*Sexual Labyrinth* A. Reyes, 1995-12-22      **The Sexual Labyrinth** Alina Reyes, 1995-12-22      **Humanity and Human Sexuality: The Origin and Nature of Sexual Preference** Kevin Franklin, 2024-03-28

In *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* Dr Kevin Franklin embarks on an extraordinary exploration of the human being of mind and their potential. Delving deep into themes of confusion and disorder, he unveils how a trickster mind can hinder an individual's true potential for life and freedom. Drawing from his own profound experiences of childhood psychosis, which once seemed to destine him for a life overshadowed by schizophrenia and the threat of early suicide, Dr Franklin defies expectations. This book ventures beyond traditional boundaries to examine the metaphysical aspects of psychological order, offering a unique perspective on the often misunderstood concepts of societal and psychological disorders. Dr Franklin's insights extend into a scientific demonstration of the innate origins and nature of both heterosexual and homosexual preferences. *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* illuminates various fields: Philosophy, Religion, History, Science, Society, and Psychology, offering a revolutionary viewpoint on these disciplines. It challenges long-held beliefs and misconceptions, particularly in the realms of sexual identity, the gender and transgender discussion, and the complex relationship between religion and science. Structured in two parts, the book first deconstructs the mythology of sexual identity before reconstructing a comprehensive understanding of human sexuality. It seeks to resolve some of humanity's most pressing issues: the lack of human compassion, the intricacies of gender identity, and the historical tensions between religious beliefs and scientific understanding. This book is an essential read for anyone seeking a deeper understanding of the origins and nature of sexual preference and identity and the broader implications for society.

**Sexuality, Nudity and the Body in Soviet Cinema** Birgit Beumers, Catherine Géry, Eugénie Zvonkine, 2025-07-18

This book explores evocations of and allusions to sexual desire in Soviet cinema, 1919-1991. By deploying several lines of investigation from the cult of the masculine strong body in Stalinist cinema to the shifting signification of the naked body, male and female, in post-war cinema and to the display of a sexualised body in the late Soviet era, this book establishes the extent to which Soviet cinema actually did reveal sexuality. It also explores how external political and social factors impacted representation. Overall, the contributions challenge the narrative of Soviet cinema as an art form where the representation of sexuality was taboo and outline shifts in the concepts of the naked and sexualised body, of sexuality and sexual relationships. This book will be of interest to scholars and researchers in the field of film studies, Slavic and Soviet studies, cultural studies, politics, and gender studies.

**Cosmopolitan Sexualities** Ken Plummer, 2016-09-26

How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order? Whilst some countries have legislated in favour of same-sex marriage and the United Nations makes declarations about gender and sexual equality, many countries across the world employ punitive responses to such differences. In this compelling and original study, Ken Plummer argues

the need for a practical utopian project of hope that he calls cosmopolitan sexualities He asks how can we connect our differences with collective values our uniqueness with multiple group belonging our sexual and gendered individualities with a broader common humanity Showing how a foundation for this new ethics politics and imagination are evolving across the world he discusses the many possible pitfalls being encountered He highlights the complexity of sexual and gender cultures the ubiquity of human conflict the difficulties of dialogue and the problems with finding any common ground for our humanity Cosmopolitan Sexualities takes a bold critical humanist view and argues the need for positive norms to guide us into the future Highlighting the vulnerability of the human being Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy care and kindness dignity and rights human flourishing and social justice These harbour visions of what is acceptable and unacceptable in the sexual and intimate life Clearly written the book speaks to important issues of our time and will interest all those who are struggling to finding ways to live together well in spite of our different genders and sexualities

**Libertinage in Russian Culture and Literature** Alexei Lalo, 2011-09-09 Much of the previous scholarship on Russia s literary discourses of sexuality and eroticism in the Silver Age was built on applying European theoretical models from psychoanalysis to feminist theory to Russia s modernization This book argues that at the turn into the twentieth century Russian popular culture for the first time found itself in direct confrontation with the traditional high cultures of the upper classes and intelligentsia producing modernized representations of sexuality This Russian tradition of conflicted representations heretofore misassessed by literary history emerges as what Foucault would call a full blown bio history of Russian culture a history of indigenous representations of sexuality and the eroticized body capable of innovation on its own terms not just those derivative from Europe

