

Reach Of Rome

Horace K. Mann

Reach Of Rome:

The Reach of Rome Alberto Angela, 2013-10-15 In this unconventional and accessible history Italian best seller Alberto Angela literally follows the money to map the reach and power of the Roman Empire To see a map of the Roman Empire at the height of its territorial expansion is to be struck by its size stretching from Scotland to Kuwait from the Sahara to the North Sea What was life like in the Empire and how were such diverse peoples and places united under one rule The Reach of Rome explores these questions through an ingenious lens the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115 Admired in his native Italy for his ability to bring history to life through narrative Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes By focusing on aspects of daily life so often overlooked in more academic treatments The Reach of Rome travels back in time and shows us a world that was perhaps not very different from our own And by following the path of a coin through the streams of commerce we can touch every corner of that world and its people from legionnaires and senators to prostitutes and slaves Through lively and detailed vignettes all based on archeological and historical evidence Angela reveals the vast Roman world and its remarkable modernity and in so doing he reinforces the relevance of the ancient world for a new generation of readers

The Reach of Rome Derek Williams, 1997 The Roman Empire was one of the most powerful forces in history However few people realize that this vast empire was guarded by one frontier a series of natural and man made barriers including Hadrian s Wall It is impossible to have a true understanding of the Roman Empire without first investigating the scope of this amazing frontier The boundary ran for roughly 4 000 miles from Britain to Morocco via the Rhine the Danube the Euphrates the Syrian Desert and the Saharan fringes reinforced by walls ditches palisades watchtowers and forts

The Reach of Rome Derek Williams, 1997 *The reach* , 1917 Journal of Forestry , 1926 List of members of the society in v 15 *The Lives of the Popes in the Early Middle Ages* Horace K. Mann, 1915 *The Lives of the Popes in the Early Middle Ages* Horace Kinder Mann, 1915

The Roman Empire and the Silk Routes Raoul McLaughlin, 2016-11-11 A fascinating history of the intricate web of trade routes connecting ancient Rome to Eastern civilizations including its powerful rival the Han Empire The Roman Empire and the Silk Routes investigates the trade routes between Rome and the powerful empires of inner Asia including the Parthian Empire of ancient Persia and the Kushan Empire which seized power in Bactria Afghanistan laying claim to the Indus Kingdoms Further chapters examine the development of Palmyra as a leading caravan city on the edge of Roman Syria Raoul McLaughlin also delves deeply into Rome s trade ventures through the Tarim territories which led its merchants to the Han Empire of ancient China Having established a system of Central Asian trade routes known as the Silk Road the Han carried eastern products as far as Persia and the frontiers of the Roman Empire Though they were matched in scale the Han surpassed its European rival in military technology The first book to address these subjects in a single comprehensive study The Roman Empire and the Silk Routes

