**Raven Seek Thy Brother** Gavin Maxwell, 1968      **Loneliness and Time** Mark Cocker, 1992 Refreshing original and eminently readable The Literary Review Loneliness and Time is a pioneering study of travel writing as a literary form and of travel as a cultural phenomenon Mark Cocker offers a fertile mixture of biography history and literary criticism in his portraits of some of the most prominent twentieth century British explorer writers including Wilfred Thesiger Laurens van der Post Gavin Maxwell and Lawrence Durrell and of the places Greece Tibet that obsessed them In scrutinizing the deep drives that impelled these men to the outer reaches Cocker makes clear the immensely powerful idea of the journey as quest as pilgrimage and how it has come to carry mythological and spiritual import In each portrait the journey's meaning is unearthed layer by layer and we see not only how it operates in the lives of the travelers themselves but its importance to the modern industrial and largely secular societies from which these figures emerge Cocker shows how foreign landscapes and their inhabitants have been used by travel writers as a means to self definition as well as a source of image fantasy even self image Loneliness and Time illuminates the appeal of travel the desire to explore the unfamiliar and the strange that captivates us all BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Poltergeist Over Scotland** Geoff Holder, 2013-01-14 In 1945 the celebrated psi researcher Harry Price published Poltergeist over England popularising the word poltergeist German for noisy ghost and making famous the kind of physical haunting characterised by thrown objects mysterious noises and damage by fire or water Now for the first time an astonishing array of historical Scottish poltergeist cases are gathered together from the Middle Ages to the modern period unearthing many episodes that have remained neglected for centuries Some were no doubt hoaxes but in others multiple witnesses testified to disturbing events enacted over months Whatever the true cause of the events the historical evidence from Scotland suggests that poltergeist phenomena is undoubtedly real      **The Nature of Spring** Jim Crumley, 2023-02-28 Third in the Wainwright Prize listed Seasons Tetralogy Spring marks the genesis of nature's year As Earth's northern hemisphere tilts ever more towards the life giving sun the icy dark days of winter gradually yield to the new season's intensifying light and warmth Nature responds For our flora and fauna for the very land itself this is the time of rebirth and rejuvenation although as Jim Crumley attests spring in the Northlands is no Wordsworthian idyll Climate chaos and its attendant unpredictable weather brings high drama to the lives of the animals he observes the badgers seals and foxes the seabirds and the raptors But there is also a wild elemental beauty to the highlands and islands a sense of nature in animation during this the most transformative of seasons Jim chronicles it all the wonder the tumult the spectacle of spring      **The Nature of Summer** Jim Crumley, 2022-01-01 A beautiful book an exceptional and intense quality of observation glows from every page A wisdom that we need now more than ever before Joyce McMillan The Scotsman In the endless light of summer days and the magical gloaming of the wee small hours nature in Jim's beloved Highlands Perthshire and Trossachs heartlands

is burgeoning freely as though there is one long midsummer s eve nothing reserved For our flora and fauna for the very land itself this is the time of extravagant growth flowering and the promise of fruit and the harvest to come But despite the abundance as Jim Crumley attests summer in the Northlands is no Wordsworthian idyll Climate chaos and its attendant unpredictable weather brings high drama to the lives of the animals and birds he observes There is also a wild elemental beauty to the land mountains lochs coasts and skies a sense of nature at its very apex during this the most beautiful and lush of seasons Jim chronicles it all the wonder the tumult the spectacle of summer

