Rationality and the Analysis of International Conflict

Michael McFaul

Rationality And The Analysis Of International Conflict

**Isabel Bramsen, Poul Poder, Ole
Waever**

Rationality And The Analysis Of International Conflict:

Rationality and the Analysis of International Conflict Michael Nicholson, 1992-03-27 This book covers the problems of rational decision making in conflict situations

Peace and Conflict in Africa David Francis, 2013-04-04 Nowhere in the world is the demand for peace more prominent and challenging than in Africa From state collapse and anarchy in Somalia to protracted wars and rampant corruption in the Congo from bloody civil wars and extreme poverty in Sierra Leone to humanitarian crisis and authoritarianism in Sudan the continent is the focus of growing political and media attention This book presents the first comprehensive overview of conflict and peace across the continent Bringing together a range of leading academics from Africa and beyond Peace and Conflict in Africa is an ideal introduction to key themes of conflict resolution peacebuilding security and development The book s stress on the importance of indigenous Africa approaches to creating peace makes it an innovative and exciting intervention in the field

Rational Choice and Security Studies Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 2000-07-18 Opposing views on the merits of formal rational choice approaches as they have been applied to international security studies Formal theories and rational choice methods have become increasingly prominent in most social sciences in the past few decades Proponents of formal theoretical approaches argue that these methods are more scientific and sophisticated than other approaches and that formal methods have already generated significant theoretical progress As more and more social scientists adopt formal theoretical approaches critics have argued that these methods are flawed and that they should not become dominant in most social science disciplines Rational Choice and Security Studies presents opposing views on the merits of formal rational choice approaches as they have been applied in the subfield of international security studies This volume includes Stephen Walt s article Rigor or Rigor Mortis Rational Choice and Security Studies critical replies from prominent political scientists and Walt s rejoinder to his critics Walt argues that formal approaches have not led to creative new theoretical explanations that they lack empirical support and that they have contributed little to the analysis of important contemporary security problems In their replies proponents of rational choice approaches emphasize that formal methods are essential for achieving theoretical consistency and precision

Jihad for Jerusalem M.A. Khan, 2004-10-30 Jihad for Jerusalem explores the agent structure dynamics in world politics and advances a constructivist theory of choice that explains the role of identity culture religion and other core values in international politics The struggle for Jerusalem by Iran Saudi Arabia Jordan and Israel is the empirical space where the dynamics between reason and identity values and strategies is explored Jihad for Jerusalem advances a theory of agency in international politics This theory of agency is based on a reconstituted constructivist paradigm The theory is tested by an examination of the foreign policy decision making of Iran Israel Jordan and Saudi Arabia towards Israel from 1967 1997 The book uses the foreign policy of these states as cases to test the tension between religion and rationality between identity and reason between power and morality and advances a constructivist theory of choice that explains the

importance of the role of culture religion identity and core values in international politics Anyone interested in international relations theory and the convoluted politics of the Middle East will find this book intriguing reading *Evaluating Methodology in International Studies* Michael Brecher, Frank P. Harvey, 2002-08-14 Evaluating Methodology in International Studies offers a unique collection of original essays by world renowned political scientists The essays address the state of the discipline in regard to the methodology of researching global politics focusing in particular on formal modeling quantitative methods and qualitative approaches in International Studies The authors reflect on the strengths and weaknesses of current methodology and suggest ways to advance theory and research in International Studies This volume is essential reading for methods courses and will be of interest to scholars and students alike See table of contents and excerpts Frank P Harvey is Professor of Political Science and Director of the Centre for Foreign Policy Studies at Dalhousie University Michael Brecher is the R B Angus Professor of Political Science at McGill University and past president of the International Studies Association Millennial Reflections on International Studies This volume is part of the Millennial Reflections on International Studies project in which forty five prominent scholars engage in self critical state of the art reflection on international studies to stimulate debates about successes and failures and to address the larger questions of progress in the discipline Other paperbacks from this project Realism and Institutionalism in International Studies Conflict Security Foreign Policy and International Political Economy Past Paths and Future Directions in International Studies Critical Perspectives in International Studies The full collection of essays is available in the handbook Millennial Reflections on International Studies

