Refusals and Reflections, 2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework there is very little explicit discussion on how to effectively teach qualitative research Instead a standard approach is for instructors to gain in depth expertise in qualitative methodologies with little or no pedagogical training The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners This book works to fill that gap by offering perspectives strategies and applications from instructor and student perspectives based on a semester long class emphasizing social justice in qualitative research This edited volume offers sections on pedagogical strategies students responses to and applications of those concepts and then instructor reflections The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted Contributors are Erica T Campbell Sun Young Gu Kelsey H Guy Aimee J Hackney April M Jones Alison N Kearley Caran Kennedy Amon Neely Cowan Allyson Pitzel Diana Quito Erin E Rich Stephanie Anne Shelton Ashley Salter Virgin and Venus Treva Watson

Reflections on Reformational Theology Kimlyn J. Bender, 2021-07-29 The essays in this volume examine some of the fundamental doctrinal convictions of Martin Luther and the Reformation legacy as well as the maturation and development of these convictions in the theology of Karl Barth The broad evangelical vision that spans its various confessional tributaries is presented in the essays of this volume Together these studies serve as a cumulative argument for the ongoing coherence meaning and consequence of that vision one that at its heart is constructive and ecumenical rather than narrowly polemical

Kimlyn J Bender examines a variety of topics such as the relation of Christ and the Church as understood in the theology of Luther and Barth the centrality of Christ to an understanding of all the solas of the Reformation the place and significance of the Reformers in Barth's own thought and Barth's theology in conversation with distant descendants of the Reformation often neglected including Baptists in America Pietists in Europe and Barth's own complicated relationship with Kierkegaard Bender concludes his discussion by presenting constructive proposals for a Church and university on the way and thus ever reforming

Deep South Allison Davis, Burleigh Bradford Gardner, Mary R. Gardner, 2009 First published in 1941 Deep South is the cooperative effort of a team of social anthropologists to document the economic racial and cultural character of the Jim Crow South through a study of a representative rural Mississippi community Researchers Allison Davis Burleigh B Gardner and Mary R Gardner lived among the people of Natchez Mississippi as they investigated how class and caste informed daily life in a typical southern community This Southern Classics edition of their study offers contemporary students of history a provocative collection of primary material gathered by conscientious and well trained participant observers who found then as now intertwined social and economic inequalities at the root of racial tensions Expanding on earlier studies of community stratification by social class researchers in the Deep South Project introduced the additional concept of caste which parsed a community through rigid social ranks assigned at birth and unalterable through life a concept readily identifiable in the racial divisions of the Jim Crow South As African American researchers Davis and his wife Elizabeth along with his assistant St Clair Drake were able to gain unrivaled access to the black community in rural Mississippi unavailable to their white counterparts Through their interviews and experiences the authors vividly capture the nuances in caste enforcing systems of tenant landlord relations local government and law enforcement But the chief achievement of Deep South is its rich analysis of how the southern economic system and sharecropping in particular functioned to maintain rigid caste divisions along racial lines In the new introduction to this edition Jennifer Jensen Wallach situates this germinal study within the field of social anthropology and against the backdrop of similar community studies of the era She also details the subsequent careers of this distinguished team of researchers Studies in Short Fiction, 1977

Rearview Mirror Reflections Frances Wright, 2013-03-15 Rearview Mirror Reflections depicts the family biographical reflections of one who was born and reared in the Deep South during the late 1940s This narrative presents a collection of illuminating short stories and incidents that reveals the delightful difficult and sometimes complicated experiences of my childhood These informative reflected stories events people and places were collected as the remembrance of them flowed from my richly endowed memories However the presentation of them will not always be arranged in the order in which these experiences occurred Life has a way of beckoning at us from our past Reflections of it show up as bright as the noonday sun alluding to the fact that it has in some way shaped our present day Experiences and lessons learned stare toward us with clear perceptions of those former days The joys and the sorrows of our family still stand out as markers of progressiveness

and accomplishments Nowhere has it been known of as having a childhood such as ours As I was growing up I did not have anything to compare my life with So I simply accepted things as they were Nevertheless my growing up years holds many fond memories that I would not have traded for anything else Therefore many of my reflections may seem somewhat amusing and maybe incredible to believe by some or even a bit absurd Nevertheless they all identify my youth as I reflect upon my childhood It is my hope that you will enjoy reading my family biographical reflections as well as I did in sharing them with you

