Read Or Die:

Read Or Die Daphne Russell, 2018-05-16 I look forward to the day I see yellow caution tape stretched around my students neighborhoods the chalk outline of apathy on the ground crushed by the weight of a thousand books Until then I treat each day as if books are EpiPens and every student has a shellfish allergy with a mouth full of shrimp Most of the students in Daphne Russell s reading class have never read an entire book and they can t relate to Harry Potter and his magic wand Abel is twenty eight days behind everyone else and he needs enough books inside him to get his lungs to work again mend his shattered heart and kick the shit out of apathy In her memoir Read or Die Russell documents her daily battle as a middle school teacher in Tucson Arizona fighting against predetermined trajectories of less than beliefs with an arsenal of hard covers and tattered pages A talented and caring teacher Russell offers a moving portrayal that combines rich autobiographical details with firsthand insight into the world of education Read or Die is not only a compelling story but also offers revealing and meaningful insights into education in America from a seasoned insider [Read or Die: R.O.D Official Archive](#) Koji Masunari, 2013-01-01 The Read or Die anime features the story of Yomiko Readman and the British Library Special Operations Division a secret group dedicated to the location and protection of rare books The R O D Official Archive is your ultimate guide to the world of both the original 3 episode OVA and the 26 episode TV series The book features character designs promotional art rough sketches episode summaries creator interviews and tons of information about this landmark anime franchise **Read or Die, Vol. 3** Shutaro Yamada, 2006-07-18 Yomiko Readman codename The Paper is a substitute teacher and a secret agent for the Royal British Library s Division of Special Operations She uses special powers to seek out legendary books containing secret information that in the wrong hands could be dangerous **Interpreting Anime** Christopher Bolton, 2018-02-20 For students fans and scholars alike this wide ranging primer on anime employs a panoply of critical approaches Well known through hit movies like Spirited Away Akira and Ghost in the Shell anime has a long history spanning a wide range of directors genres and styles Christopher Bolton s Interpreting Anime is a thoughtful carefully organized introduction to Japanese animation for anyone eager to see why this genre has remained a vital adaptable art form for decades Interpreting Anime is easily accessible and structured around individual films and a broad array of critical approaches Each chapter centers on a different feature length anime film juxtaposing it with a particular medium like literary fiction classical Japanese theater and contemporary stage drama to reveal what is unique about anime s way of representing the world This analysis is abetted by a suite of questions provoked by each film along with Bolton s incisive responses Throughout Interpreting Anime applies multiple frames such as queer theory psychoanalysis and theories of postmodernism giving readers a thorough understanding of both the cultural underpinnings and critical significance of each film What emerges from the sweep of Interpreting Anime is Bolton s original articulate case for what makes anime unique as a medium how it at once engages profound social and political realities while also drawing attention to the very challenges of
