Refugee Law And Policy A Comparative And International Approach Carolina:

Refugee Law and Policy Karen Musalo, 2007 Refugee law and policy : a comparative and international approach Karen Musalo, Jennifer Moore, Richard A. Boswell, 2004 *Refugee Law and Policy* Karen Musalo, 2005 *An Introduction to International Refugee Law* M. Rafiqul Islam, Md. Jahid Hossain Bhuiyan, 2013-05-15 The book is designed to provide an overview of the development meaning and nature of international refugee law The jurisprudence on the status of refugees loss and denial of the refugees status non refoulement asylum problems and challenges of refugee protection the law of return and the right of return critical refugees and immigration law and the role of international organizations in protection of refugees are revisited in the context of contemporary realities The relationship between armed conflict climate change and human right violations induced refugees and the existing international refugee regime emerging will be succinctly highlighted and analysed in the book This lucidly written and timely book will be immensely helpful to anyone grappling with the demonstrated inadequacies of international refugee law in real life situations today and desirous of the reorientation of its meaning and scope to cater for the changing needs and shared expectation of the international community in the 21st century

Refugees and Rights Mary Crock, 2017-05-15 Forced migration is both as ancient as human life on earth and a relatively new subject of interest for human rights scholars This volume continues the discussion from *Migrants and Rights* to focus attention on refugees victims of trafficking and others who cross borders seeking protection from anthropogenic or natural disasters The opening essays provide historical and conceptual overviews of rights to freedom of movement and asylum and links between human rights and refugee law Articles on the principle of non refoulement in international law explore the occasional disjuncture between the individual s right to protection and the State s rights to protect its national interests The refugee s rights to due process and the substance of entitlements at law are explored in essays that range across administrative processes social and cultural rights including family reunion detention and the right of return There follow four essays that address sexual orientation and refugee rights refugees and disability rights human rights and persons displaced by climate change disasters and the rights of victims of human trafficking The volume concludes with work reflecting on the rights discourse outside of traditional Western theatres These cover Africa Kenya India South America Brazil and the Asia Pacific Indonesia and Papua New Guinea

Refuge from Inhumanity? War Refugees and International Humanitarian Law David Cantor, Jean-François Durieux, 2014-07-10 This book contributes to a long standing but ever topical debate about whether persons fleeing war to seek asylum in another country war refugees are protected by international law It seeks to add to this debate by bringing together a detailed set of analyses examining the extent to which the application of international humanitarian law IHL may usefully advance the legal protection of such persons This generates a range of questions about the respective protection frameworks established under international refugee law and IHL and specifically the potential for interaction between them As the first collection to deal with the subject the eighteen

chapters that make up this unique volume supply a range of perspectives on how the relationship between these two separate fields of law may be articulated and whether IHL may contribute to providing refuge from the inhumanity of war

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022-04-01 The Oxford Handbook of Law and Anthropology is a ground breaking collection of essays that provides an original and internationally framed conception of the historical theoretical and ethnographic interconnections of law and anthropology Each of the chapters in the Handbook provides a survey of the current state of scholarly debate and an argument about the future direction of research in this dynamic and interdisciplinary field The structure of the Handbook is animated by an overarching collective narrative about how law and anthropology have and should relate to each other as intersecting domains of inquiry that address such fundamental questions as dispute resolution normative ordering social organization and legal political and social identity The need for such a comprehensive project has become even more pressing as lawyers and anthropologists work together in an ever increasing number of areas including immigration and asylum processes international justice forums cultural heritage certification and monitoring and the writing of new national constitutions among many others The Handbook takes critical stock of these various points of intersection in order to identify and conceptualize the most promising areas of innovation and sociolegal relevance as well as to acknowledge the points of tension open questions and areas for future development

The Global Reach of European Refugee Law Hélène Lambert, Jane McAdam, Maryellen Fullerton, 2013-09-05 Examination of the worldwide emulation of key norms of European refugee protection through transnational processes and actors

Refugees, Democracy and the Law Dana Schmalz, 2020-09-08 The book provides an in depth discussion of democratic theory questions in relation to refugee law The work introduces readers to the evolution of refugee law and its core issues today as well as central lines in the debate about democracy and migration Bringing together these fields the book links theoretical considerations and legal analysis Based on its specific understanding of the refugee concept it offers a reconstruction of refugee law as constantly confronted with the question of how to secure rights to those who have no voice in the democratic process In this reconstruction the book highlights on the one hand the need to look beyond the legal regulations for understanding the challenges and gaps in refugee protection It is also the structural lack of political voice the book argues which shapes the refugee's situation On the other hand the book opposes a view of law as mere expression of power and points out the dynamics within the law which reflect endeavors towards mitigating exclusion The book will be essential reading for academics and researchers working in the areas of migration and refugee law legal theory and political theory
