarship and contemporary Chinese political studies examine the logic and methods of political science and their scholarly application and most recent developments in the study of Chinese politics and discuss the hotly contested and debated issues in Chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of Chinese political studies in the context of rising China

Comparing Political Corruption and Clientelism Junichi Kawata,2017-03-02

Past modernization literature has assumed that corruption and clientelism reflect a pre modern social structure and could be referred to as a pathologic phenomenon of the political system Very few have considered corruption and clientelism as structural products of an interwoven connection between capital accumulation bureaucratic rationalization interest intermediation and political participation from below This volume analyzes key aspects of the debate such as should corruption and clientelism be evaluated as a lubricant in terms of administrative efficiency legitimate demands from the margins of society to redress social and economic inequality or to readdress economic development What would be the effect of strengthening policing to control political corruption Could electoral reform or a decentralization of government power be a cure for all These questions among others are answered in this comprehensive volume

Japan's Fiscal Crisis Maurice Wright,2002 In this controversial and authoritative account of Japan s public budgeting and politics the author traces the origins and development of Japan s present fiscal crisis In a detailed analysis of the institutions structures and processes of central government the role of the Ministry of Finance is analysed and its relationship with other ministries in deciding how much to spend and on what is examined Drawing on a rich archive of interview material and primary budget data the author explains how and why Japan accumulated the world s largest public debt

The Oxford Handbook of Public Choice, Volume 2 Roger D. Congleton,Bernard N. Grofman,Stefan Voigt,2018-12-14 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and

general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy

Introduction to Japanese Politics Louis D. Hayes, 2017-08-07 Introduction to Japanese Politics now in its fully updated sixth edition is a comprehensive and current review of political and public policy developments in Japan Since the previous edition Japan s economic policy has undergone significant change with a prolonged period of deflation having altered the dynamics of the Japanese economy At the same time the Abe administration has expanded Japan s international security participation previously limited by the constitution while China s activities in the South China Sea have impinged upon Japan s territorial claims This classic introduction to the Japanese political system has been revised and fully updated in this sixth edition to take into account these widespread changes in the country s political life Building on the structure and content of the previous edition this new edition covers An overview of Japan s geographical setting and history Japan s political institutions processes and actors Recent organizational ideological and policy changes in the LDP since its return to power The country s distinctive social order and its educational healthcare and public safety systems The increasingly contentious realm of foreign relations and security issues including China s expanding role and the effect of North Korea s development of nuclear weapons This broad ranging textbook continues to be essential reading for students of Japanese politics international politics and Japanese studies

The Selection of Ministers around the World Keith Dowding, Patrick Dumont, 2014-08-13 Governing cabinets are composed of ministers who come and go even as governments march on They work for the chief executive the prime minister or the president for their parties and for the constituent groups from which they come They are chosen for their role and dismissed from it for all sorts of reasons that vary across time and country This book examines the process of selection shuffling and removal of ministers in national cabinets around the world Drawing on original data over several decades it offers a series of case studies of countries from around the world with differing institutional and cultural structures including presidential and semi presidential systems and parliamentary unitary and federal systems some of which have experienced periods under authoritarian regimes Featuring 14 case studies on North and South America Asia Africa Australia and New Zealand this book complements the earlier

volume *The Selection of Ministers in Europe* Routledge 2009 This volume will be an important reference for students and scholars of political science government executives comparative politics and political parties

Handbook of Fiscal Federalism E. Ahmad, 2006 This volume provides comprehensive coverage of fiscal federalism by some of the leading scholars in the field This Handbook is an excellent addition to the present discourse on the role of the state in fiscal matters This reviewer would recommend this book as a required text for a graduate or senior class on public finance or economic development Researchers in economic development public finance and fiscal policy likewise would find this volume useful Highly recommended Upper division undergraduate through professional collections J Raman Choice This major Handbook addresses fiscal relations between different levels of government under the general rubric of fiscal federalism providing a review of the latest literature as well as an invaluable guide for practitioners and policy makers seeking informed policy options The contributors include leading lights in the field many of whom have themselves made seminal contributions to the literature Comprehensive and wide in coverage the issues covered range from federal systems to other forms of intergovernmental relations such as supra national constructs namely the European Union unitary states regional systems and more decentralized operations including community level organizations The political economy approach emphasizes the importance of institutional arrangements including the legal political and administrative aspects and information flows to ensure that there are appropriate incentives and sanctions to generate good governance This Handbook also devotes attention to emerging issues such as environmental protection the sharing of natural resources among levels of government corruption and the impact of federalism and decentralization on national unity It will be a vital reference tool for the area for many years to come