Russian Foreign Policy and International Relations Theory Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature **Handbook of Game Theory with Economic Applications** R.J. Aumann, S. Hart, 1992 This is the second of three volumes surveying the state of the art in Game Theory and its applications to many and varied fields in particular to economics The chapters in the present volume are contributed by outstanding authorities and provide comprehensive coverage and precise statements of the main results in each area The applications include empirical evidence The following topics are covered communication and correlated equilibria coalitional games and coalition structures utility and subjective probability common knowledge bargaining zero sum games differential games and applications of game theory to signalling moral hazard search evolutionary biology international relations voting procedures social choice public economics politics and cost allocation This handbook will be of interest to scholars in economics political science psychology mathematics and biology For more information on the Handbooks in Economics series please see our home page on <http://www.elsevier.nl/locate/hes> *The Crisis Management Cycle* Christer Pursiainen, 2017-11-22 The Crisis Management Cycle is the first holistic multidisciplinary

introduction to the dynamic field of crisis management theory and practice By drawing together the different theories and concepts of crisis management literature and practice this book develops a theoretical framework of analysis that can be used by both students and practitioners alike Each stage of the crisis cycle is explored in turn Risk assessment Prevention Preparedness Response Recovery Learning Stretching across disciplines as diverse as safety studies business studies security studies political science and behavioural science The Crisis Management Cycle provides a robust grounding in crisis management that will be invaluable to both students and practitioners worldwide *Rational Interaction* Reinhard Selten, 2013-03-09 The unifying theme of the 23 contributions to this book is the social interaction of rational individuals The work of John C Harsanyi on game theory social choice and the philosophy of science finds an echo in these essays Contributions by well known game theorists and economists present a great variety of stimulating theoretical investigations Part I contains six papers on non cooperative game theory written by Maschler Owen Myerson Peleg Rosenm ller Hart and Mas Coller Part II with three contributions by Kalei Samet van Damme d Aspremont and Gerard Varet is devoted to the use of non cooperative game theory in the analysis of problems of mechanism design Basic questions of non cooperative game theory are discussed in three essays by G th Hardin and Sugden in Part III Applied game models are discussed in three papers by Friedman Selten and Shubik in Part IV Problems of social choice are investigated in Part V which deals with utilitarianism and related topics in five contributions by Hammond Binmore Arrow Roemer and Broome Finally Part VI contains three papers an interdisciplinary comparison of physics and economics by Samuelson a methodological essay by Brock and an appraisal of the work of John C Harsanyi *Resolving International Conflict* Isabel Bramsen, Poul Poder, Ole Waever, 2019-05-03 Resolving International Conflict rethinks the dynamics of conflict escalation and continuation by engaging with research from the wide range of subfields in this area The book suggests a new framework for understanding conflict as a particular form of situation interaction and tension It shows how conflicts are shaped by varied dynamics relating to emotion securitization incentives digital technology and violence even attempts at monitoring resolving or remembering conflicts may end up contributing to their escalation or continuation Split into two sections the first part focuses on the question of why and how conflicts escalate while the second part analyses the continuation of conflict The book features several case studies of conflict escalation and continuation in Bahrain Israel Palestine South Sudan Northern Ireland and most prominently the case of the Syrian uprising and subsequent civil war Throughout the book and in particular in the conclusion the consequences for conflict transformation are discussed This work will be of much interest to students of conflict resolution peace studies war and conflict studies security studies and international relations in general Culture and international conflict resolution Tarja Vayrynen, 2018-07-30 This book re examines conflict resolution and partcularly problem solving conflict resolution from a new perspective The book is a critical study of John Burton s work and outlines an alternative framework for the study of international conflict It provides an insight into the problems of conflict and conflict

resolution from a social constructionist angle V yrynen argues that culture has a constitutive role in international conflict and conflict resolution Culture offers a grammar for acting in and interpreting the world and provides understandings of conflict and its resolution Theories which deny the importance of cultural failure to understand the ontological conditions of human being

