

HUMAN SEXUAL ECOLOGY

Robert E. Joyce

Sexual Ecology

Kenneth Cimino

Sexual Ecology:

Sexual Ecology Gabriel Rotello, 1998 AIDS and the Destiny of Gay Men This is the most important book about AIDS since Randy Shilts' *And the Band Played On* And it is far better than Martin Duberman's *The Nation* **Beyond Sexuality** Tim Dean, 2000-09 *Beyond Sexuality* points contemporary sexual politics in a radically new direction Combining a psychoanalytic emphasis on the unconscious with a deep respect for the historical variability of sexual identities this original work of queer theory makes the case for viewing erotic desire as fundamentally impersonal Tim Dean develops a reading of Jacques Lacan that rather than straightening out this notoriously difficult French psychoanalyst brings out the queer tensions and productive incoherencies in his account of desire Dean shows how the Lacanian unconscious deheterosexualizes desire and along the way he reveals how psychoanalytic thinkers as well as queer theorists have failed to exploit the full potential of this conception of desire The book elaborates this by investigating social fantasies about homosexuality and AIDS including gay men's own fantasies about sex and promiscuity in an attempt to illuminate the challenges facing safe sex education Taking on many shibboleths in contemporary psychoanalysis and queer theory and taking no prisoners *Beyond Sexuality* offers an antidote to hagiographical strains in recent work on psychoanalysis Foucault and sexuality **Sex and the Sexual during People's Leisure and Tourism Experiences** Neil Carr, Yaniv Poria, 2010-05-11 Sex and the sexual have for far too long been consigned to the dark corners by social scientists in general and tourism and leisure scholars in particular *Sex and the Sexual During People's Leisure and Tourism Experiences* seeks to begin to rectify this situation by bringing the position and nature of sex and the sexual into the light of academic debate As such this book is designed to highlight cross disciplinary emerging work on sex and the sexual in leisure and tourism and provide the readers with insights into this social realm It encompasses a broad array of sex related issues and tourism and leisure environments from across a variety of countries The book should appeal to researchers and students across the humanities and social sciences both for the value of the research in its own right and the ability of it to be used as a lens through which to view the position of sex and the sexual as well as tourism and leisure in today's world Overall it is argued that sex and the sexual should play a part in the academic discourse especially if we wish to describe what is actually happening out there as far as tourism and leisure are concerned

Women Who Love Sex Gina Ogden, 2007-09-11 Wonderful sex does more than melt both body and soul it brings power energy and deep satisfaction to all aspects of our lives In this unique book women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest pleasure They redefine sex based on how women really experience sexual pleasure confirming what every woman knows instinctively while creating a new language that every woman will understand Based on extensive one on one interviews conducted by Dr Ogden with hundreds of women this thought provoking wise and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure To learn more about the author Gina Ogden go to www.ginaogden.com **After Homosexual** Carolyn

D'Cruz, Mark Pendleton (Lecturer), 2014 Forty years after the publication of Dennis Altman's classic *Homosexual Oppression and Liberation* this collection of memoir, political reflection and creative non-fiction brings together an exemplary line up of writers spanning generations that have both shaped and inherited the legacy of gay liberation and its intersections with other social movements Page 4 of cover

The Politics of Crystal Meth Kenneth Cimino, 2005 A non-profit executive, governmental employee, financial advisor, travel agent, student, fashion designer, what these gay men have in common is a knowledge of pain, obsession, despair, degradation and finally freedom from the one element that connects their stories: crystal meth use. Dr. Ken Cimino reveals the intimate and horrifying nature of meth abuse and presents ten inspiring true-life dramas of meth use and recovery in *The Politics of Crystal Meth: Gay Men Share Personal Stories of Addiction and Recovery*. In part one, he illustrates the varied reasons why gay men use methamphetamines: from gay oppression to homophobia to building self-esteem to HIV issues. In the second part of the book, he shares ten personal and motivating stories of meth use and recovery. In *The Politics of Crystal Meth: Gay Men Share Personal Stories of Addiction and Recovery*, experts such as Kathy Rebak, Walter Odets, and Luciano Colonna talk about issues and problems created by gay men who use meth. Gay men addicts bear a social stigma that straight men don't, for example, making it hard for them to admit their addiction and seek treatment. *The Politics of Crystal Meth* also answers the difficult questions: Am I an addict? and To whom do I turn? It describes the principles of the most successful treatment programs and lists the experts currently bringing help to gay men who have meth and other addiction problems. *The Politics of Crystal Meth* will educate you, possibly scare you, and alert you to meth addiction as experienced by ordinary, respectable, average gay men. Whether you think you may be an addict, know someone or love someone who is, or work with gay addicts, this book offers self-help through understanding and support.

Sexualities: Sexualities and their futures Kenneth Plummer, 2002 Volume 3 *Difference and Diversity of Sexualities*. This section examines the politics, power, and critique of sexual categories including bisexuality, sex addiction, prostitution, and sadomasochism.

Focus, 1997

The Queer Question Scott Tucker, 1997 In *The Queer Question: Essays on Desire and Democracy*, Scott Tucker issues a fierce clarion call to radicals and queers to be true to the democratic potential of the United States.

