**Marc DiPaolo**

## **Reading Between Designs Visual Imagery And The Generation Of Meaning In Th:**

New Dimensions of Doctor Who David Mellor, Matt Hills, 2013-09-03 The Doctor may have regenerated on many occasions but so too has Doctor Who Moving with the times the show has evolved across fifty years New Dimensions of Doctor Who explores contemporary developments in Doctor Who's music design and representations of technology as well as issues of showrunner authority and star authorship Putting these new dimensions in context means thinking about changes in the TV industry such as the rise of branding and transmedia storytelling Along with its faster narrative pace and producer fan interaction via Twitter new Who also has a new home at Roath Lock Studios Cardiff Bay Studying the Doctor Who Experience in its Cardiff setting and considering audience nostalgia alongside anniversary celebrations this book explores how current Doctor Who relates to real world spaces and times New Directions of Doctor Who is the scholarly equivalent of a multi Doctor story bringing together the authors of Triumph of a Time Lord and TARDISbound as well as the editors of Time and Relative Dissertations in Space Impossible Worlds Impossible Things Torchwood Declassified and Doctor Who The Eleventh Hour It also features contributions from experts on TV brands bioethics transmedia and cultural icons As new Who creates ongoing mysteries and poses exciting questions this collection demonstrates the vitality of Doctor Who studies Fire and Snow Marc DiPaolo, 2018-08-01 A broad examination of climate fantasy and science fiction from The Lord of the Rings and the Narnia series to The Handmaid's Tale and Game of Thrones Fellow Inklings J R R Tolkien and C S Lewis may have belonged to different branches of Christianity but they both made use of a faith based environmentalist ethic to counter the mid twentieth century's triple threats of fascism utilitarianism and industrial capitalism In Fire and Snow Marc DiPaolo explores how the apocalyptic fantasy tropes and Christian environmental ethics of the Middle earth and Narnia sagas have been adapted by a variety of recent writers and filmmakers of climate fiction a growing literary and cinematic genre that grapples with the real world concerns of climate change endless wars and fascism as well as the role religion plays in easing or escalating these apocalyptic level crises Among the many other well known climate fiction narratives examined in these pages are Game of Thrones The Hunger Games The Handmaid's Tale Mad Max and Doctor Who Although the authors of these works stake out ideological territory that differs from Tolkien's and Lewis's DiPaolo argues that they nevertheless mirror their predecessors ecological concerns The Christians Jews atheists and agnostics who penned these works agree that we all need to put aside our cultural differences and transcend our personal socioeconomic circumstances to work together to save the environment Taken together these works of climate fiction model various ways in which a deep ecological solidarity might be achieved across a broad ideological and cultural spectrum This book is remarkably diverse in its literary cinematic journalistic and graphics media sources and the writing is equally authoritative in all these domains DiPaolo's prose moves deftly from a work of fiction to its film avatar to the political and societal realities they address and back again into other cultural manifestations and then into and out of the deep theory of climate fiction literary scholarship ecofeminism

religious tradition and authorial biographies It contributes considerably to all of these fields and is indispensable for climate and environmental literature classes It's also a must have for general readers of the genre Jonathan Evans coauthor of *Ents, Elves and Eriador: The Environmental Vision of J.R.R. Tolkien* I like it No I love it This book is both broad and deep and yet it remains both very readable and constantly interesting It's the sort of book that can only be written by someone who is a good reader of both books and culture As I was reading it I thought this is like being at a party and meeting someone brilliant and fun and finding that I'm enjoying that person's company so much that I don't notice the time flying by It's not often that a scholarly book does that to me David O'Hara Augustana University

