Reform and Insurrection in Russian Poland, 1856-1865, 1963 **Reform and Insurrection in Russian Poland, 1856-1865** R. F. Leslie, 1969 **Political Repression in 19th Century Europe** Robert Justin Goldstein, 2013-06-17
Originally published in 1983 The nineteenth century was a time of great economic social and political change As Europe modernized previously ignorant and apathetic elements in the population began to demand political freedoms There was pressure also for a freer press for the rights of assembly and association The apprehension of the existing elites manifested itself in an intensification of often brutal form of political repression The first part of this book summarizes on a pan European basis the major techniques of repression such as the denial of popular franchise and press censorship This is followed by a chronological survey of these techniques from 1815 1914 in each European country The book analyzes the long and short term importance of these events for European historical development in the 19th and 20th centuries

Historical Studies University of London, 1970 **Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **The Bolsheviks and the Russian Empire** Liliana Riga, 2012-11-12 This comparative historical sociology of the Bolshevik revolutionaries offers a reinterpretation of political radicalization in the last years of the Russian Empire Finding that two thirds of the Bolshevik leadership were ethnic minorities Ukrainians Latvians Georgians Jews and others this book examines the shared experiences of assimilation and socioethnic exclusion that underlay their class universalism It suggests that imperial policies toward the Empire's diversity radicalized class and ethnicity as intersectional experiences creating an assimilated but excluded elite lower class Russians and middle class minorities universalized particular exclusions as they disproportionately sustained the economic and political burdens of maintaining the multiethnic Russian Empire The Bolsheviks social identities and routes to revolutionary radicalism show especially how a class universalist politics was appealing to those seeking secularism in response to religious tensions a universalist politics where ethnic and geopolitical insecurities were exclusionary and a tolerant imperial imaginary where Russification and illiberal repressions were most keenly felt **Russian Imperialism** Dietrich Geyer, 1987-01-01 This book offers a fresh and stimulating analysis of the often elusive relationship between domestic and foreign policy in Russia before the First World War Dietrich Geyer one of

Germany's leading historians of Russia discuss a wide variety of economic, fiscal, institutional, and ideological developments within imperial Russia. In so doing, he brings into sharp relief the difficulties faced by the ruling elites in maintaining Russia's great power position in Europe, the Near East, and the Far East. Now available in English for the first time, this widely acclaimed book will be welcomed as an indispensable resource by all those who were unable to read the original German edition. By far the most perceptive, knowledgeable, and intelligent work on the last half century of imperial Russia in print.

Theodore H. Von Laue, *Russian History*: This important, tightly packed book analyzes the basic problems of Russian imperialism thoroughly and with enormous erudition. Scholars concerned with imperialism and Russian domestic and foreign problems will welcome this thought-provoking work.

David MacKenzie, *American Historical Review*: A convincing and important analysis of the mutual dependence of autocratic domestic and foreign politics. This book ought to be the occasion for a renewed and wide discussion of Russian imperialism and should give rise to further studies of the question.

Alan Kimball, *Slavic Review*: This is a remarkably good book. Good in many respects: quality of research and writing, breadth of view, command of the facts, balance, and penetration in judgment, familiarity with relevant theory. The book represents a revived and deepened historicism.

Paul W. Schroeder, *Journal of Modern History*: *Intermarium*. Marek Jan Chodakiewicz, 2017-09-08. History and collective memories influence a nation, its culture, and institutions; hence its domestic politics and foreign policy. That is the case in the Intermarium, the land between the Baltic and Black Seas in Eastern Europe. The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures. Marek Jan Chodakiewicz focuses on the Intermarium for several reasons. Most importantly, because as the inheritor of the freedom and rights stemming from the legacy of the Polish-Lithuanian-Ruthenian Commonwealth, it is culturally and ideologically compatible with American national interests. It is also a gateway to both East and West. Since the Intermarium is the most stable part of the post-Soviet area, Chodakiewicz argues that the United States should focus on solidifying its influence there. The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world. As such, the area can act as a springboard to addressing the rest of the successor states, including those in the Caucasus, Central Asia, and the Russian Federation. Intermarium has operated successfully for several centuries. It is the most inclusive political concept within the framework of the Commonwealth. By reintroducing the concept of the Intermarium into intellectual discourse, the author highlights the autonomous and independent nature of the area. This is a brilliant and innovative addition to European Studies and World Culture.

Vilnius between Nations, 1795-2000. Theodore R. Weeks, 2015-12-04. The inhabitants of Vilnius, the present-day capital of Lithuania, have spoken various languages and professed different religions while living together in relative harmony over the years. The city has played a significant role in the history and development of at least three separate cultures: Polish, Lithuanian, and Jewish, and until very recently, no single cultural-linguistic group composed the clear majority of its population. *Vilnius between Nations, 1795-2000* is the first study to

undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city s identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region Hasidism on the Margin Shaul Magid,2004-01-01

Hasidism on the Margin explores one of the most provocative and radical traditions of Hasidic thought the school of Izbica and Radzin that Rabbi Gershon Henokh originated in nineteenth century Poland Shaul Magid traces the intellectual history of this strand of Judaism from medieval Jewish philosophy through centuries of Kabbalistic texts to the nineteenth century and into the present He contextualizes the Hasidism of Izbica Radzin in the larger philosophy and history of religions and provides a model for inquiry into other forms of Hasidism **International bibliography of reprints** Christa Gnirss,1976

War and Social Change in Modern Europe Sandra Halperin,2004 This book focuses on the interrelationship of social forces industrial expansion and conflict in Europe between 1789 and 1945 *Russian Diplomacy and the End of the Concert of Europe* Gregory P. Lannon,1995 **Imperial Russian Foreign Policy** Hugh Ragsdale,V. N. Ponomarev,1993-10-29

Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost The Trinity House of Deptford, 1514-1660 G.
