International Handbook of Comparative Education Robert Cowen, Andreas M. Kazamias, 2009-08-22 A big project like this Handbook means that you incur debts and not only to your authors and your publisher As editors we along with our colleague Elaine Unterhalter who edited the section on postcolonialism would like to thank most warmly those authors who delivered on time and who did not fuss but just got on and did a rate job We would also like to thank all authors who did deliver which was almost everyone we asked We know that some of our authors worked in very difficult private circumstances as they were finishing their chapters and we hope the publication of the Volumes will later be for them a happy reminder of difficulties and disasters overcome The only sad theme is that some very close colleagues with whom we were working and for whom we had the greatest respect and liking became very ill and died while the volumes were being prepared We decided to ask for copyright permissions to publish something of theirs These permissions were graciously given by two major journals and with the agreement also of our publishers Springer Rolland Paulston and Terry McLaughlin have examples of their writing in this Handbook The Anthropology of Childhood David F.