The Rise and Fall of Japan's LDP Ellis S. Krauss, Robert J. Pekkanen, 2011-06-15 After holding power continuously from its inception in 1955 with the exception of a ten month hiatus in 1993 1994 Japan's Liberal Democratic Party LDP lost control of the national government decisively in September 2009 Despite its defeat the LDP remains the most successful political party in a democracy in the post World War II period In *The Rise and Fall of Japan's LDP* Ellis S. Krauss and Robert J. Pekkanen shed light on the puzzle of the LDP's long dominance and abrupt defeat Several questions about institutional change in party politics are at the core of their investigation What incentives do different electoral systems provide How do politicians adapt to new incentives How much does structure determine behavior and how much opportunity does structure give politicians to influence outcomes How adaptable are established political organizations The electoral system Japan established in 1955 resulted in a half century of one party democracy But as Krauss and Pekkanen detail sweeping political reforms in 1994 changed voting rules and other key elements of the electoral system Both the LDP and its adversaries had to adapt to a new system that gave citizens two votes one for a party and one for a candidate Under the leadership of the charismatic Koizumi Junichiro the LDP managed to maintain its majority in the Japanese Diet but his successors lost popular support as opposing parties learned how to operate in the new electoral environment Drawing on

the insights of historical institutionalism Krauss and Pekkanen explain how Japanese politics functioned before and after the 1994 reform and why the persistence of party institutions factions PARC koenkai and the transformed role of party leadership contributed both to the LDP's success at remaining in power for fifteen years after the reforms and to its eventual downfall In an epilogue the authors assess the LDP's prospects in the near and medium term **The Battle for U.S.**

Foreign Policy Patrick Homan, Jeffrey S. Lantis, 2019-12-04 This book is an original study of the contemporary debate over U.S. foreign policy between the president members of Congress and political parties Specifically it examines how factions at the ideological extremes within parties such as the Tea Party the Freedom Caucus and Progressive Democrats can play significant roles in shaping U.S. foreign policy In today's polarized atmosphere where Americans seem increasingly divided factions are emerging as powerful insurgents innovators and engines of change The book develops a minority theory of influence that recognizes the importance of traditional and nontraditional strategies including persuasion legislation and issue framing Original case studies explore factions at work in foreign policy development during the Barack Obama and Donald Trump administrations including struggles over immigration policy trade agreements development aid and foreign policies toward Iran and Syria The Battle for U.S. Foreign Policy captures the spirit of ideological and practical party struggles and fills a substantial gap in foreign policy analysis literature Political Leadership in Liberal Democracies

Robert Elgie, 1995-10-11 A compelling case for the institutional analysis of political leadership you must buy and read this book R.A.W. Rhodes Public Administration A valuable contribution not only to the study of political leadership but also to the study of comparative politics Valerie Mort Talking Politics Concentrating on the period since 1945 Political Leadership in Liberal Democracies examines the resources of and constraints on political leaders in contemporary political systems The book compares six countries to assess the effectiveness of political leadership and its relationship to the nature of institutional structures and political environments The author argues that while the leadership environment has become more constraining and difficult in recent years the potential for effective leadership in liberal democracies has not been extinguished **Freedom in Contention** Mikayla Novak, 2021-06-28 Social movements have been implicated in long term societal transformations helping bring about political democratization economic freedom and social equality In recent years movements such as Occupy Wall Street the Arab Spring and Black Lives Matter have organized protests and other contentious activities against varied injustices in the world today But what are social movements how do they work and what are their impacts upon society In this landmark contribution social movement activities and outcomes are understood through the lens of liberal political economy This approach emphasizes dynamic collective choices within multi-faceted economic political and social environments with the capacity for such choices to promote freedom equality and dignity Inspired by the works of Friedrich Hayek Elinor and Vincent Ostrom and James Buchanan Freedom in Contention illustrates how social movements fluidly organize in often repressive environments bringing people together in their efforts to

audaciously challenge public power and other forms of authority Using historical and contemporary case studies this book reveals how advances in human liberty are shaped by the struggles of social movement activists to have their concerns heard and respected This important book will appeal to social scientists decision makers and people interested in how social movements affect our lives *Journal of Economic Literature* ,2004

Unveiling the Magic of Words: A Overview of "**Rational Foundations Of Democratic Politics**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Rational Foundations Of Democratic Politics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rational Foundations Of Democratic Politics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rational Foundations Of Democratic Politics has opened up a world of possibilities. Downloading Rational Foundations Of Democratic Politics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rational Foundations Of Democratic Politics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rational Foundations Of Democratic Politics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rational Foundations Of Democratic Politics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rational Foundations Of Democratic Politics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rational Foundations Of Democratic Politics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rational Foundations Of Democratic Politics Books

1. Where can I buy Rational Foundations Of Democratic Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
