Refugee Scholars In America Their Impact And Their Experiences:

Refugee Scholars in America Lewis A. Coser, **Refugee scholars in America ; their impact and their experiences** Lewis A. Coser,1984 *The Social Thought of Talcott Parsons* Uta Gerhardt,2016-02-17 The Social Thought of Talcott Parsons offers an insightful new reading of the work of Talcott Parsons keeping in view at once the important influences of Max Weber on his sociology and the central place occupied by methodology which enables us to better understand the relationship between American and European social theory Revealing American democracy and its nemesis National Socialism in Germany as the basis of his theory of society this book explores the debates in which Parsons was engaged throughout his life with the Frankfurt School C Wright Mills and the young radicals among the disobedient student generation as well as economism and utilitarianism in social theory the opponents that Parsons confronted in the interests of humanism In addition to revisiting Parsons extensive oeuvre Uta Gerhardt takes up themes in current research and theory including social inequality civic culture and globalization offering a fascinating demonstration of what the conceptual approaches of Parsons can accomplish today Revealing methodology and the American ethos to be the cornerstones of Parsons social thought this book will appeal not only to those with interests in classical sociology and who wish to fully understand what this classic has to offer but also to those who wish to make sociology answer to the problems of the society of the present **Historiography of Imperial Russia: The Profession and Writing of History in a Multinational State** Thomas Sanders,2015-02-12 This collection of the best new and recent work on historical consciousness and practice in late Imperial Russia assembles the building blocks for a fundamental reconceptualization of Russian history and history writing **Transatlantic Voyages and Sociology** Cherry Schrecker,2016-02-24 Transatlantic Voyages and Sociology explores the transatlantic journeys which have inspired American and European sociologists and contributed to the development of sociology in Europe and in North America Furthering our understanding of the very complex processes which affect the diffusion of ideas it sheds light on the diverse influences which come into play be they on an individual institutional or political level With an international team of experts investigating the reciprocal influence of sociological thought on either side of the Atlantic this volume will appeal to any scholar interested in the history of sociology the mutual influence of systems of thought and the migration of ideas **An Academic Life** Hanna Holborn Gray,2018-04-10 A compelling memoir by the first woman president of a major American university Hanna Holborn Gray has lived her entire life in the world of higher education The daughter of academics she fled Hitler s Germany with her parents in the 1930s emigrating to New Haven where her father was a professor at Yale University She has studied and taught at some of the world s most prestigious universities She was the first woman to serve as provost of Yale In 1978 she became the first woman president of a major research university when she was appointed to lead the University of Chicago a position she held for fifteen years In 1991 Gray was awarded the Presidential Medal of Freedom the nation s highest civilian honor in recognition of her

extraordinary contributions to education *An Academic Life* is a candid self portrait by one of academia's most respected trailblazers Gray describes what it was like to grow up as a child of refugee parents and reflects on the changing status of women in the academic world She discusses the migration of intellectuals from Nazi held Europe and the transformative role these exiles played in American higher education and how the migr experience in America transformed their own lives and work She sheds light on the character of university communities how they are structured and administered and the balance they seek between tradition and innovation teaching and research and undergraduate and professional learning *An Academic Life* speaks to the fundamental issues of purpose academic freedom and governance that arise time and again in higher education and that pose sharp challenges to the independence and scholarly integrity of each new generation

Making & Doing Gary Downey, Teun Zuiderent-Jerak, 2021-08-17 How ten making two in the US one in Austria the UK and multiple countries in Africa and Asia one in the US and Latin America one in the Netherlands and Australia and one in an international network that includes members from Europe the Americas and Australia

Secrets of the Soul Eli Zaretsky, 2005-08-09 The fledgling science of psychoanalysis permanently altered the nineteenth century worldview with its remarkable new insights into human behavior and motivation It quickly became a benchmark for modernity in the twentieth century though its durability in the twenty first may now be in doubt More than a hundred years after the publication of Freud's *The Interpretation of Dreams* we're no longer in thrall says cultural historian Eli Zaretsky to the romance of psychotherapy and the authority of the analyst Only now do we have enough perspective to assess the successes and shortcomings of psychoanalysis from its late Victorian Era beginnings to today's age of psychopharmacology In *Secrets of the Soul* Zaretsky charts the divergent schools in the psychoanalytic community and how they evolved sometimes under pressure from sexism to feminism from homophobia to acceptance of diversity from social control to personal emancipation From Freud to Zolof Zaretsky tells the story of what may be the most intimate science of all

