## **Reaching For The Olive Branch Unrwa And Peace In The Middle East:**

*Reaching for the Olive Branch* Milton Viorst, 1989 When UNRWA United Nations Relief and Works Agency for Palestine Refugees was established in 1949 it was not designed as a permanent organization Its founders hoped for an early solution to the problem of the Palestinian refugees but that did not come about This volume updates Viorst s 1984 study No bibliography Acidic paper Paper edition unseen 8 95 Annotation copyrighted by Book News Inc Portland OR

**Palestinians, Refugees, and the Middle East Peace Process** Don Peretz, 1993 In this clearly written and balanced volume longtime Middle East expert Don Peretz examines the current conditions and future prospects of the Palestine refugees and the members of the Palestinian diaspora He reviews their demographics living conditions political identity and perspectives on the peace process including the Gaza Jericho plan He explores a variety of proposed solutions including repatriation compensation and resettlement

*UNRWA and Palestinian Refugees* Sari Hanafi, Leila Hilal, Lex Takkenberg, 2014-04-24 Exploring the evolution of the United Nations Relief and Works Agency for Palestine Refugees in the Near East UNRWA this book fills a lacuna in literature on the agency UNRWA and Palestinian Refugees employs recent fieldwork in order to analyse challenges in programmes and service delivery protection camp governance community participation and camp improvement and reconstruction The chapters examine the way UNRWA is adapting to a changing social political and economic context mostly within urban settings a paradigmatic shift from understanding the Agency s role as simply a provider of relief and services to one comprehensively supporting the human development of Palestinian refugees Examining the refugee debate using new disciplines and research frameworks this collection aims to emphasise the centrality of the Palestinian refugee issue for Middle East peace making and to contribute a better understanding of a unique agency This book will be a useful aid for students and researchers with an interest in Middle East Studies Politics and the Israeli Palestinian conflict

**The Status of Palestinian Refugees in International Law** Alex Takkenberg, 1998 7 Scope of the study

*Palestinian Refugees* Robert Bowker, 2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process

*Palestinian Refugees* Ghada Hashem Talhami, 2003 The main goal of this book is to record as much of the Palestinian refugees political history as possible The author is becoming increasingly aware of the ebb and flow of general interest in the refugee issue and the strong possibility of subsuming that chapter in the larger Palestinian story As the PLO itself moved further and further away from the refugee constituency it became necessary to examine and define the impact of the refugee issue on the larger Palestinian political picture for indeed as it turned out they were always a tremendous influence on the course of Palestinian and Arab history Although they lost their leadership positions within the PLO as the latter became increasingly elitist and bureaucratic the powerless refugees apparently never lost the means to influence the course of Palestinian history This book relies heavily on early State Department dispatches Israeli Foreign Office correspondence early accounts of the stirrings of a refugee movement in Jordan and declarations

statements and studies of the Badil Research Centre and some right of return groups Also investigated is much of the known literature to emerge from the secretive Oslo negotiations and the reverberations produced by their deliberations throughout the Palestinian diaspora The resilience of the refugee question should never be questioned or declared until one of two things happened either the obliteration or dispersal of concentrated refugee communities became a reality or the Palestinian refugees accepted a resolution of some kind or another      *The Politics of International Humanitarian Aid Operations* Eric A. Belgrad, Nitza Nachmias, 1997-06-30 The theories and case studies examined in this volume constitute a thorough study of foreign intervention in civil conflicts for the purpose of rendering humanitarian aid The classical paradigm of the ethics of intervention forbids the violation of territorial sovereignty Public international law and the UN charter also mandate nonintervention within the territorial boundaries of a state Nevertheless in recent years as a result of brutal civil conflicts and their violent and inhumane consequences as in Rwanda Bosnia and Cambodia international aid interventions have become an accepted practice Still international humanitarian aid involves unsettled controversial issues dilemmas concerning donors recipients and international organizations These issues as well as the concepts of sovereignty human rights coercive interventions and peacekeeping are critically evaluated in this volume which will be of interest to scholars and policymakers in international relations human rights and military affairs      **The Middle East and North Africa 2004**, 2003-10-30 Now in its 50th edition this title continues to provide the most up to date geo political and economic information for this important world area Covers the Middle East and North Africa from Algeria to Yemen Offers quick access to a wide range of data Accurately and impartially records the latest political and economic developments Provides comprehensive data on all major organizations in the region General Survey Introductory essays covering topics relating to the region as a whole including Arab Israeli Relations 1967 2003 The Jerusalem Issue Documents on Palestine The Removal of Saddam Hussain and the Deconstruction of Iraq Natural Gas in the Middle East and North Africa Oil in the Middle East and North Africa and Islamic Banking and Finance Country Surveys Individual chapters on each country containing articles on geography recent history and economy an economic and demographic survey using all the latest available statistics on population agriculture industry finance trade transport tourism and education directory sections with names addresses and contact numbers covering the constitution government legislature judiciary political organizations diplomatic representation religious groups the media finance trade and industry including petroleum and tourism Regional Information Includes all major international organizations active in the region their aims activities publications and principal personnel Research Institutes specializing in the region Bibliographies of books and periodicals covering the Middle East and North Africa      *Survey of Arab-Israeli Relations 1947-2001* David Lea, 2003-09-02 Impartial documentation and background information fundamental to the understanding of Arab Israeli relations Key Features Covers in detail the years since the first Arab Israeli war and the statehood of Israel in 1947 48 to the most recent developments in relations between Israel the emerging