explores Rome's impact on the ancient world economy and reveals what the Chinese and Romans knew about their rival Empires *Shadows* Roberto Casati, 2007-12-18 In this original wide ranging and endlessly thought provoking work of popular nonfiction a leading science writer uncovers the pervasive presence of shadows in our world For Plato shadows were the symbol of our limitations For Galileo they knocked the Earth from the center of the cosmos They are a source of fear and a symbol of ignorance and they loom large in art and design mythology and folklore physics and metaphysics and architecture and urban planning From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities Roberto Casati awakens our fascination in this tour de force of investigation and imagination *Atlanta 1864* Richard M. McMurry, 2001-01-01 Atlanta 1864 brings to life this crucial campaign of the Civil War as federal armies under William T Sherman contended with Joseph E Johnston and his successor John Bell Hood and moved steadily through Georgia to occupy the rail and commercial center of Atlanta Sherman's efforts were undertaken as his former commander Ulysses S Grant set out on a similar mission to destroy Robert E Lee or drive him back to Richmond These struggles were the millstones that Grant intended to use to grind the Confederacy's strength into dust By fall Sherman's success in Georgia had assured the re-election of Abraham Lincoln and determined that the federal government would never acquiesce in the independence of the Confederacy Richard M McMurry examines the Atlanta campaign as a political and military unity in the context of the greater struggle of the war itself Richard M McMurry is an independent scholar and the author of *John Bell Hood and the War for Southern Independence* Nebraska 1992 and *Two Great Rebel Armies An Essay in Confederate Military History* *The Big Idea Companion for Preaching and Teaching* Matthew D. Kim, Scott M. Gibson, 2021-04-20 Preaching 2022 Book of the Year Haddon Robinson's widely used and influential text *Biblical Preaching* has influenced generations of students and preachers In *The Big Idea Companion for Preaching and Teaching* trusted leading evangelical homiletics teachers of preaching and experienced pastors demonstrate that Robinson's big idea approach to expository preaching still works in today's diverse cultures and fast paced world This accessible resource offers an insider's view on figuring out the big idea of each book of the Bible helping preachers and teachers check their interpretation of particular biblical books and passages The contributors offer tips on how to divide each book of the Bible into preaching and teaching passages guidance on difficult passages and verses cultural perspectives for faithful application and suggested resources for interpreting preaching and teaching Pastors teachers Bible study leaders small groups and college and seminary students and professors will find a wealth of valuable information in this resource *Aurelian and the Third Century* Alaric Watson, 2004 *Aurelian and the Third Century* provides a re-evaluation in the light of recent scholarship of the difficulties facing the Roman empire in the AD 260s and 270s concentrating upon the reign of the Emperor Aurelian and his part in summoning them With introduction examining the situation in the mid third century the book is divided into two parts Part 1 deals chronologically with the military and political events of the period from 268 to 276

Part 2 analyzes the other achievements and events of Aurelian's reign and assesses their importance. A key supplement to the study of the Roman Empire.

The Roman Army Pat Southern, 2007-10-01. Written by a leading authority on Roman military history, this fascinating volume spans over a thousand years as it offers a memorable picture of one of the world's most noted fighting forces, paying special attention to the life of the common soldier. Southern here illuminates the Roman army's history, culture, and organization, providing fascinating details on topics such as military music, holidays, strategy, the construction of Roman fortresses and forts, the most common battle formations, and the many tools of war, from spears, bows, and arrows, swords, and slingshots to the large catapulta which fired giant arrows and bolts, and the ballista which hurled huge stones. Perhaps most interesting are the details Southern provides about everyday life in the Roman army, everything from the soldiers' pay (they were paid three times per year, but money was deducted for such items as food, clothing, weapons, the burial club, the pension scheme, and so on) to their often brutal life if whole units turned and ran about one-tenth of the men concerned were chosen by lot and clubbed to death, and the rest were put on barley rations instead of wheat. Moreover, soldiers who lost weapons or their shields would fight savagely to get them back or would die in the process rather than suffer the shame that attached to throwing weapons away or running from the battle. Attractively illustrated, this book offers a fascinating look at the life of the Roman soldier, drawing on everything from Rome's rich historical and archaeological record to soldiers' personal correspondence to depictions of military subjects in literature and art.

The Postal Revolution Juraj Kittler, 2025-07-03. This monograph explores the impact of expanding long-distance communication networks on business, politics, diplomacy, international law, and personal freedom. Trailblazed initially by pedestrian and later also mounted couriers, in the context of Italy, postal operations were first and foremost at the heart of the commercial revolution that transformed late medieval banking and commerce. In their next stage, they were also essential to the formation of centralized states and early modern diplomacy. Expanding access to postal services during the Renaissance was likewise instrumental to the inception of the Republic of Letters, while travel by the posts fostered personal mobility. The emergence of the earliest postal networks is therefore presented in this volume as the opening stage of an entire series of subsequent communications revolutions that ushered in the modern era.

The Spell of Italy Richard A. Block, 2006. Annotation: A study of the lure of Italy in German culture from the eighteenth to the twentieth century.

Family Guide Italy DK Travel, 2016-05-17. A family-focused guidebook to Italy for traveling with children ages 4 to 12.