urgent questions about how we value and relate to the non human world      The Seasonal Eye Keith Taylor,2023-09-28 Veteran environmental tutor and retired countryside ranger Keith Taylor seeks out spiritual and visual riches as he undertakes a year travelling to locations that have always intrigued him or may offer a fresh relationship with the outdoors both through his own seasonally aware eyes and those of equally restless colleagues      Nature Prose Dominic Head,2022-08-15 Nature Prose seeks to explain the popularity and appeal of contemporary writing about nature This book intervenes in key areas of contemporary debate about literature and the environment and explores the enduring appeal of writing about nature during an ecological crisis Using a range of international examples with a focus on late twentieth and early twenty first century writing from Britain and the US Dominic Head argues that nature writing contains formal effects which encapsulate our current ecological dilemma and offer a fresh resource for critical thinking The environmental crisis has injected a fresh urgency into nature writing along with a new piquancy for those readers seeking solace in the nonhuman or for those looking to change their habits in the face of ecological catastrophe However behind this apparently strong match between the aims of nature writers and the desires of their readers there is also a shared mood of radical uncertainty and insecurity The treatment and construction of nature in contemporary imaginative prose reveals some significant paradoxes beneath its dominant moods moods which are usually earnest sometimes celebratory sometimes prophetic or cautionary It is in these paradoxical moments that the contemporary ecological crisis is formally encoded in a progressive development of ecological consciousness from the late 1950s onwards Nature prose fiction and nonfiction is now contemporaneous with a defining time of crisis while also being formally fashioned by that context This is a mode of writing that emerges in a world in crisis but which is also in some ways in crisis itself With chapters on remoteness exclusivity abundance and rarity this book marks a turning point in how literary criticism engages with nature writing      **Seasons of Storm and Wonder** Jim Crumley,2022-09-08 From Jim Crumley the pre eminent Scottish nature writer Guardian this landmark volume documents the extraordinary natural life of the Scottish Highlands and bears witness to the toll climate chaos is taking on its wildlife habitats and biodiversity laying bare what is at stake for future generations In this landmark volume Jim Crumley brings together a sweeping five year quest to document the seasons and how he has seen them change It explores the damage to the Earth s natural rhythms but also relishes the enduring beauty and wonder of nature itself Drawing on his studies of each season over more than thirty years and reworking the volumes in his best selling Seasons quartet Crumley has created this unique account of our natural world today After a lifetime of immersing himself in the landscapes of Scotland and a handful of other northern countries Crumley has amassed a body of knowledge and insight and a bank of memorable imagery Combining lyrical prose and passionate eloquence he lays bare the impact of an increasingly chaotic climate and urges us all towards a more daring conservation vision that embraces everything from the mountain treeline to a second spring for the wolf      *Otter* Daniel Allen,2020-05-11 Although rarely seen in the wild the otter is admired for its playful character and

graceful aquatic agility fixed in the popular imagination through books and films such as *Tarka the Otter* and *Ring of Bright Water*. This is just a small part of its story however throughout history the otter has been hunted for its fur and to prevent it from killing fish. Featuring numerous images from nature and culture as well as examples from folklore, sports and literature, this wide ranging book also explores the movement against otter hunting and the ongoing efforts promoting otter conservation. A fittingly lively study of its subject, *Otter* offers a new way of thinking about this much loved but endangered animal.

**Kathleen Raine** Jenny Messenger, 2025-06-12 For the poet and scholar Kathleen Raine, ancient texts were not obsolete but vital handbooks for reading reality. Drawing on Graeco Roman philosophy alongside modernist receptions of the ancient world, this book is the first study of her engagement with classical antiquity. Raine's interpretation of the classical past not only informed her literary work but also gave her a compelling perspective which located consciousness as the basis of reality. This way of seeing the world traceable from antiquity to the present day via the perennial philosophy claimed little distinction between inner self and outer world and stressed the interconnectedness of all beings. Jenny Messenger explores Raine's use of Graeco Roman philosophy as source texts for understanding consciousness articulated throughout her poetry, scholarship and autobiographical writing. Raine believed there were multiple planes of consciousness across which symbolic poetry and prose could operate to reach the highest levels of being. The creative arts were even capable of shaping consciousness, expanding or shrinking the scope of what could be experienced. Though she won acclaim during her lifetime, her literary reputation has been overshadowed by her relationship with writer and naturalist Gavin Maxwell. This book moves the focus back to Raine's work, bringing her complex classicism to a wider audience.

Europeans and conservationists whose thinking owes much to the romantic ideals of the nineteenth century More than that he also suggests a new way of dealing with the problem advocating drastic land use changes and the repopulation of empty glens an approach that has worldwide implications A very thoughtful piece of advocacy The Scotsman *Scots Imagination and Modern Memory* Andrew Blaikie, 2013-08-20 Blaikie explores how our different ways of seeing influence the relationship between place and belonging He argues that our memories however brief or complex invoke imagined pasts But do our recollections share a common frame of reference Blaikie s c