Democracy in Exile Daniel Bessner, 2018-04-15 In *Democracy in Exile* Daniel Bessner explores the life of Hans Speier one of the most significant figures in the history of U S defense policy Bessner traces Speier's intellectual development from Weimar Germany to the Cold War United States revealing how his European roots shaped the expert driven approach to foreign policymaking that American elites institutionalized during and after World War II A key figure in a transatlantic network of migr policymakers and analysts Speier helped establish novel institutions such as the RAND Corporation that transformed how U S foreign policy was made *Democracy in Exile* highlights how social scientists like Speier left academia to create a military intellectual complex that insulated American decision making from public opinion and that continues to shape U S defense policy today

Yearbook of Transnational History Thomas Adam, 2021-05-03 The *Yearbook of Transnational History* is dedicated to disseminating pioneering research in the field of transnational history This fourth volume is focused to the theme of exile Authors from across the historical discipline provide insights into central aspects of research into the phenomenon of exile in

the nineteenth and twentieth century Both centuries have seen large numbers of people fleeing revolutions oppression persecution and extermination This volume is the first publication to provide a comprehensive overview over exiles of various political and ethnic groups beginning with the French Revolution and ending with the transfer of Nazi scientists from post World War II Germany to the United States This volume contains contributions about the refugees created by the French Revolution the Forty Eighters who were forced out of Germany after the failed Revolution of 1848 49 the anarchists Emma Goldman and Alexander Berkman Vietnamese anti colonial activists in France the exiles of Nazi Germany and the transfer of Nazi scientists such as Wernher von Braun to the United States after World War II

Growing with Canada Paul Helmer, 2009-11-01 Based on years of detailed and extensive interviews and supplemented by a wide range of archival material *Growing with Canada* showcases the men and women who came to Canada and the roles they played in developing the country's musical culture Paul Helmer shows that migrants were at the centre of the new musical milieu and uses the lively testimony of those involved to weave together the larger story of post war Canadian music performance production and education By introducing the sounds and techniques of their homelands migrant artists were able to overcome the dominating British presence in post secondary music education vastly expanding the role music played in universities while pioneering the performance and production of opera in Canada From British Columbia to Newfoundland they served as educators teachers and administrators as well as outstanding performers conductors composers music historians radio and television producers and benefactors

The Shock of America David Ellwood, 2012-07-19 The Shock of America is based on the proposition that whenever Europeans of the last 100 years or more contemplated those margins of their experience where change occurred there sooner or later they would find America How Europeans have come to terms over the decades with this dynamic force in their midst and what these terms were is the story at the heart of this text Masses of Europeans have been enthralled by the real or imaginary prospects coming out of the USA Important minorities were at times deeply upset by them Sometime the roles were reversed or shaken up But nobody could be indifferent for long Inspiration provocation myth menace model all these categories and many more have been deployed to try to cope with the Americans Attitudes and stereotypes have emerged intellectual resources have been mobilised positions and policies developed all trying to explain and deal with the kind of radiant modernity America built over the course of the twentieth century David Ellwood combines political economic and cultural themes suggesting that American mass culture has provided the United States with a uniquely effective link between power and influence over time The book is structured in three parts a separation based on the proposition that America's influence as an unavoidable force for or against innovation was visible most conspicuously after Europe's three greatest military political conflicts of the contemporary era the Great War World War II and the Cold War It concludes with the emotional upsurge in Europe which greeted the arrival of Obama on the world scene suggesting that in spite of all the disappointments and frictions of the years the US still retained its privileged place as a source of

inspiration for the future across the Western world

Scientific Philosophy: Origins and Development F.

Stadler, 2013-03-14 Scientific Philosophy Origins and Development is the first Yearbook of the Vienna Circle Institute which was founded in October 1991 The book contains original contributions to an international symposium which was the first public event to be organised by the Institute Vienna Berlin Prague The Rise of Scientific Philosophy The Centenaries of Rudolf Carnap Hans Reichenbach and Edgar Zilsel The first section of the book Scientific Philosophy Origins and Developments reveals the extent of scientific communication in the inter War years between these great metropolitan centres as well as presenting systematic investigations into the relevance of the heritage of the Vienna Circle to contemporary research and philosophy This section offers a new paradigm for scientific philosophy one which contrasts with the historiographical received view of logical empiricism Support for this re evaluation is offered in the second section which contains for the first time in English translation Gustav Bergmann s recollections of the Vienna Circle and an historical study of political economist Wilhelm Neurath Otto Neurath s father The third section gives a report on current computer based research which documents the relevance of Otto Neurath s Vienna method of pictorial statistics or Isotypes A review section describes new publications on Neurath and the Vienna Circle as well as anthologies relevant to Viennese philosophy and its history setting them in their wider cultural and political perspective Finally a description is given of the Vienna Circle Institute and its activities since its foundation as well as of its plans for the future