The Eighty Years' Crisis Ken Booth, Michael Cox, Timothy Dunne, 1998 This book uses the agenda of E H Carr and most obviously extends the title of his classic book *The Twenty Years Crisis* as the point of departure to discuss aspects of the world historical crisis from the end of the First World War until the end of the 1990s This crisis identified by 80 years of destructive wars inequalities in life chances and today s casualties of the global political economy has shaped both the practices of international politics and the way they have been conceptualised and reconceptualised by specialists in International Relations A distinguished group of contributors have written about the development of the academic discipline of International Relations in the inter war years the Cold War and post Cold War eras ethics power and nationalism the conditions of peace and the roles of law and peaceful change and finally considering future prospects about globalization and the end of the old order

Emotions in International Politics Yohan Ariffin, Jean-Marc Coicaud, Vesselin Popovski, 2016-01-11 This book investigates collective emotions in international politics with examples from 9 11 and World War II to the Rwandan genocide

Handbook of International Relations Walter Carlsnaes, Thomas Risse-Kappen, Thomas Risse, Beth A Simmons, 2002-03-13 NEW IN PAPERBACK FEBRUARY 2005 The most systematic and wide ranging survey of the multi faceted field of International Relations yet produced It is sure to become a standard reference work and teaching text and is unlikely to be superseded at any time in the near future It should be considered as essential reading International Affairs The Handbook of International Relations published 2002 in hardback quickly established itself as the benchmark volume providing a state of the art review and indispensable guide to the study of international relations It is now released in paperback in order to be accessible to students in classroom use Divided into three parts the volume reviews both the historical philosophical analytical and normative roots to the discipline and the key contemporary topics of research and debate today The first part introduces the major approaches within the field and unpacks many of the on going debates within the discipline including those between rationalist and constructivist approaches The second part moves on to explore the key concepts and contextual factors important to the subject from concepts like the state and power to international and transnational actors debates around globalization and contending feminist perspectives The final part reviews a number of the key substantive issues in international relations and is designed to complement the analytical tools and perspectives presented in Parts I and II Examples of the many topics included are foreign policy war and peace security nationalism and ethnicity finance trade development the environment and human rights

The Social Sciences and Rationality Hudson Meadwell, 2017-10-19 In recent decades rational choice theory has emerged as the single most powerful controversial claimant to provide a unified theoretical framework for all the social sciences In its simplest

form the theory postulates that humans are purposive beings who pursue their goals in a rational efficient manner seeking the greatest benefit at the lowest cost This volume brings together prominent scholars working in several social science disciplines and the philosophy of science to debate the promise and problems of rational choice theory As rational choice theory has spread from its home base in economics to other disciplines it has come under fierce criticism To its critics the extension of the explanatory model mistakenly assumes that the logic of economic rationality can explain non economic behavior and at its worst commits the ethnocentric error of imposing Western concepts of rationality on non Western societies and cultures This volume includes strong advocates as well as forceful critics of the rational choice approach However in contrast to previous debates all the contributors share a commitment to open constructive and knowledgeable dialogue Well known advocates of rational choice theory Michael Hechter Michael Smith Chris Manfredi explicitly ponder some of its serious limitations while equally well known critics Ian Shapiro Mario Bunge strike a surprisingly conciliatory tone in contemplating its legitimate uses Vociferous critics of neoclassical economics Bunge favorably discuss sociological proponents of rational choice theory while two economists who are not particularly anti mainstream Robin Rowley George Grantham critically assess the problems of such assumptions in their discipline Philosophers Storrs McCall and sociologists John Hall alike reflect on the variable meaning of rationality in explaining social behavior In the introduction and conclusion the editors survey the current state of the debate and show how open constructive dialogue enables us to move beyond hackneyed accusations and dismissals that have characterized much previous debate