**Religion and Doctor Who** Andrew Crome, James F. McGrath, 2013-11-14 Doctor Who has always contained a rich current of religious themes and ideas In its very first episode it asked how humans rationalize the seemingly supernatural as two snooping schoolteachers refused to accept that the TARDIS was real More recently it has toyed with the mystery of Doctor's real name perhaps an echo of ancient religions and rituals in which knowledge of the secret name of a god, angel or demon was thought to grant a mortal power over the entity But why does Doctor Who intersect with religion so often and what do such instances tell us about the society that produces the show and the viewers who engage with it The writers of *Religion and Doctor Who: Time and Relative Dimensions in Faith* attempt to answer these questions through an in-depth analysis of the various treatments of religion throughout every era of the show's history While the majority of chapters focus on the television show Doctor Who the authors also look at audios, novels and the response of fandom Their analyses all written in an accessible but academically thorough style reveal that examining religion in a long running series such as Doctor Who can contribute to a number of key debates within faith communities and religious history Most importantly it provides another way of looking at why Doctor Who continues to inspire to engage and to excite generations of passionate fans whatever their position on faith The contributors are drawn from the UK, the USA and Australia and their approaches are similarly diverse Chapters have been written by film scholars and sociologists, theologians and historians, rhetoricians, philosophers and anthropologists Some write from the perspective of a particular faith or belief others write from the perspective of no religious belief All however demonstrate a solid knowledge of and affection for the brilliance of Doctor Who

**The Galaxy Is Rated G** R.C. Neighbors, Sandy Rankin, 2011-08-10 Through spaceships, aliens, ray guns and other familiar trappings, science fiction uses the future and sometimes the past to comment on current social, cultural and political ideologies the same is true of science fiction in children's film and television This collection of essays analyzes the confluences of science fiction and children's visual media covering such cultural icons as Flash Gordon, the Jetsons and Star Wars as well as more contemporary fare like the films *Wall-E*, *Monsters vs Aliens* and *Toy Story* Collectively the essays discover, applaud and critique the hidden and not so hidden messages presented on our children's film and TV screens

*Contemporary British Television Crime Drama* Ruth McElroy, 2016-10-14 Contemporary British Television Crime Drama examines one of the medium's most popular genres and places it within its historical and industrial

context The television crime drama has proved itself capable of numerous generic reinventions and continues to enjoy some of the highest viewing figures Crime drama offers audiences stories of right and wrong moral authority asserted and resisted and professionals and criminals doing so in ways that are often highly entertaining innovative and thought provoking In examining the appeal of this highly dynamic genre this volume explores how it responds not only to changing social debates on crime and policing but also to processes of hybridization within the television industry itself Contributors many of whom are leading figures in UK television studies analyse popular series such as Broadchurch Between the Lines Foyle s War Poirot Prime Suspect Sherlock and Wallander Essays examine the main characteristics of television crime drama production including the nature of trans Atlantic franchises and literary and transnational adaptations Adopting a range of feminist historical aesthetic and industrial approaches they offer incisive interrogations that provide readers with a rich understanding of the allure of crime drama to both viewers and commissioners

**Ink-stained Amazons and Cinematic Warriors** Jennifer K. Stuller, 2010-01-30 From Wonder Woman to Buffy Summers Emma Peel to Sydney Bristow Charlie s Angels to The Powerpuff Girls Superwomen are more than just love interests or sidekicks who stand by their Supermen In her new book Stuller shows how the female hero in modern mythology has broken through the boy s club barrier of tradition and reveals the pivotal role of high heeled crime fighters in popular culture Featuring spies and sexuality daddy s girls and super mothers this is a comprehensive engaging and thought provoking guide to female detectives meta humans and action heroines as well as their creators directors performers and consumers The book also includes a glossary of modern mythic women from Aeon to Zoe as well as a foreword by acclaimed cultural commentator Roz Kaveney author of Superheroes Capes and Crusaders in Comics and Films published by I B Tauris April 2008

**Superheroes on World Screens** Rayna Denison, Rachel Mizsei-Ward, 2015-05-26 Superheroes such as Superman and Spider Man have spread all over the world As this edited volume shows many national cultures have created or reimagined the idea of the superhero while the realm of superheroes now contains many icons whose histories borrow from local folklore and legends Consequently the superhero needs reconsideration to be regarded as part of both local and global culture as well as examined for the rich meanings that such broad origins and re workings create This collection stands out as the first concentrated attempt to think through the meanings and significance of the superhero not only as a product of culture in the United States but as a series of local transnational and global exchanges in popular media Through analysis of mainly film television and computer screens contributors offer three challenges to the idea of the American superhero transnational reimagining of superhero culture emerging local superheroes and the use of local superheroes to undermine dominant political ideologies The essays explore the shifting transnational meanings of Doctor Who Thor and the Phantom as these characters are reimagined in world culture Other chapters chart the rise of local superheroes from India the Middle East Thailand and South Korea These explorations demonstrate how far superheroes have traveled to inspire audiences worldwide

