Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history. This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day. Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field. The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication. **Readers' Guide**, 1912 *Readers' Guide to Periodical Literature*, 1916 Author and subject index to a selected list of periodicals not included in the Readers guide and to composite books. **Reader's Guide to Periodical Literature Supplement**, 1928 Finding List of the Minneapolis Public Library Minneapolis Public Library, 1900 *Catalogue of the Minneapolis Public Library* Minneapolis Public Library, 1901 *The Reader's Guides ...*, 1928 **Reader's Guide to Literature in English** Mark

Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study. A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students, teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature. Within each of 24 major sections Marcuse lists and annotates bibliographies, guides, reviews of research, encyclopedias, dictionaries, journals and reference histories. The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate. Although cost-conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L. Harner's *Literary Research Guide* Modern Language Assn of America 1989, larger academic libraries will want Marcuse's volume.