Decisionmaking on War and Peace Nehemia Geva,Alex Mintz,1997 Reviewing comparing and contrasting models of foreign policy this volume focuses on the cognitive vs rational debate about decisionmaking on war and peace It provides alternative models of foreign policy choice and identifies when one strategy is more appropriate than another

The News Media In National And International Conflict Andrew Arno,Wimal Dissanayake,2019-07-11 Ironically as telecommunications technology the embodiment of modernity advances bringing people in different nations into more direct contact during conflict situations traditional cultural factors become increasingly important as differing ways of thinking and acting collide The mass media can be seen as a factor in the creation of international conflict they also claim many scholars are the key to control and resolution of those problems Whichever side of the coin one chooses to look at mass communication as cause or cure of conflict there is no doubt that the news media are no longer peripheral players on the global scene they are important participants whose organizational patterns of behavior values and motivations must be taken into account in understanding national and international conflict In this volume a distinguished group of authors explores the variety of ways the news media newspapers radio and television are involved in conflict situations Conflicts between the United States and Iran India and Pakistan and the United States and China are examined and national level studies in Sri Lanka Iran Hong Kong and the United States provide varied contexts in which the authors look at the complex interrelationships among government news

media and the public in conflict situations *The Law and Politics of International Regime Conflict* Dirk Pulkowski, 2014-02-13 The international order is constituted by a plurality of international regimes institutionalized arrangements in different issue areas that possess their own norms and procedures The present book examines how conflict among regimes may arise and probes the role that international law can play in managing such conflict Throughout the book the example of trade in cultural products is used to illustrate the evolution of regime conflict and the potential for its management Conflicts between the goals of free trade and cultural diversity have notably surfaced within the World Trade Organization WTO and the United Nations Educational Scientific and Cultural Organization UNESCO As a result there is a potential for conflict among WTO law the UNESCO s Convention on the Protection and Promotion of the Diversity of Cultural Expressions and human rights The book posits that three dimensions are characteristic for regime conflict First regime conflict is a function of conflict among different social goals or values Second such goal conflicts are institutionalized through the interaction of a variety of political actors struggling for influence often in intergovernmental organizations Third regime conflict may manifest itself in conflicts of legal rules If a state acts in conformity with the rules of one regime its conduct may trigger a violation of the rules of another regime The author argues that while international law cannot be construed as a fully integrated and unified system it does provide a common language for different regimes to engage with each other The shared discourse rules of international law enable a degree of coordination of the policies of different regimes notably through techniques of interpretation and legal priority rules International law contributes to the management of regime conflict by providing commonly accepted reasons for choosing among competing policy goals **Beyond Rationality** Alex Mintz, Nicholas A. Valentino, Carly Wayne, 2021-12-02 How and why do people make political decisions This book is the first to present a unified framework of the Behavioral Political Science paradigm BPS presents a range of psychological approaches to understanding political decision making The integration of these approaches with Rational Choice Theory provides students with a comprehensible paradigm for understanding current political events around the world Presented in nontechnical language and enlivened with a wealth of real world examples this is an ideal core text for a one semester courses in political science American government political psychology or political behavior It can also supplement a course in international relations or public policy *Handbook of Conflict Analysis and Resolution* Dennis J.D. Sandole, Sean Byrne, Ingrid Sandole-Staroste, Jessica Senehi, 2008-07-31 This major Handbook is a collection of work from leading scholars in the Conflict Analysis and Resolution CAR field The central theme is the value of interdisciplinary approaches to the analysis and resolution of conflicts

Rationality And The Analysis Of International Conflict Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rationality And The Analysis Of International Conflict PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rationality And The Analysis Of International Conflict PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rationality And The Analysis Of International Conflict free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rationality And The Analysis Of International Conflict Books

1. Where can I buy Rationality And The Analysis Of International Conflict books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rationality And The Analysis Of International Conflict book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