**TARDISbound** Piers D.

Britton, 2011-03-30 Doctor Who has always thrived on multiplicity unpredictability and transformation its worlds and characters kaleidoscopic and shifting and Doctor Whos complexity has grown With its triumphant return to TV in 2005 it was made up of four different fictional forms across three different media with five actors simultaneously playing the eponymous hero TARDISbound is the first book to deal both with the TV series and with the audio adventures original novels and short story anthologies produced since the 1990s engaging with the common elements of these different texts and with distinctive features of each TARDISbound places Doctor Who under a variety of lenses from examining the leading characteristics of these Doctor Who texts to issues of class ethnicity and gender in relation to the Doctor s other TARDIS crew members and the non human inhuman beings they encounter TARDISbound also addresses major questions about the aesthetics and ethical implications of Doctor Who *Who Makes the Franchise?* Rhonda Knight, Donald Quist, 2022-11-11 Fans and the billion dollar franchises in which they participate have together become powerful agents within popular culture These franchises have launched avenues for fans to expand and influence the stories that they tell This book examines those fan driven narratives as wilderness texts in which fans use their platforms to create for themselves while also communicating their visions to the franchises thus spurring innovation The essays in this collection look at how fans intervene in the production of mass media Scholars analyze the negotiations between fan desires for both novelty and familiarity that franchises must maintain in order to achieve critical and commercial success Applying varying theoretical approaches to discussions of fan responses to franchises including Star Wars Marvel Godzilla Firefly The Terminator Star Trek DC and The Muppets these essays provide insight into the ever changing relationships between fandom and transmedia storytelling

**Triumph of a Time Lord** Matt Hills, 2010-01-30 Before Saturday March 26th 2005 Doctor Who had been off the air as a regular new TV series for more than fifteen years until a production team led by Russell T Davies re imagined the programme so successfully so triumphantly that it s become an instant Christmas tradition a BAFTA winner an international superbrand and a number one rated show It s even been credited with reinventing family TV This is the first full length book to explore the new Who phenomenon through to the casting of Matt Smith as the new Doctor It explores Doctor Who through contemporary debates in TV Studies about quality TV and how can we define TV series as both cult and mainstream Further the book challenges assumptions in focusing on the importance of breath taking dramatic moments along with narrative structures and in analysing the significance of Murray Gold s music as well as the series visual representations Matt Hills is a lifelong Who fan and he also considers the role of fandom in the show s return He investigates too the multi generic identity the monster led format and the time travelling brand of BBC Wales Doctor Who In the twenty first century TV is changing but the last of the Time Lords has been more than ready he s been fantastic **Cult TV Heroines** Catriona Miller, 2020-10-29 From Mrs Peel to the first female Doctor Who this book offers a timely focus on the popular phenomenon of the cult TV heroine The enduring phenomenon of cult TV itself is carefully explored through questions of genre the role of the audience

and the external environment of technological advances and business drivers Catriona Miller then suggests a fresh account of the psychological dimension of the phenomenon utilising Carl Jung's concepts of the transcendent function and active imagination Her analysis of the heroines themselves considers the workings of the audio visual text alongside narrative and character arcs exploring the complex and contradictory ways in which the heroines are represented Established cult TV favourites such as Buffy the Vampire Slayer The X Files and Xena Warrior Princess are examined alongside more recent shows such as Chilling Adventures of Sabrina Jessica Jones and American Horror Story Coven

