Collaborative Planning Patsy Healey, 2020-03-06 Reviews of 1st edition A major carefully argued contribution which should raise the discourse among planning theorists to a new level a level reserved for a book that succeeds in the ambitious task of weaving together into one fabric theories of planning and theories in planning

Rachelle Alterman and Tamy Stav Town Planning Review A visionary and important work A McArthur Planning and Design A brilliant exposition of the development of theoretical concepts of planning in the second half of the 20th century A Gilg Perspectives in Rural Policy and Planning Spatial and environmental planning is an essential feature of all but the very simplest of societies Its form and role and the principles on which it should be based however have become increasingly controversial questions In this important book Patsy Healey draws on a wide range of new thinking in social political and spatial theory to provide a framework for planning which is rooted in the institutional realities of our increasingly fragmented societies but designed to foster communication and collaborative action The second edition includes a major new chapter assessing recent developments in theory and practice

Wasting the Rain (Routledge Revivals) William M. Adams
 Adams,2014-05-01 First published in 1992 this title offers an experienced and constructive evaluation of the ways in which water resources have been developed in Africa Adams argues that the best hope of productive development lies in working and engaging with local people and using local knowledge of the environment effectively Modern large scale developments that have largely been ineffective are examined and emphasis is placed on the importance of using the skills and concerns of those affected such as small farmers to develop ingenious water projects an approach that can be applied worldwide This is an interesting and relevant title which will be of particular value to those with an interest in the developments in water resource conservation over the past two decades