The Routledge Handbook of the History and Sociology of Ideas Stefanos Geroulanos, Gisèle Sapiro, 2023-09-26 The Routledge Handbook of the History and Sociology of Ideas establishes a new and comprehensive way of working in the history and sociology of ideas in order to obviate several longstanding gaps that have prevented a fruitful interdisciplinary and international dialogues Pushing global intellectual history forward it uses methodological innovations in the history of concepts gender history imperial history and history of normativity many of which have emerged out of intellectual history in recent years and it especially foregrounds the role of field theory for delimiting objects of study but also in studying transnational history and migration of persons and ideas The chapters also explore how intellectual history crosses the study of particular domains law politics economy science life sciences social and human sciences book history literature and emotions

Gender and Trauma since 1900 Paula A. Michaels, Christina

Twomey, 2021-04-08 Is Trauma a transhistorical transnational phenomenon Gender and Trauma challenges the standard history that has led to our contemporary understanding of psychological trauma to answer this question and to explore the impact of gender in the experience and understanding of emotional distress Bringing together eleven case studies from all over the world it draws on methods from history gender and communication studies to consider how trauma has been understood over the 20th and 21st centuries Encompassing histories from Australia Britain Indonesia Italy the Soviet Union Timor Leste the United States and Vietnam these examples demonstrate how gender and trauma are inextricably linked and how the term trauma has evolved over time With chapters on war political repression displacement rape and childbirth the cases showcased in this volume highlight two pivotal transformations across the 20th century First the transformation of the trauma sufferer from perpetrator to victim and second the increased understanding of psychological consequences of sexual assault and domestic violence Together these diverse stories yield a more nuanced picture of what trauma is how we have understood it alongside gender in the past and how this affects our understanding of it in the present **Russia Abroad**

Marc Raeff, 1990-04-19 The dramatic events of the twentieth century have often led to the mass migration of intellectuals professionals writers and artists One of the first of these migrations occurred in the aftermath of the Russian Revolution when more than a million Russians were forced into exile With this book Marc Raeff one of the world's leading historians of Russia offers the first comprehensive cultural history of the Great Russian Emigration He examines the social and institutional structure of the emigration and describes its rich cultural and intellectual life He points out that what distinguishes this emigration from other such episodes in European history is the extent to which the emigres succeeded in reconstituting and preserving their cultural creativity in the West The flourishing Russian communities of Paris Berlin Prague and Kharbin not only enriched Russian arts and letters but also significantly influenced the culture of their Western hosts and Raeff concludes with an assessment of their impact on the development of modern Western and Soviet culture The

Legacy of Leo Strauss Tony Burns, James Connelly, 2016-12-22 Leo Strauss was a political philosopher who died in 1973 but came to prominent attention in the United States and also Britain around the beginning of the War in Iraq Charges began emerging that architects of the war such as Paul Wolfowitz and large numbers of staff in the US State and Defense Departments had studied with or been influenced by the academic work of Strauss and his followers A vague but powerful idea was generated in the popular press that a group known as the Straussians had been instrumental in the long range strategic planning of American foreign policy both to advance American interests and to encourage democratic revolutions outside the West This volume of essays opens up the topic of Leo Strauss and the Straussians to those outside the relatively narrow circles who have been concerned with him and his followers up to now **European and Latin American Social**

Scientists as Refugees, Émigrés and Return-Migrants Ludger Pries, Pablo Yankelevich, 2018-10-28 During the 1930s thousands of social scientists fled the Nazi regime or other totalitarian European regimes mainly towards the Americas The

New School for Social Research NSSR in New York City and El Colegio de México Colmex in Mexico City both were built based on receiving exiled academics from Europe Comparing the first twenty years of these organizations this book offers a deeper understanding of the corresponding institutional contexts and impacts of emigrated exiled and refugee academics It analyses the ambiguities of scientists situations between emigration return migration and transnational life projects and examines the corresponding dynamics of application adaptation or amalgamation of travelling theories and methods these academics brought Despite its institutional focus it also deals with the broader context of forced migration of intellectuals and scientists in the second half of the last century in Europe and Latin America In so doing the book invites a deeper understanding of the challenges of forced migration for scholars in the 21st century The Jews' Indian David S. Koffman, 2019-02-08 Winner of the 2020 Jordan Schnitzer Book Award in Social Science Anthropology and Folklore Honorable Mention 2021 Saul Viener Book Prize The Jews Indian investigates the history of American Jewish relationships with Native Americans both in the realm of cultural imagination and in face to face encounters These two groups exchanges were numerous and diverse proving at times harmonious when Jews and Natives people s economic and social interests aligned but discordant and fraught at other times American Jews could be as exploitative of Native cultural social and political issues as other American settlers and historian David Koffman argues that these interactions both unsettle and historicize the often triumphant consensus history of American Jewish life Focusing on the ways Jewish class mobility and civic belonging were wrapped up in the dynamics of power and myth making that so severely impacted Native Americans this books is provocative and timely the first history to critically analyze Jewish participation in and Jews grappling with the legacies of Native American history and the colonial project upon which America rests