**Television Studies: The Basics** Toby Miller, 2009-12-04 Television Studies The Basics is a lively introduction to the study of a powerful medium It examines the major theories and debates surrounding production and reception over the years and considers both the role and future of television Topics covered include broadcasting history and technology institutions and ownership genre and content audiences Complete with global case studies questions for discussion and suggestions for further reading this is an invaluable and engaging resource for those interested in how to study television

**Jimmy Perry and David Croft** Simon Morgan-Russell, 2004 This book explores the collaborative sitcoms of two of British television's most well known comedy writers Written over a period of twenty five years the four series Dad's Army It Ain't Half Hot Mum Hi de Hi and You Rang M Lord have endured as much loved and often repeated classics The book explores the themes of Perry and Croft's writing in terms of their own biography and as articulations of British cultural and televisual history Focusing on issues central to the concept of identity in British culture class gender sexuality and race and analysing individual episodes and scenes in the four series Jimmy Perry and David Croft evaluates the contributions made by these two writers to the genre of situation comedy and locates the programmes in the immediate contexts of their production Including new interview material from David Croft this book will be invaluable to students and lecturers of television studies and cultural studies

**Who is Who?** Kevin S. Decker, 2013-09-03 When you have been wandering the cosmos from one end of eternity to another for nearly a thousand years what's your philosophy of life the universe and everything Doctor Who is 50 years old in 2013 Through its long life on television and beyond it has inspired much debate due to the richness and complexity of the metaphysical and moral issues that it poses This is the first in depth philosophical investigation of Doctor Who in popular culture From 1963's An Unearthly Child through the latest series it considers continuity and change in the pictures that the programme paints of the nature of truth and knowledge science and religion space and time good and evil including the uncanny the problem of evil the Doctor's complex ethical motivations questions of persisting personal identity in the Time Lord processes of regeneration the nature of time travel through wibbly wobbly timey wimey stuff how quantum theory affects our understanding of time and the nature of the mysterious and irrational in the Doctor's universe

**Doctor Who** Jim Leach, 2009-04-17 A comprehensive account of Doctor Who as a television series and product of popular culture Doctor Who the iconic British science fiction series following a time traveling alien scientist was first broadcast November 23 1963 on BBC Television Though modestly

conceived and produced its depiction of the alien but strangely human Doctor proved to be such a commercial success that the program was shown in more than forty countries over twenty six seasons from 1963 to 1989 and returned successfully to television in 2005 In Doctor Who Jim Leach explores the reasons behind the original series popularity and the ways it evolved during its long run Leach analyzes in detail seven representative episodes from the original run of the series to trace the development of the seven regenerations of the main character by different actors In addition to detailing each actor's contribution to the role he also tackles such issues as the show's self reflexivity its attitude toward science and technology and its generic mix of science fiction fantasy and horror Leach considers Doctor Who as a fantastic text with its concept of regeneration and the complex experience of time that evolved during its run He also looks at the series manipulation of the medium of television and its broader cultural influences and implications Leach concludes with a section that looks at the continuities and differences found in the new series Doctor Who is an accessible and intriguing guide to one of the most popular series in television history Film and television studies scholars fans of the show and general readers interested in popular cultural studies will enjoy this enlightening volume

### **Ruminations, Peregrinations, and Regenerations**

Christopher J. Hansen, 2010-03-08 Peregrinations Ruminations and Regenerations A Critical Approach to Doctor Who examines the famous BBC science fiction show as a cultural artifact in dialogue with other science fiction with politics and religion and with the culture at large both in terms of how it reflects and comments upon that culture and in terms of the audience and the peculiarities of its response This book enables researchers in film and media to make historical industrial aesthetic and ideological connections between and among Doctor Who and other shows and historical events since its inception in 1963 This volume is a new entry in a relatively new area As the young fans of Doctor Who have matured and as many have become scholars they are returning to the show to consider it from a scholarly perspective It is also of use in the media studies classroom to address directly the issues presented by the longest running science fiction show in the history of the medium Peregrinations Ruminations and Regenerations considers not only cultural ramifications and connections but audience studies as well