Dry Bones Breathe Eric Rofes, 2015-01-28 *Dry Bones Breathe: Gay Men Creating Post-AIDS Identities and Cultures* breaks new ground in offering an original and insightful interpretation of gay men's shifting experience of the AIDS epidemic. From *Dry Bones Breathe*, you'll gain a deeper understanding of current community debates focused on circuit parties, unprotected sex, and gay men's sexual cultures, and you will learn how social, political, and biomedical changes are dramatically transforming gay identities and cultures. *Dry Bones Breathe* is Eric Rofes' explosive follow-up to *Reviving the Tribe*, a book which broke open debates in gay communities around the world about sex identity and gay men's relationship to AIDS. In this volume, Rofes contends that most gay men no longer experience AIDS as the crisis they did during the 1980s. Gay men often attribute this shift to the advent of protozoa inhibitors, but Rofes explains how other factors, including the epidemic,

s predicted trajectory new treatments for opportunistic infections the passage of time and the increasing diversity of gay men inhabiting communities throughout the country have set in motion the transformation of gay life AIDS organizations and gay leaders however continue to assert that gay men experience AIDS as an emergency resulting in a tremendous dissonance between gay leaders and their communities In the midst of this controversy Dry Bones Breathe lets you share in stories of hope and recovery and a new vision for AIDS work that demands a radical redesign of prevention care and activism Dry Bones Breathe tackles several other issues concerning the powerful shifts occurring in gay communities and cultures by explaining why an understanding of the terms post AIDS and post crisis is crucial to interpreting contemporary gay male cultures and what Australian prevention theorists have to offer gay men in the United States describing the Protozoa Moment and exploring how a dangerous obsession with pharmaceuticals is leading many to mistakenly attribute all changes in gay men s cultures to combination therapies examining the writings of Larry Kramer Andrew Sullivan Michelangelo Signorile and Gabriel Rightly to illustrate how the crisis construct has unleashed a backlash against gay sexual cultures discussing the dramatic diminution in gay men s AIDS related deaths in epicenter cities and the impact of shrinking obituary pages on gay men s mental health exploring the diverse relationships to the epidemic forged by young gay men gay men of color gay men from rural or small towns and middle aged men not infected with HI detailing how HI prevention and service organizations targeting gay men must redesign their mission and restructure their work In response to continuing efforts to direct gay men back into a state of emergency Dry Bones Breathe suggests that long term prevention efforts must be constructed around something other than a crisis While AIDS organizations look at gay men s diminished participation in AIDS activism Rofes argues that these organizations should face how they have distanced themselves from the reality of most gay men s lives From stories and experiences full of hope anger sadness and strength Dry Bones Breathe will teach you about gay men who no longer base their identities and cultures solely around AIDS

Sexual Inequalities and Social Justice Niels

Teunis, Gilbert H. Herdt, 2007 This pioneering collection of ten ethnographically rich essays signals the emergence of a new paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and gender The contributors an interdisciplinary group of social scientists representing anthropology sociology public health and psychology illuminate the role of sexuality in producing and reproducing inequality difference and structural violence among a range of populations in various geographic historical and cultural arenas In particular the essays consider racial minorities including Hispanics Koreans and African Americans discuss disabled people examine issues including substance abuse sexual coercion and HIV AIDS and delve into other topics including religion and politics Rather than emphasizing sexuality as an individual trait the essays view it as a social phenomenon focusing in particular on cultural meaning and real world processes of inequality such as racism and homophobia The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice

Sexualised Governmentalities

Angelos Bollas, 2024-04-25 This book critically examines the concept of sexualised governmentalities a framework for understanding the evolving discourse and power dynamics surrounding discrimination on the basis of sexual practices Central to this exploration is the shift from traditional heteronormative perspectives to a more complex hetero homonormative context where the structure and organisation of sexual relationships gain prominence over the gender or sexual orientation of the participants A key focus of the book is the concept of homosexuality within the realm of gay masculinity studies The author discusses homosexuality as a form of discrimination experienced by gay men from other gay men highlighting the influence of heteronormative patriarchal society on these interactions It calls for a broader recognition and acceptance of diverse sexual expressions and challenges the reader to re evaluate the societal norms around masculinity and sexual behaviour Sexualised Governmentalities is an important contribution to the discourse on sexual identity and practice offering insights for a more inclusive and empathetic understanding of sexual diversity When Harry Became Sally

