Astrology of Midlife and Aging Erin Sullivan, 2005-05-19 The first in depth analysis of how an individual's natal horoscope reveals the unique challenges and opportunities of midlife Between the ages of thirty seven and forty one something mysterious takes place within the psyche Jung called this phase our unlived life assuming rightly that midlife did not inaugurate a time of rapid decay loss of libido and inevitable death but rather ushered in a period in which one might review one's life and build upon a strong foundation toward the next phase of adulthood Acclaimed astrologer Erin Sullivan takes us through the vast changes that astrology reveals as we reach middle age It is a moment in life that is characterized by the planet Uranus one filled with opportunities to both rethink the past and move forward toward the future

mark Intuitively we know we need something more Sacred astrology teaches that there are several distinct rites of passage that can show up as a psychospiritual crisis characterized by intense challenge and confusion We are betwixt and between no longer who we used to be but not yet who we are becoming However these powerful thresholds are where the real magic of our lives happens They usually coincide with significant turning points that lead us toward our life s unique purpose Learn how myth folklore and story can be a source of guidance in difficult times Illuminate the archetypal dimensions of your own story and re enchant your life Learn when to expect the crossroad times throughout your life so you can make peace with the past navigate the present and create a more purposeful future Discover the keys to self realization and step into alignment with who you re becoming Create a self care tool kit for the distinct issues that arise with each crossroads and get clear about what you re calling in Unlock new levels of self awareness through ritual guided meditation and journal reflections crafted specifically for each threshold You will also learn how to support family friends coworkers and clients who are going through difficult times with a transpersonal understanding of where they are and what they re going through Having insight into what time it is in your life can be a lantern in the dark Where in the World Erin Sullivan,2021-02-05 Back by popular demand Here at last is the reprint of the original version of Where in the World Astro Carto Graphy and Relocation which was published by the CPA Press in 1999 It was produced directly from the recordings of the seminars held in London in September and October 1997 This style of format enables the reader to feel part of the lectures and be able to relate more easily to the questions coming from the audience An expert both in astrology and in world travel Erin Sullivan has lived in several cultures and made innumerable relocations in her life Wherever we go there we are but more potent aspects of ourselves emerge in various locations Using the techniques of A C G this book explains how we experience ourselves in various parts of the world from a person centred and global perspective It relates how even a minor relocation can activate unconscious or sleeping characteristics within the self Erin teaches by example so there are case histories from the audience as well as plentiful charts and maps to illustrate the points raised Having lived all over the world Erin has now settled in New Mexico USA from where she still lectures on this fascinating subject
