

Refugee Rights in International Law

Refugee In International Law

Susan Kneebone

Refugee In International Law:

The Refugee in International Law Guy S. Goodwin-Gill, Jane McAdam, 2007-03-22 Millions of people today are forced to flee their homes as a result of conflict systemic discrimination persecution and other violations of their human rights The core instruments on which they must rely to secure international protection are the 1951 Convention relating to the Status of Refugees and its 1967 Protocol now complemented by international and regional human rights treaties This book the leading text in a field where refugee law is now a subject of global importance examines key challenges to system of international protection including those arising from within the asylum process increased controls over the movements of people and the new concern with security The situation of refugees is one of the most pressing and urgent problems facing the international community and refugee law has grown in recent years to a subject of global importance In this long awaited third edition each chapter has been thoroughly revised and updated every issue old and new has received fresh analysis and complementary or human rights based protection is given special attention Features include analysis and assessment of developments in interpreting the refugee definition with particular reference to social group exclusion procedures and the impact of European Union harmonization initiatives In addition this book reviews the situation of refugee women and children the plight of Palestinian refugees the protection of internally displaced persons the role and responsibilities of the UNHCR including in the administration of camps and settlements the current status in general international law of the fundamental principles of non refoulement asylum and the right to seek asylum and the extent of protection possibilities in human rights treaties particularly the European Convention on Human Rights

The Refugee in International Law Guy S. Goodwin-Gill, Jane McAdam, Emma Dunlop, 2021 Millions of people are today forced to flee their homes as a result of conflict systematic discrimination or other forms of persecution The core instruments on which they must rely to secure international protection are the 1951 Convention Relating to the Status of Refugees and its 1967 Protocol This book the leading text in the field examines key challenges to the Convention such as the status of refugees applications for asylum and the international and domestic standards of protection The situation of refugees is one of the most pressing and urgent problems facing the international community and refugee law has grown in recent years to a subject of global importance In this long awaited fourth edition each chapter has been thoroughly revised and updated and every issue old and new has received fresh analysis The books includes analysis of internally displaced persons so called preventive protection access to refugees safety of refugees and relief personnel the situation of refugee women and children a detailed examination of the role of the UNHCR and the Palestinian situation and an assessment of the protection possibilities or lack of them in the European Convention on Human Rights This new edition has been expanded with coverage of forced migration and displacement as a result of disasters and climate change It is once again an unmissable reference work for practitioners and students in the field

The Rights of Refugees under International Law James C. Hathaway, 2005-09-15 This book presents

the first comprehensive analysis of the human rights of refugees as set by the UN Refugee Convention In an era where States are increasingly challenging the logic of simply assimilating refugees to their own citizens questions are now being raised about whether refugees should be allowed to enjoy freedom of movement to work to access public welfare programs or to be reunited with family members Doubts have been expressed about the propriety of exempting refugees from visa and other immigration rules and whether there is a duty to admit refugees at all Hathaway links the standards of the UN Refugee Convention to key norms of international human rights law and applies his analysis to the world s most difficult protection challenges This is a critical resource for advocates judges and policymakers It will also be a pioneering scholarly work for graduate students of international and human rights law **UNHCR and International Refugee Law** Corinne

Lewis,2012-06-25 This book considers the United Nations High Commissioner for Refugees contribution to international refugee law since the establishment of UNHCR by the United Nations General Assembly in 1951 The book explores the historical and statutory foundations that create an indelible link between UNHCR and international refugee law This book charts the significant evolution that has occurred in the organisation s role throughout the last sixty years looking at both the formal means by which UNHCR s mandate may be modified and the techniques UNHCR has used to facilitate the changes in its role thereby revealing a significant evolution in the organisation s role since the onset of the crisis in refugee protection in the 1980 s UNHCR itself has demonstrated its organizational autonomy as the primary agent for the adaptation of its responsibilities and work related to international refugee law The author does suggest however that UNHCR needs to continue to extend and strengthen its role related to international refugee law if UNHCR is to ensure a stronger legal framework for the protection of refugees as well as a fuller respect for refugees rights in practice UNHCR and International Refugee Law should be of particular interest to refugee lawyers as well as academics and students of refugee law and international law and anyone concerned with the important role that UNHCR plays in the protection of refugees today

The Status of Refugees in International Law: Refugee character Atle Grahl-Madsen,1966 **International Refugee Law** H?ne Lambert,2017-07-05 The essays selected and reproduced in this volume explore how international refugee law is dynamic and constantly evolving From an instrument designed to protect mostly those civilians fleeing the worse excesses of World War II the 1951 Refugee Convention has developed into a set of principles customary rules and values that are now firmly embedded in the human rights framework and are applicable to a far broader range of refugees In addition international refugee law has been affected by international humanitarian law and international criminal law and vice versa Thus there is a reinforcing dynamic in the development of these complementary areas of law At the same time in recent decades states have shown a renewed interest in managing migration thereby raising issues of how to reconcile such interests with refugee protection principles In addition the emergence of concepts of participation and responsibility to protect promise to have an impact on international refugee law *Refuge from Inhumanity? War Refugees and International*

