Refugees From Militarism Draft Age Americans In Canada

Renée G. Kasinsky

Refugees From Militarism Draft Age Americans In Canada:

Refugees from Militarism Ren e G. Kasinsky, 1976-01-01 The Borderlands of the American and Canadian Wests Sterling Evans, 2006-01-01 The Borderlands of the American and Canadian Wests is the first collection of interdisciplinary essays bringing together scholars from both sides of the forty ninth parallel to examine life in a transboundary region The result is a text that reveals the diversity difficulties and fortunes of this increasingly powerful but little understood part of the North American West Contributions by historians geographers anthropologists and scholars of criminal justice and environmental studies provide a comprehensive picture of the history of the borderlands region of the western United States and Canada The Borderlands of the American and Canadian Wests is divided into six parts Defining the Region Colonizing the Frontier Farming and Other Labor Interactions the Borderlands as a Refuge in the Nineteenth Century the Borderlands as a Refuge in the Twentieth Century and Natural Resources and Conservation along the Border Topics include the borderlands environment its aboriginal and gender history frontier interactions and comparisons agricultural and labor relations tourism the region as a refuge for Mormons far right groups and Vietnam War resisters and conservation and natural resources These areas show how the history and geography of the borderlands region has been transboundary multidimensional and unique within North America *Refugees from Militarism* Renee Goldsmith Kasinsky, 1971

Cross-Border Cosmopolitans Wendell Nii Laryea Adjete, 2022-12-06 African American history from 1900 to 2000 cannot be told without accounting for the significant influence of Pan African thought just as the story of twentieth century U S foreign policy cannot be told without accounting for fears of an African World In the early 1900s Marcus Garvey and his followers perceived the North American mainland particularly Canada following U S authorities deportation of Garvey to Jamaica as a forward operating base from which to liberate the Black masses from colonialism After World War II Vietnam War resisters Black Panthers and Caribbean students joined the throngs of cross border migrants to denounce militarism imperialism and capitalism In time as urban uprisings proliferated in northern U S cities the prospect of coalitions among the Black Power Red Power and Quebecois Power movements inspired U S and Canadian intelligence services to collaborate infiltrate and sabotage Black organizations across North America Assassinations of Black messiahs further radicalized revolutionaries rekindling the dream for an African World from Washington D C to Toronto to San Francisco to Antigua to Grenada and back to Africa Alarmed Washington s national security elites invoked the Cold War as the reason to counter the triangulation of Black Power in the Atlantic World funneling arms clandestinely from the United States and Canada to the Caribbean and then to its proxies in southern Africa By contending that twentieth century global Black liberation movements began within the U S Canadian borderlands as cross border continental struggles Cross Border Cosmopolitans reveals the revolutionary legacies of the Underground Railroad and America s Great Migration and the hemispheric and transatlantic dimensions of this history *Building Sanctuary* Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable

kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s

Mass Pardons in America Graham Dodds, 2021-08-10 Again and again in the nation's history presidents of the United States have faced the dramatic challenge of domestic insurrection and sought ways to reconcile with the rebels afterward This book is the first comprehensive study of how presidential mass pardons have helped put such conflicts to rest Graham G Dodds examines when and why presidents have issued mass pardons and amnesties to deal with domestic rebellion and attempt to reunite the country He analyzes how presidents have used both deeds and words proclamations of mass pardons and persuasive rhetoric in order to foster political reconciliation The book features in depth case studies of the key instances of mass pardons in U S history beginning with George Washington's and John Adams's pardoning participants in armed insurrections in Pennsylvania in the 1790s In the nineteenth century James Buchanan Benjamin Harrison and Grover Cleveland issued pardons to Mormon insurrectionists and polygamists and Abraham Lincoln and Andrew Johnson pardoned Confederates both during and after the Civil War Most recently Dodds considers Gerald Ford's clemency and Jimmy Carter's amnesty of Vietnam War resisters Beyond exploring these events Mass Pardons in America offers new perspectives on the president's pardon power unilateral presidential actions and presidential rhetoric more broadly Its implications span fields including political history presidential studies and legal history

Vietnam's Prodigal Heroes Paul Benedikt Glatz, 2021-01-12 Vietnam's Prodigal Heroes examines the critical role of desertion in the international Vietnam War debate Paul Benedikt Glatz traces American deserters' odyssey of exile and activism in Europe Japan and North America to demonstrate how their speaking out and unprecedented levels of desertion in the US military changed the traditional image of the deserter

Northern Passage John Hagan, 2001-05-31 More than 50 000 Americans migrated to Canada during the Vietnam War Hagan himself a member of the exodus searched declassified government files consulted previously unopened resistance organization archives and contemporary oral histories and interviewed American war resisters settled in Toronto to learn how they made the momentous decision

Law and Asylum Simon Behrman, 2018-06-18 In contrast to the claim that refugee law has been a key in guaranteeing a space of protection for refugees this book argues that law has been instrumental in eliminating spaces of protection not just from one's persecutors but also from the grasp of sovereign power By uncovering certain fundamental aspects of asylum as practised

in the past and in present day social movements namely its concern with defining space rather than people and its role as a space of resistance or otherness to sovereign law this book demonstrates that asylum has historically been antagonistic to law and vice versa In contrast twentieth century refugee law was constructed precisely to ensure the effective management and control over the movements of forced migrants To illustrate the complex ways in which these two paradigms asylum and refugee law interact with one another this book examines their historical development and concludes with in depth studies of the Sanctuary Movement in the United States and the Sans Papiers of France The book will appeal to researchers and students of refugee law and refugee studies legal and political philosophy ancient medieval and modern legal history and sociology of political movements *Vietnam 1964-1973 : an American dilemma.* ,