Rambles of a Runaway from Southern Slavery Henry Goings, 2012 Rambles of a Runaway from Southern Slavery tells of an extraordinary life in and out of slavery in the United States and Canada Born Elijah Turner in the Virginia Tidewater circa 1810 the author eventually procured freedom papers from a man he resembled and took the man's name

Henry Goings His life story takes us on an epic journey traveling from his Virginia birthplace through the cotton kingdom of the Lower South and upon his escape from slavery through Tennessee and Kentucky then on to the Great Lakes region of the North and to Canada His Rambles show that slaves were found not only in fields but also on the nation s roads and rivers perpetually in motion in massive coffles or as solitary runaways A freedom narrative as well as a slave narrative this compact yet detailed book illustrates many important developments in antebellum America such as the large scale forced migration of enslaved people from long established slave societies in the eastern United States to new settlements on the cotton frontier the political economic processes that framed that migration and the accompanying human anguish Goings s life and reflections serve as important primary documents of African American life and of American national expansion the Civil War and Reconstruction This edition features an informative and insightful introduction by Calvin Schermerhorn My Southern Home William Wells Brown,2011 My Southern Home Life Writing Sally Cline,Carole Angier,2013-10-10 Life Writing A Writers Artists Companion is an essential guide to writing biography autobiography and memoir PART 1 explores the history and forms of life writing and the challenges and potential pitfalls of the genre PART 2 includes tips by bestselling writers Diana Athill Alan Bennett Alain de Botton Jill Dawson Millicent Dillon Margaret Drabble Geoff Dyer Victoria Glendinning Lyndall Gordon Peter Hayter Richard Holmes Michael Holroyd Kathryn Hughes Diane Johnson Hermione Lee Andrew Lownie Janet Malcolm Alexander Masters Nancy Milford Blake Morrison Andrew Morton Clare Mulley Jenni Murray Nicholas Murray Kristina Olsson Marion Elizabeth Rodgers Meryle Secrest Miranda Seymour Frances Spalding Hilary Spurling Boyd Tonkin Edmund White PART 3 includes practical advice from planning researching and interviewing to writing pacing and navigating ethical issues *The White House Looks South* William E. Leuchtenburg,2005-10-01 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities

which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth *The White House Looks South* is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people's lives and that presidents can be change makers ***Reflections*** Gary Russell Libby, 2009 *Reflections* includes 69 paintings from the collection of Cici and Hyatt Brown of artists who worked in Florida capturing a visual history through art from 1865-1965 It includes chapters on over 40 artists with several essays from the artists on their work

Gandhi's Truths in an Age of Fundamentalism and Nationalism Sathianathan Clarke, Stephen Pickard, 2022-03-08 The twenty-first century has seen violence thunder back onto the stage of history Religious political social cultural and economic constituents and interests thus contribute to the local and global manifestations of violence in our interconnected and contracting global world Firmly embedded within the field of religion the authors of this volume concede that religious motifs and impulses are alive and well in this unfolding of bloodshed It is no wonder then that in our volatile historical age religious fundamentalism and illiberal nationalism have emerged as dominant contemporary movements Against this backdrop the contributors to this edited book look back in order to move forward by reflecting upon the truth force Satyagraha that grounded and guided Mohandas Karamchand Gandhi 1869-1948 On the heels of several commemorations in 2019 of the 150th anniversary of Gandhi's birth we reexamine the truths of his philosophy and nonviolent strategy to resist religious and political fundamentalisms Embracing truth was for Gandhi the only way to achieve complete freedom *poorna Swaraj* The goal of freedom which Gandhi conceptualized as profoundly personal expansively communitarian and organically ecological emanates from a firm grasp of truth

When Marx Mattered Harold J. Bershad, 2014-06-15 A beautifully written trenchant and moving memoir *When Marx Mattered* follows Harold J Bershad's odyssey from childhood through his coming of intellectual age The wounds and pleasures of his childhood include fear of Nazis poverty the joys and constraints of Jewishness his caring family and love of music and the confusion surrounding World

War II In this book Bershadsky describes his teenage encounter with Marxism and how it provided some understanding of the world and hope for peace Bershadsky gives us a serious portrayal of the evolution of scholarly judgment but also a social history of the second half of the twentieth century refracted through the author's own experiences in which Jewish Americans played an important but underappreciated part Along the way the author corrects the misapprehension that Jewish or non Jewish American political radicals only evolve into conservatives Through his own mistakes and hard won lessons Bershadsky shows the power importance and morality that intellectual standards play in enabling an intellectual to achieve sound and fair judgments Bershadsky firmly believes that his achievements in the social sciences are grounded in the fact that he also studied philosophy literature and history all of which immeasurably deepened his understanding of social life The generational portrait in this book is both an homage to those who preceded him and a hope for educational broadening of social science in the generation to come *William Faulkner and the Southern Landscape* Charles Shelton Aiken, 2009