Humanitarian Law David Cantor, Jean-François Durieux, 2014-07-10 This book contributes to a long standing but ever topical debate about whether persons fleeing war to seek asylum in another country war refugees are protected by international law It seeks to add to this debate by bringing together a detailed set of analyses examining the extent to which the application of international humanitarian law IHL may usefully advance the legal protection of such persons This generates a range of questions about the respective protection frameworks established under international refugee law and IHL and specifically the potential for interaction between them As the first collection to deal with the subject the eighteen chapters that make up this unique volume supply a range of perspectives on how the relationship between these two separate fields of law may be articulated and whether IHL may contribute to providing refuge from the inhumanity of war **Asylum and International**

Law S.Prakash Sinha, 2013-12-01 **Refugee Protection in International Law** Erika Feller, Volker Türk, Frances Nicholson, 2003-06-26 Millions of people are forced today to flee persecution The core international legal instrument on which they must rely to find safety is the 1951 Convention Relating to the Status of Refugees This book examines key challenges the Convention faces on the basis of nine papers by eminent international refugee lawyers which were then discussed at an expert roundtable meeting in 2001 as part of UNHCR's Global Consultations on International Protection The papers are published here in one volume together with the conclusions of the roundtables and other documents

Research Handbook on International Refugee Law Satvinder Singh Juss, 2019 In an age of ethnic nationalism and anti immigrant rhetoric the study of refugees can help develop a new outlook on social justice just as the post war international order ends The global financial crisis the rise of populist leaders like Trump Putin and Erdogan not to mention the arrival of anti EU parties raises the need to interrogate the refugee migrant citizen stateless legal and illegal as concepts This insightful Research Handbook is a timely contribution to that debate Refugee Protection and the Role of Law Susan Kneebone, Dallal Stevens, Loretta Baldassar, 2014-06-27 Sixty years on from the signing of the Refugee Convention forced migration and refugee movements continue to raise global concerns for hosting states and regions for countries of origin for humanitarian organisations on the ground and of course for the refugee This edited volume is framed around two themes which go to the core of contemporary refugeehood protection and identity It analyses how the issue of refugee identity is shaped by and responds to the legal regime of refugee protection in contemporary times The book investigates the premise that there is a narrowing of protection space in many countries and many highly visible incidents of refoulement It argues that Protection which is a core focus of the Refugee Convention appears to be under threat as there are many gaps and inconsistencies in practice Contributors to the volume who include Erika Feller Elspeth Guild H l ne Lambert and Roger Zetter look at the relevant issues from the perspective of a number of different disciplines including law politics sociology and anthropology The chapters examine the link between identity and protection as a basis for understanding how the Refugee Convention has been and is being applied in policy and practice The situation in a number of jurisdictions and

regions in Europe North America South East Asia Africa and the Middle East is explored in order to ask the question does jurisprudence under the Refugee Convention need better coordination and how successful is oversight of the Convention

The 1951 Convention Relating to the Status of Refugees and Its 1967 Protocol Andreas Zimmermann, Jonas Dörschner, Felix Machts, 2011-01-27 this work is intended to provide an in depth analysis of each and every provision of the 1951 Convention and its 1967 Protocol Special contributions on topics that cut across various provisions or that provide an overview over developments in certain regions of the world complement this Commentary *The Oxford Handbook of International Refugee Law* Cathryn Costello, Michelle Foster, Jane McAdam, 2021 Provides a state of the art comprehensive analysis of the field of international refugee law Global in scope with 10 chapters focusing in detail on specific regions Critiques the status quo and sets the agenda for future academic research Book jacket **The Refugee Definition in International Law** Hugo Storey, 2023 In international law the definition of refugee is widely seen as unclear This book systematically analyses the interpretation ordering and interrelationship of the definition s components as well as the disputes that have arisen around it The volume seeks to clarify propositions and demonstrate there is progress toward a working definition **International Refugee Law and the Protection of Stateless Persons** Michelle Foster, Hélène Lambert, 2019-04-04 International Refugee Law and the Protection of Stateless Persons examines the extent to which the 1951 Convention relating to the Status of Refugees protects de jure stateless persons While de jure stateless persons are clearly protected by the 1954 Convention relating to the Status of Stateless Persons this book seeks to explore the extent to which such persons are also entitled to refugee status The questions addressed include the following When is a person without a nationality for the purpose of the 1951 Refugee Convention What constitutes one s country of former habitual residence as a proxy to one s country of nationality When does being stateless give rise to a well founded fear of persecution for reasons specified in the 1951 Refugee Convention and or UNHCR mandate What are the circumstances under which statelessness constitutes persecution or inhuman or degrading treatment How are courts assessing individual risk or threat to stateless persons The book draws on historical and contemporary interpretation of international law based on the travaux préparatoires to the 1951 Refugee Convention and its antecedents academic writing UNHCR policy and legal documents UN Human Rights Council resolutions UN Human Rights Committee general comments UN Secretary General reports and UN General Assembly resolutions It is also based on original comparative analysis of existing jurisprudence worldwide relating to claims to refugee status based on or around statelessness By examining statelessness through the prism of international refugee law this book fills a critical gap in existing scholarship **An Introduction to International Refugee Law** M. Rafiqul Islam, Md. Jahid Hossain Bhuiyan, 2013-05-15 The book is designed to provide an overview of the development meaning and nature of international refugee law The jurisprudence on the status of refugees loss and denial of the refugees status non refoulement asylum problems and challenges of refugee protection the law of return and the right of return

