## **Reaching Into Silence:**

Heller, 2023-11-14 Just Beyond Listening asks how we might think about encounters with sound that complicate standard accounts of aurality In a series of essays Michael C Heller considers how sound functions in dialogue with a range of sensory and affective modalities including physical co presence textual interference and spectral haunting The text investigates sound that is experienced in other parts of the body altered by cross wirings of the senses weaponized by the military or mediated and changed by cultural practices and memory Building on recent scholarship in sound studies and affect theory Heller questions not only how sound propagates acoustically but how sonic presences temper our total experience of the world around us Child Welfare Supervision Cathryn C. Potter, Charmaine R. Brittain, 2009-03-23 Supervisors have a

pivotal position in the child welfare workforce they recruit and retain the best employees move agencies to best practice frameworks and create a sustaining positive organizational climate Child welfare supervisors must lead a stressed workforce operating in a bureaucratic environment and always with the knowledge that children's lives are at stake They need and deserve a book oriented to the reality of their work Child Welfare Supervision connects theory and practice to provide an overview of the most relevant and sound approaches to supervision In thirteen illuminating chapters Child Welfare Supervision translates generic principles of supervision and management and organizational theory to the specifics and reality of the child welfare practice environment The result is a comprehensive integrated resource for child welfare supervisors that gives them the tools and information to succeed in the fast paced and intense world of child welfare Covers a wide range of must have skills for supervisors including leadership developing worker performance managing the Child Welfare unit working beyond the agency managing performance providing clinical supervision and respecting diversity Features case studies and scenarios that illustrate key points and competencies Brings together the latest research and literature review with a pragmatic approach to child welfare supervision and case studies illustrate key concepts Each chapter concludes with reflection questions that can be assigned for a class or used in an agency to generate thoughtful discussion **Secrets of the Oracle** W. David Shaw, 2009-12-01 What is wisdom Where does it come from Where can we

find it And what does it mean in our lives In Secrets of the Oracle David Shaw explores these questions by turning to the

works of wisdom writers whose words retain their meaning and transformative power even centuries after they were written Wisdom literature exists in two shaping forms the aphorism geared towards the past and the oracle a revolutionary impulse looking to the future Secrets of the Oracle discusses both types of wisdom finding them in the works of poets and philosophers from Tennyson and Zeno to Yeats and George Berkeley from Browning and Schleiermacher to T S Eliot and F H Bradley The book also discusses the contribution to wisdom of Jesus and the author of Ecclesiastes of Abraham Lincoln and Norman Maclean Part celebration of wisdom found and part lament for wisdom lost Secrets of the Oracle is convincing in its assertion that wisdom articulates what is and offers creative visions of the future **Third Voice** Michael P.

Knowles, 2021-01-14 What makes for powerful preaching Careful exegesis logical structure interesting illustrations and clear speech can all help But truly transformative preaching depends on divine power not human skill alone Those who would reduce preaching to simple systems or sure fire strategies for success will find little of interest here Instead this book appeals to those pastors and academics alike who find themselves confounded by the occasional futility of their best preaching and the unexpected success of their worst It invites readers to enter more deeply into the uncontrollable mystery that attends all efforts to speak in the name of Christ above all on the topic of resurrection Although the gospel always turns our attention to the crucified and risen Lord preaching about resurrection calls us to trust that the same God who raised Jesus from death will likewise grant life to us as preachers to our sermons and to our hearers alike Drawing on resources as diverse as Luther's understanding of the Christian gospel Speech Act theory and Bhabha's concept of Third Space Third Voice Preaching Resurrection argues that the true key to effective preaching is not rhetoric but spirituality

**Rediscovering Rhetoric** Justin T. Gleeson, Ruth C. A. Higgins, 2008 Rhetoric is ubiquitous in modern discourse from arguments delivered in the High Court to advertisements disseminated in the high street For the legal and political advocate persuasion is also a professional technique that must be perfected properly to practise each art In contrast with the classical era and the middle ages in which grammar rhetoric and dialectic were basic features of all education modern curricula almost entirely neglect any theoretical study of the methods of rhetoric Rediscovering Rhetoric re introduces to modern practitioners and students a grasp of the speeches writings and methodologies of the great classical scholars of rhetoric Part 1 Law and Language in the Greco Roman Tradition provides a contextualised introduction to significant theorists of rhetoric in the classical period and consists of four chapters written by practising barristers and a current Justice of the Federal Court of Australia Part 2 The Practice of Persuasion comprises essays by practitioners distinguished in their pursuit of legal persuasion one former and two current Justices of the High Court of Australia illuminating their experiences of argument from the perspective of both bench and bar Part 3 The Politics of Persuasion performs a similar function to Part 2 in the related domain of politics It includes a chapter by Graham Freudenberg former speechwriter for Gough Whitlam and others Together the three parts provide a unique inter disciplinary perspective on the theory and practice of legal and political

persuasion Published in association with the NSW Bar Association      **In Search of Grace** Peter Reason,2017-10-27 To recover from ecological disaster we humans must transform the sense of who we are in relation to the Earth In Search of Grace is the story of an ecological pilgrimage undertaken by the author in his small yacht Coral from the south of England and round the west coast of Ireland to the far north of Scotland It explores themes of pilgrimage the overall pattern of separation from the everyday venturing forth and returning home It tells of meeting wildlife visiting sacred places confronting danger expanding and deepening the experience of time of silence and of fragility      **Reading Literature After Deconstruction** ,      **Pilgrimage into God** Sicco Claus,2023-04-01 Pilgrimage into God A Study of John Main s Meditation Oriented Spirituality is a comprehensive investigation of the heritage of the Benedictine monk John Main 1926 1982 This founder of a worldwide movement for Christian meditation understands meditation as an intentional transcending of all mental processes Contrary to popular opinion which associates meditation uniquely with Eastern traditions Main considers meditative practice to be essential and central to Christian faith This study not only explores Main s views on practise but also looks into his theology his understanding of spiritual growth and the ideal contexts for achieving such growth It does this by critically situating Main s spiritual teaching within the Christian tradition and exploring its relation to Charles Taylor s interpretation of the modern spiritual condition This study also aims at exploring how Main s heritage may contribute to illuminating Christian spiritual life today      **Love like a Saint** Elizabeth M. Herbie DiFonzo, Ruth C. Stern,2013 The rise in divorce cohabitation single parenthood and same sex partnerships along with an increase in surrogacy adoption and

assisted reproductive technologies has led to many diverse configurations of families or intimate associations J Herbie DiFonzo and Ruth C Stern chart these trends over the past several decades and investigate their social legal and economic implications Drawing upon a wealth of social science data they show that by a number of measures children of married parents fare better than children in a household formed by cohabiting adults This is not to condemn nontraditional families but to point out that society and the law do not yet adequately provide for their needs The authors applaud the ways in which courts and legislatures are beginning to replace rigid concepts of marriage and parenthood with the more flexible concept of functional family roles In the conclusion they call for a legal system that can adapt to the continually changing reality of family life
