Sexual Anomalies The Origins Nature Tr:

The Real T E Lawrence Andrew Norman, 2025-08-30 Explores the enduring mysteries of Lawrence's postwar obscurity and complex sexuality T E Lawrence soldier and writer the co leader with King Faisal of Saudi Arabia of the Arab Campaign during the First World War became a legend in his own lifetime And yet to this day there is much about him which remains a mystery two aspects of his character being of particular interest This first is why having become a famous figure with the world at his feet did he choose subsequently to live a life of obscurity in the lower ranks of the armed services The second concerns Lawrence's sexuality Some of his biographers have been accused of bringing sex into their volumes for reasons of sensationalism and publicity To be fair however it was Lawrence himself who first raised the subject by including in his book *Seven Pillars of Wisdom* an account of the Desert Campaign details of how he was captured and raped by the Turks Lawrence who never married is known to have engaged in masochistic rituals So what was the true nature of and explanation for his sexuality This is the challenge of *The Real T E Lawrence*

Decolonization in Germany Jared Poley, 2007 When Germany lost its colonial empire after the Great War many Germans were unsure how to understand this transition They were the first Europeans to experience complete colonial loss an event which came as Germany also wrestled with wartime collapse and foreign occupation In this book the author considers how Germans experienced this change from imperial power to postcolonial nation This work examines what the loss of the colonies meant to Germans and it analyzes how colonialist categories took on new meanings in Germany's post colonial period Poley explores a varied collection of materials that ranges from the stories of popular writer Hanns Heinz Ewers to the novels essays speeches pamphlets posters and archival materials of nationalist groups in the occupied Rhineland to show how decolonization affected Germans When the relationships between metropole and colony were suddenly severed Germans were required to reassess many things nation and empire race and power sexuality and gender economics and culture