Ryan T. Anderson, 2018-02-20 Can a boy be trapped in a girl's body Can modern medicine reassign sex Is our sex assigned to us in the first place What is the most loving response to a person experiencing a conflicted sense of gender What should our law say on matters of gender identity When Harry Became Sally provides thoughtful answers to questions arising from our transgender moment Drawing on the best insights from biology psychology and philosophy Ryan Anderson offers a nuanced view of human embodiment a balanced approach to public policy on gender identity and a sober assessment of the human costs of getting human nature wrong This book exposes the contrast between the media's sunny depiction of gender fluidity and the often sad reality of living with gender dysphoria It gives a voice to people who tried to transition by changing their bodies and found themselves no better off Especially troubling are the stories told by adults who were encouraged to transition as children but later regretted subjecting themselves to those drastic procedures As Anderson shows the most beneficial therapies focus on helping people accept themselves and live in harmony with their bodies This understanding is vital for parents with children in schools where counselors may steer a child toward transitioning behind their backs Everyone has something at stake in the controversies over transgender ideology when misguided antidiscrimination policies allow biological men into women's restrooms and penalize Americans who hold to the truth about human nature Anderson offers a strategy for pushing back with principle and prudence compassion and grace *Sexegesis: An Evangelical Response to Five Uneasy Pieces on Homosexuality* , Sexegesis An Evangelical Response to Five Uneasy Pieces on Homosexuality is written by a collaboration of Australian biblical teachers and experienced pastors addressing the vexed issue of homosexuality Sexegesis or sexual interpretation shows that the traditional reading of Scripture as against homosexual practice but for homosexual people still makes best sense of the Bible text This is contrary to the more liberal revisionist reading of Scripture in Five Uneasy Pieces The Bible's teaching on sexuality is unambiguous as it is life affirming both for homosexuals and heterosexuals This book skillfully balances biblical clarity with pastoral sensitivity compelling all

Christians to engage in genuine dialogue with it and with each other **Waiting to Land** Martin Duberman,2011-01-19

Although best known for his acclaimed biographies historian Martin Duberman is also a renowned memoirist who has plumbed his own life for truths that have meaning for us all In the bestselling *Cures* he carried his story up to 1970 focusing on *Dread* Philip Alcabes,2010-04-13 Alcabes persuasively argues that people s anxieties about epidemics are created not so much by the germ or microbe in question or the actual risks of contagion but by the unknown the undesirable and the misunderstood b w illustration insert *What is Sexual History?* Jeffrey Weeks,2016-06-10 Until the 1970s the history of sexuality was a marginalized practice Today it is a flourishing field increasingly integrated into the mainstream and producing innovative insights into the ways in which societies shape and are shaped by sexual values norms identities and desires In this book Jeffrey Weeks one of the leading international scholars in the subject sets out clearly and concisely how sexual history has developed and its implications for our understanding of the ways we live today The emergence of a new wave of feminism and lesbian and gay activism in the 1970s transformed the subject heavily influenced by new trends in social and cultural history radical sociological insights and the impact of Michel Foucault s work The result was an increasing emphasis on the historical shaping of sexuality and on the existence of many different sexual meanings and cultures on a global scale With chapters on amongst others lesbian gay and queer history feminist sexual history the mainstreaming of sexual history and the globalization of sexual history *What is Sexual History* is an indispensable guide to these developments

AIDS, Behavior, and Culture Edward C Green,Allison Herling Ruark,2016-06-16 *AIDS Behavior and Culture* presents a bold challenge to the prevailing wisdom of the global AIDS industry and offers an alternative framework for understanding what works in HIV prevention Arguing for a behavior based approach Green and Ruark make the case that the most effective programs are those that encourage fundamental behavioral changes such as abstinence delay of sex faithfulness and cessation of injection drug use Successful programs are locally based low cost low tech innovative and built on existing cultural structures In contrast they argue that anthropologists and public health practitioners focus on counseling testing condoms and treatment and impose their Western values culture and political ideologies in an attempt to liberate non Western people from sexual repression and homophobia This provocative book is essential reading for anyone working in HIV AIDS prevention and a stimulating introduction to the key controversies and approaches in global health and medical anthropology for students and general readers **Torn Asunder** Margaret McCarthy,2017-01-22 A timely unsettling of old settled questions surrounding divorce Amid the current nationwide debate over what marriage is this book examines anew the nature and meaning of marriage from the standpoint of what adult children of divorce have actually experienced Upholding the inextricable link between our personal identity and our origin in a union of two and more deeply in the Fatherhood of God the contributors to this volume reflect on the damage that divorce does to children opening up important questions for all of us What does it mean to be human What does it mean to love and to marry After decades of talk about the

rights of adults to get a divorce and the benefits for children of an amicable split between parents a so called good divorce these authors theologians philosophers political scientists lawyers psychologists sociologists and cultural critics effectively unsettle conventional opinion

Wonderfully Made John W. Kleinig, 2021-08-25 Why do we have bodies When it comes to thinking about our bodies confusion reigns In our secular age there has been a loss of the body's goodness purpose and end Many people driven by shame and idolatry abuse their body through self harm or self improvement How can we renew our understanding and see our bodies the way God does In *Wonderfully Made* John Kleinig forms a properly biblical theology of our bodies Through his keen sensitivity to Scripture's witness Kleinig explains why bodies matter While sin has corrupted our bodies and how we think of them God's creation is still good Thus our bodies are good gifts The Son took on a body to redeem our bodies Kleinig addresses issues like shame chastity desire gender dysphoria and more by integrating them into the biblical vision of creation Readers of *Wonderfully Made* will not only be equipped to engage in current issues they will gain a robust theology of the body and better appreciation of God's very good creation