critical refugees and immigration law and the role of international organizations in protection of refugees are revisited in the context of contemporary realities The relationship between armed conflict climate change and human right violations induced refugees and the existing international refugee regime emerging will be succinctly highlighted and analysed in the book This lucidly written and timely book will be immensely helpful to anyone grappling with the demonstrated inadequacies of international refugee law in real life situations today and desirous of the reorientation of its meaning and scope to cater for the changing needs and shared expectation of the international community in the 21st century **Reconceiving**

International Refugee Law James C. Hathaway, 2023-07-24 Violence and other human rights abuses continue to force desperate people to migrate in search of protection Yet because the political and economic reasons that induced an historical openness to the arrival of refugees have largely withered away there is no longer a guarantee that any state will be prepared to receive these involuntary migrants Governments of both North and South are withdrawing from the international legal duty to provide potentially indefinite protection to any and all refugees who arrive at their borders The challenge is to reconceive refugee protection in a way that is reconcilable with the legitimate concerns of modern states yet which does not sacrifice the critical right of at risk people to seek asylum The essays in *Reconceiving International Refugee Law* offer a response to the concerns of many states that refugee protection has become no more than a back door route to permanent immigration and that its costs are not fairly apportioned among states Drawing on the research of leading migration scholars from around the world and vetted through dialogue with senior officials and non governmental experts this volume explores the potential for a shift to a robust and empowering system of temporary asylum supported by a pragmatic system of guarantees to share both the costs and human responsibilities of refugee protection Elgar Concise Encyclopedia of

Migration and Asylum Law Vincent Chetail, 2025-07-15 This Concise Encyclopedia provides a comprehensive overview of the rapidly developing field of migration and asylum law It brings clarity on key terms and critical notions while challenging misconceptions in this highly politicized sphere *The Problem of Refugees in the Light of Contemporary International Law Issues* Vera Gowlland-Debbas, 2024-01-22 The contributions collected in the present book go beyond refugee law in its traditional sense largely centred on questions of durable asylum and the plight of only a small tranche of the asylum seeking population in situating refugee law within the broader international legal system The refugee problem is thus seen as a prism through which a host of exploding issues confront traditional international law and international relations creation and dissolution of states state responsibility human rights international jurisdiction and the United Nations mandate These theoretical problems and their legal incidence on the refugee condition are debated against the background of UNHCR field operations in Former Yugoslavia Africa and Eastern Europe The contributions were originally presented at a Colloquium held in May 1994 organised by the Graduate Institute of International Studies in collaboration with the Office of the United Nations High Commissioner for Refugees Refugee law experts members of the UN International Law Commission and

practitioners were brought together in a dialogue between scholars and practitioners on a major and exponentially growing international problem **Refugees, Asylum Seekers and the Rule of Law** Susan Kneebone, 2009-03-19 An assessment of the impact of asylum on the integrity of the rule of law in five common law jurisdictions

Refugee In International Law Introduction

Refugee In International Law Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Refugee In International Law Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Refugee In International Law : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Refugee In International Law : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Refugee In International Law Offers a diverse range of free eBooks across various genres. Refugee In International Law Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Refugee In International Law Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Refugee In International Law, especially related to Refugee In International Law, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Refugee In International Law, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Refugee In International Law books or magazines might include. Look for these in online stores or libraries. Remember that while Refugee In International Law, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Refugee In International Law eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Refugee In International Law full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Refugee In International Law eBooks, including some popular titles.

FAQs About Refugee In International Law Books

What is a Refugee In International Law PDF? A PDF (Portable Document Format) is a file format developed by Adobe

that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Refugee In International Law PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Refugee In International Law PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Refugee In International Law PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Refugee In International Law PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
