Reading Castaneda A Prologue To The Social Sciences:

Reading Castaneda (Routledge Revivals) David Silverman, 2013-12-02 Carlos Castaneda's accounts of his meeting with the Yaqui Indian magician Don Juan are well known to sociologists both in Britain and in America First published in 1975 the title assumes no previous knowledge of Castaneda but instead uses his work as a springboard to wider issues *Reading Castaneda* David Silverman, 1975-01-01 Reading Castaneda (Routledge Revivals) David Silverman, 2019-10-25 Carlos Castaneda's accounts of his meeting with the Yaqui Indian magician Don Juan are well known to sociologists both in Britain and in America Using material largely from Castaneda's *The Teachings of Don Juan* David Silverman here seeks to introduce the student of Sociology to some of the central epistemological concerns of social science First published in 1975 the title assumes no previous knowledge of Castaneda but instead uses his work as a springboard to wider issues in particular making sense of our reality and understanding each other by using language and communication This is an interesting reissue which will be of particular value to students of the sociology of language and communication as well as Communication Studies more generally **Narratives in Social Science Research** Barbara Czarniawska-Joerges, 2004-03-27 Provides an historical overview of the development of the narrative approach a guide to how narrative methods can be applied in fieldwork how to incorporate a narrative approach within a field project guidelines for interpreting collected or produced narratives and useful guides for further reading **Fantasies of the Master Race** Ward Churchill, 1998 Chosen an Outstanding Book on the Subject of Human Rights in the United States by the Gustavus Myers Center for the Study of Human Rights In this volume of incisive essays Ward Churchill looks at representations of American Indians in literature and film delineating a history of cultural propaganda that has served to support the continued colonization of Native America During each phase of the genocide of American Indians the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption Literature about Indians was first written and published in order to provoke and sanctify warfare against them Later the focus changed to enlisting public support for civilizing the savages stripping them of their culture and assimilating them into the dominant society Now in the final stages of cultural genocide it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth The primary means by which this is accomplished is through the powerful publishing and film industries Whether they are the tragically doomed noble savages walking into the sunset of *Dances With Wolves* or Carlos Castaneda's Don Juan the exotic mythical Indians constitute no threat to the established order Literature and art crafted by the dominant culture are an insidious political force disinforming people who might otherwise develop a clearer understanding of indigenous struggles for justice and freedom This book is offered to counter that deception and to move people to take action on issues confronting American Indians today *The Ethnopoetics of Shamanism* M. Santos, 2016-04-30 Over the last century Western portrayals of shamanism have changed radically toward an ethnopoetics of shamanism While shamanic practices had long been indirectly registered by Westerners

it is only since the late nineteenth century that they have taken on symbolic import within discourses of primitivism and debates over magic and rationality

The Aesthetics of Organization Stephen Linstead, Heather Joy Höpfl, 2000-04-19 Organizational aesthetics both as a body of theory and a method of inquiry is a rapidly expanding area of the organizational sciences The Aesthetics of Organization accessibly draws key contributions delineating the emerging parameters of the field It explains the significance of concepts devised by postmodern thinkers through which emerge meaning and order in organizations Methodological problems associated with investigations of the aesthetic are also highlighted so the reader can identify and understand the importance of recent ideas on vision perspective and periphery for learning in organizations Through the contributions of leading international theorists organizational aesthetics is defined in greater historical and theoretical depth with a broad conceptual and practical range which academics will find invaluable *Audit Cultures* Marilyn Strathern, 2003-12-08 Do audit cultures deliver greater responsibility or do they stifle creative thought We are all increasingly subjected to auditing and alongside that subject to accountability for our behaviour and actions Audit cultures pervade in the workplace our governmental and public institutions as well as academia However audit practices themselves have consequences beneficial and detrimental that often go unexamined This book examines how pervasive practices of accountability are the political and cultural conditions under which accountability flourishes and the consequences of their application Twelve social anthropologists look at this influential and controversial phenomenon and map out the effects around Europe and the Commonwealth as well as in contexts such as the European Commission the International Monetary Fund and Academic institutions The result provides an excellent insight into auditing and its dependence on precepts of economic efficiency and ethical practice This point of convergence between these moral and financial priorities provides an excellent opening for debate on the culture of management and accountability **Science and Anthropology in a Post-Truth World** H.

Sidky, 2020-11-12 At the end of 2019 Americans were living in an era of post truth characterized by fake news weaponized lies alternative facts conspiracy theories magical thinking and irrationalism While many complex interconnected factors were at work this post truth era was partly the culmination of a cadre of anthropologists and other academics in American universities and colleges during the 1980 s and 1990 s In *Science and Anthropology in a Post Truth World* H Sidky examines how their untoward dalliance with problematic and dangerous ideas by Michel Foucault Jacques Derrida Jean Fran ois Lyotard Bruno Latour and Jean Baudrillard informed and empowered a forceful assault on science and truth in the following

decades by corporate organizations politicians religious extremists and right wing populists *A Pack of Lies* J. A. Barnes,1994-06-09 Defining lies as statements that are intended to deceive this book considers the contexts in which people tell lies how they are detected and sometimes exposed and the consequences for the liars themselves their dupes and the wider society The author provides examples from a number of cultures with distinctive religious and ethical traditions and delineates domains where lying is the norm domains that are ambiguous and the one domain science that requires truthtelling He refers to experimental studies on children that show how at an early age they acquire the capacity to lie and learn when it is appropriate to do so He reviews how lying has been evaluated by moralists examines why we do not regard novels as lies and relates the human capacity to lie to deceit among other animal species He concludes that although there are in all societies good pragmatic reasons for not lying all the time there are also strong reasons for lying some of the time

Qualitative Research David Silverman,2004-05-25 Common themes in this volume include the centrality of the relationship between analytic perspectives and methodological issues links between social science traditions and the need to expand the paradigm of qualitative research Postmodernism and Organizations John Hassard Martin Parker,1993-07-13 Essential reading for all those concerned with contemporary theorizing of organization this important and thought provoking volume explores the implications of postmodernist poststructuralist thinking for organizations and organizational analysis The book introduces the concepts underpinning a postmodern organizational analysis contrasting modern and postmodern forms of explanation and addressing the distinctions between postmodernity and postmodernism Succeeding chapters then examine and assess the interplay of major postmodernist themes such as deconstruction desire difference pluralism and relativism with key topics of organizational analysis and research The final section is one of critique as its authors variously argue that postmodernism fails adequately to address the realities of power control and change in a globalizing world

Routledge Revivals: Towards a New Theory of Organizations (1994) John Hassard,Martin Parker,2016-09-19 First published in 1994 the essays collected in this book explore the impact and current status of the ideas put forth in David Silverman's *The Theory of Organizations* and how they relate to future directions in organization theory After opening with a chapter by Silverman himself the subsequent chapters investigate key issues in the study of organizations including structure and agency the politics of organization theory and the meanings of post positivist organizational analysis Contemporaneous debates on postmodernism the emotions gender and structuration are discussed in the context of the development of organizational theory in the preceding twenty five years providing insights into the continuities within organizational theory and provoking thought about future directions **The Ethnomethodological Movement** Pierce J.