Charles S Aiken a native of Mississippi who was born a few miles from Oxford has been thinking and writing about the geography of Faulkner's Yoknapatawpha County for more than thirty years *William Faulkner and the Southern Landscape* is the culmination of that long term scholarly project It is a fresh approach to a much studied writer and a provocative meditation on the relationship between literary imagination and place Four main geographical questions shape Aiken's journey to the family seat of the Compsons and the Snopeses What patterns and techniques did Faulkner use consciously or subconsciously to convert the real geography of Lafayette County into a fictional space Did Faulkner intend Yoknapatawpha to serve as a microcosm of the American South In what ways does the historical geography of Faulkner's birthplace correspond to that of the fictional world he created Finally what geographic legacy has Faulkner left us through the fourteen novels he set in Yoknapatawpha With an approach methodology and sources primarily derived from historical geography Aiken takes the reader on a tour of Faulkner's real and imagined worlds The result is an informed reading of Faulkner's life and work and a refined understanding of the relation of literary worlds to the real places that inspire them **Antiracist**

Teacher Education Gilda Martínez-Alba, Luis Javier Penton Herrera, Afra Ahmed Hersi, 2022-07-26 In this edited book sponsored by the ATE Diversity Committee we invited teacher educators to provide their stories from the field of education related to antiracist instruction in teacher education The stories took the form of narratives and counternarratives The engaging ideas activities and suggestions throughout provide readers with much content to reflect on and apply in their teacher education classrooms and programs Education advocates and policy makers would also be interested in hearing the perspectives of these educators as they bring to light much information that is not clear through just the numbers or quantitative statistics These in depth rich descriptions provide high quality information that would be beneficial to educators in various settings and subject areas as this is an antiracist teacher education is an issue that goes across all areas in education **The Unfinished Agenda of Brown v. Board of Education** James Anderson, Dara N. Byrne, 2008-04-21 Praise

for The Unfinished Agenda of Brown V Board of Education My father Oliver L Brown for whom Brown v Board of Education is named was a proud member of a group of a few hundred people across the country who took risks by taking a stand for what they believed He died in 1961 just seven years after the case so he didn't live long enough to know that Brown would become the foundation on which so much of this country's civil and human rights initiatives would rest Brown v Board became important for every citizen not just African Americans It shows that the founding documents of our country provided us with sovereign rights that cannot be restricted by state and local governments That decision impacted the lives of women persons with disabilities blacks whites Hispanics Asians and everyone living in this country Brown was significant in attacking the silence It opened up a dialogue and forced the country to take on greater responsibility we at every level had to start addressing the issue of race In many ways once the dialogue started we finally began to understand the depths of racism This case was about gaining access to educational resources the resources were and remain where the white children are The Unfinished Agenda of Brown v Board of Education is about renewing and continuing the promise of Brown Cheryl Brown Henderson president of the Brown Foundation for Educational Equity Excellence and Research and daughter of Oliver L Brown one of the thirteen plaintiffs in Brown v Board of Education

Ethnography in the Open Science and Digital Age: New Debates, Dilemmas, and Issues Colin Jerolmack, Alexandra Murphy, Victoria Reyes, 2024-06-19 In the current moment ethnography is caught up in a number of debates that have led ethnographers to reflect on classic methodological and ethical dilemmas in new ways The replication crisis had led to a movement for open science e.g. registering hypotheses in advance sharing codes and data but it seems unclear that recommended best practices are appropriate to ethnography It's even up for debate whether ethnography is more of a social science or a genre The fact that many ethnographies are widely read invites questions and criticisms from beyond the ivory tower including our subjects about the ethics of representation e.g. who has license to write about whom and the extent to which journalistic standards of data verification and transparency e.g. fact checking naming sources should apply to qualitative research Some ethnographers are calling for more open critical discussions about the embodied dimensions of fieldwork including not only emotions but also issues like sexual intimacy and harassment There's also a growing expectation that ethnographers empower our subjects to represent and analyze themselves What's more as more of social life is lived online it becomes increasingly unclear where the boundaries of the field site should be drawn and whether ethnographic conventions can be applied wholesale to the study of digital spaces
