Saudi Yemeni Relations Domestic Structures And Foreign Influences:

Saudi-Yemeni Relations F. Gregory Gause,1990 **Conflict and Conquest in the Islamic World** Alexander Mikaberidze,2011-07-22 A reference work that thoroughly documents the extensive military history of the Islamic world between the 7th century and the present day Military political conflict and the resulting factionalism shifts in leadership and divergent belief systems has been a constant and crucial part of the Islamic world In order to fully grasp the cultural social or political aspects of Islam in the modern world it is necessary to comprehend the rich tapestry of Islamic history from pre Islamic times to the present much of which involved armed conflict Conflict and Conquest in the Islamic World A Historical Encyclopedia provides hundreds of entries on wars revolutions sieges institutions leaders armies weapons and other aspects of wars and military life enabling readers to understand the complex role conflict has played in Islamic life throughout history and see how Islamic warfare has evolved over the centuries This reference work covers not only the traditional Middle Eastern regions and countries but also provides relevant historical information regarding Islam in North Africa Central Asia Southeastern Asia and Oceania **Revolutionary Emotions** Assistant Professor of Political Science Silvana Toska,2024-10-25 For centuries revolutionaries have spoken of the emotional arousal that motivated them to revolt Studies of revolutions however rarely give these emotional narratives the power that actors themselves recount This book argues that revolutionary waves from 1848 to the present cannot be explained without the emotions that motivated potential revolutionaries to imitate revolts in neighboring states The shared identity of revolutionaries across borders leads to a shared emotional arousal and adoption of protest frames and methods By grounding the theory in revolutionaries emotional narratives and breaking down the dichotomies that plague revolution research structure agency domestic international Revolutionary Emotions provides a powerful new theory of revolutionary diffusion and success **Tribes and Politics in Yemen** Marieke Brandt,2024-05 This is the first rigorous history of the long running Houthi rebellion and its impact on Yemen now the victim of multi national interventions as outside powers seek to determine the course of its ongoing civil war **Decline of the Anglo-American Middle East, 1961-1969**,2014-12-01 Discusses Anglo American policy in the Middle East under Kennedy and Johnson as well as under British Conservative and Labour governments This title provides a historical background on the Anglo American Middle East for the 1950s It analyses Western policy toward Egyptian President Gamal Abdul Nasser and toward the Arabian Peninsula *Thicker Than Oil* Rachel Bronson,2008-06-05 For fifty five years the United States and Saudi Arabia were solid partners Then came the 9 11 attacks which sorely tested that relationship In Thicker than Oil Rachel Bronson reveals why the partnership became so intimate and how the countries shared interests sowed the seeds of today s most pressing problem Islamic radicalism Drawing on a wide range of archival material declassified documents and interviews with leading Saudi and American officials and including many colorful stories of diplomatic adventures and misadventures Bronson chronicles a history of close and always controversial contacts She argues

that contrary to popular belief the relationship was never simply about oil for security Saudi Arabia's geographic location and religiously motivated foreign policy figured prominently in American efforts to defeat godless communism From Africa to Afghanistan Egypt to Nicaragua the two worked to beat back Soviet expansion But decisions made for hardheaded Cold War purposes left behind a legacy that today enflames the Middle East Looking forward Bronson outlines the challenges confronting the relationship The Saudi government faces a zealous internal opposition bent on America's and Saudi Arabia's destruction Yet from the perspective of both countries the status quo is clearly unsustainable *Preserving the Saudi Monarchy* Samuel E. Willner, 2023-06-19 This book provides a new perspective on the study of the Kingdom of Saudi Arabia and its monarchy its political leadership and decisions Moreover it analyzes how that decision making evolved before during and after the Arab Israeli War of 1973 and the subsequent Arab oil embargo that followed the run up to and aftermath of the 1975 murder of King Faysal discussions over the oil weapon and Saudi responses to the Carter presidency in the United States Through the prism of tribal decision making this book sheds new light on a number of important political events which have shaped the political leadership in Saudi Arabia and explores the behind the scenes workings of the Saudi royal family

A History of Saudi Arabia Madawi al-Rasheed, 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world Yet it remains a closed society Its history in the twentieth century is dominated by the story of state formation After the collapse of the Ottoman Empire Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula In 1932 the Kingdom of Saudi Arabia was born Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century through the 1990 Gulf War to the present day She fuses chronology with analysis personal experience with oral histories and draws on local and foreign documents to illuminate the social and cultural life of the Saudis This is a rich and rewarding book which will be invaluable to students and to all those trying to understand the enigma of Saudi Arabia **American Alliance Policy in the Middle East, 1945-1992** John P. Miglietta, 2002-01-01 American Alliance Policy in the Middle East provides a stimulating new look at a U S Cold War foreign policy gripped by anticommunist paranoia Through case studies of America's relationships with Iran Israel and Saudi Arabia John P Miglietta reveals how an overriding fear of global communism led to the overcommitment of U S security resources to the region The perceived need to preserve Middle East stability rendered U S policy ineffectual and unresponsive to changing local conditions drastically altering the patron client paradigm to the detriment of American strategic interests This superb analysis of American foreign policymaking illustrates how Cold War anticommunist ideology prevented the evolution of traditional military alliances into broader based relationships and perpetuated authoritarian regimes that mired the Middle East in a cycle of poverty and despotism **Legal and Political Reforms in Saudi Arabia** Joseph A. Kechichian, 2013 The fractious relationship between the United States and Saudi Arabia has long been a central concern in Washington In the aftermath of 9/11 and amongst ongoing wars the United States confronts an acute dilemma

how to cooperate with Riyadh against terrorism whilst confronting acute anti Americanism Using information gathered from extensive interviews with a plethora of officials this book aims to analyze Saudi domestic reforms It addresses the significant deficiency of information on such diverse matters as the judiciary and ongoing national dialogues but also provides an alternative understanding of what motivates Saudi policy makers How these reforms may impact on future Saudi decision making will surely generate a slew of policy concerns for the United States and this study offers a few clarifications and solutions This book will be of interest to anyone seeking a new perspective on the motivation behind legal and political reforms in Saudi Arabia and the effects of these reforms beyond the Middle East