**Doctor Who: A British Alien?** Danny Nicol, 2018-02-02 This book argues that Doctor Who the world's longest running science fiction series often considered to be about distant planets and monsters is in reality just as much about Britain and Britishness Danny Nicol explores how the show through science fiction allegory and metaphor constructs national identity in an era in which identities are precarious ambivalent transient and elusive It argues that Doctor Who's projection of Britishness is not merely descriptive but normative putting forward a vision of what the British ought to be The book interrogates the substance of Doctor Who's Britishness in terms of individualism entrepreneurship public service class gender race and sexuality It analyses the show's response to the pressures on British identity wrought by devolution and separatist currents in Scotland and Wales globalisation foreign policy adventures and the unrelenting rise of the transnational corporation

**Time Lords and Star Cops** Philip Braithwaite, 2023-05-30 British science fiction television of

the 1970s and 1980s is full of Machiavellian protagonists and fatalistic endings. It presents a complex world of moral and ethical dilemmas appropriate to the emerging political landscape of Thatcherite Britain. This book analyses the science fiction series of the period including Blake's 7, Doctor Who and Sapphire Steel alongside Britain's transition from social democracy to neoliberal economics and the premiership of Margaret Thatcher. It examines the abrupt shifts in themes and tone that these series often exhibit compared to their predecessors, highlighting comparisons to the similarly abrupt change in Britain's political landscape.

The Essential Science Fiction Television Reader J.P. Telotte, 2008-05-02. A richly detailed and critically penetrating overview from the plucky adventures of Captain Video to the postmodern paradoxes of The X-Files and Lost. Rob Latham, coeditor of Science Fiction Studies. Exploring such hits as The Twilight Zone, Star Trek, Battlestar Galactica and Lost among others, The Essential Science Fiction Television Reader illuminates the history, narrative approaches and themes of the genre. The book discusses science fiction television from its early years when shows attempted to recreate the allure of science fiction cinema to its current status as a sophisticated genre with a popularity all its own. J.P. Telotte has assembled a wide-ranging volume rich in theoretical scholarship yet fully accessible to science fiction fans. The book supplies readers with valuable historical context, analyses of essential science fiction series and an understanding of the key issues in science fiction television.

Rethinking Gender in Popular Culture in the 21st Century Astrid M. Fellner, Marta Fernández-Morales, Martina Martausová, 2017-11-06. This book explores popular culture representations of gender, offering a rich and accessible discussion of masculinities and femininities in 21st-century popular media. It brings together contributors from various European countries to investigate the workings of gender in contemporary pop culture products in a brave, original and rigorous way. This volume is both an academic proposal and an exercise of commitment to a serious analysis of some of the media that influence us most in our everyday lives. Representation matters and the position we take as viewers or consumers during reception matters even more.

This Captivating Realm of Kindle Books: A Thorough Guide Unveiling the Advantages of Kindle Books: A Realm of Ease and Flexibility E-book books, with their inherent portability and simplicity of availability, have liberated readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for particular titles in bookstores. E-book devices, stylish and lightweight, effortlessly store an wide library of books, allowing readers to immerse in their favorite reads whenever, anywhere. Whether commuting on a busy train, relaxing on a sun-kissed beach, or just cozying up in bed, Kindle books provide an unparalleled level of convenience. A Literary Universe Unfolded: Discovering the Wide Array of E-book Reading Between Designs Visual Imagery And The Generation Of Meaning In Th Reading Between Designs Visual Imagery And The Generation Of Meaning In Th The E-book Shop, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning varied genres, catering to every readers taste and preference. From captivating fiction and thought-provoking non-fiction to classic classics and contemporary bestsellers, the E-book Shop offers an exceptional abundance of titles to discover. Whether seeking escape through engrossing tales of imagination and exploration, delving into the depths of past narratives, or expanding ones knowledge with insightful works of science and philosophical, the E-book Store provides a doorway to a bookish world brimming with endless possibilities. A Transformative Factor in the Bookish Landscape: The Lasting Impact of E-book Books Reading Between Designs Visual Imagery And The Generation Of Meaning In Th The advent of E-book books has undoubtedly reshaped the literary scene, introducing a model shift in the way books are published, disseminated, and read.