*Picturing Russia's Men* Allison Leigh, 2020-09-17 Winner of the Heldt Prize for Best Book in Slavic East European and Eurasian Women s and Gender Studies 2021 There was a discontent among Russian men in the nineteenth century that sometimes did not stem from poverty loss or the threat of war but instead arose from trying to negotiate the paradoxical prescriptions for masculinity which characterized the era *Picturing Russia's Men* takes a vital new approach to this topic within masculinity and art historical studies by investigating the dissatisfaction that developed from the breakdown in

prevailing conceptions of manhood outside of the usual Western European and American contexts By exploring how Russian painters depicted gender norms as they were evolving over the course of the century each chapter shows how artworks provide unique insight into not only those qualities that were supposed to predominate but actually did in lived practice Drawing on a wide variety of source material including previously untranslated letters journals and contemporary criticism the book explores the deep structures of masculinity to reveal the conflicting desires and aspirations of men in the period In so doing readers are introduced to Russian artists such as Karl Briullov Pavel Fedotov Alexander Ivanov Ivan Kramskoi and Ilya Repin all of whom produced masterpieces of realist art in dialogue with paintings made in Western European artistic centers The result is a more culturally discursive account of art making in the nineteenth century one that challenges some of the enduring myths of masculinity and provides a fresh interpretive history of what constitutes modernism in the history of art

**Embodied Differences** Henrietta Mondry, 2021-03-02 This book analyzes the ways in which literary works and cultural discourses employ the construct of the Jew's body in relation to the material world in order either to

establish and reinforce or to subvert and challenge dominant cultural norms and stereotypes It examines the use of physical characteristics embodied practices tacit knowledge and senses to define the body taxonomically as normative different abject or mimetically desired Starting from the works of Gogol and Dostoevsky through to contemporary Russian Jewish women s writing broadening the scope to examining the role of objects museum displays and the politics of heritage food the book argues that materiality can embody fictional constructions that should be approached on a culture specific basis

Ukrainian Erotomaniac Fictions: First Postindependence Wave Maryna Romanets, 2019-04-25 Ukrainian Erotomaniac Fictions explores the aggressive sexualization of the Ukrainian cultural mainstream after the collapse of the USSR as a counter reaction to the Soviet state s totalitarian repressive politics of the body While the book s introduction includes concise sections on such pornified cultural forms as advertising mass media visual art and film its major focus is on textual production that has contributed significantly to the literary explosion in Ukraine which began in the 1990s Drawing on cultural postcolonial feminist and gender theories the book examines transgressive potentials of the erotic under postcolonial postcommunist and post totalitarian conditions It offers insight into the convoluted dialectics between the imported conventions of Western porno chic and the received oppressive Soviet gender and sexual ideologies Within a broad historical and cultural framework the study considers writers engagements in dialogues with their own tradition and colonial legacy as well as with a variety of transcultural flows By bringing together diverse erotomaniac fictions Maryna Romanets charts the ways in which they are embedded in the processes of Ukraine s cultural decolonization Women and Russian Culture

Rosalind Marsh, 1998-11-01 The image of women in Russian culture has undergone profound changes from the origins of modern Russian literature in the eighteenth century until the Revolution of 1917 when women were a source of fascination for Russian writers to the socialist realism period during which public discussion of the representation of women in literature rapidly declined and the woman question was declared to have been resolved to a reappraisal of the position of women since the 1980s This collection of essays by leading western and Russian specialists contains new insights and updates previous research into the role of women in Russian culture in the last two centuries and contributes to two exciting and growing research areas the feminist critique of work by Russian male authors and the study of Russian women writers Moreover whereas most previous studies have concentrated on the aesthetic qualities of works by women writers this collection includes both close textual analysis and the discussion of biographical historical and political questions relating both to the representation of women and women s culture The aim is not to present a unified manifesto but rather to bring together a spectrum of approaches and positions within their common focus on the relationship between women and culture in Russia Contributors R Marsh A Barker J Andrew D Greene I Kazakova C Schuler S Graham K Hodgson N Kolchevska N Cornwell J Curtis M Katz M Ledkovsky P I Barta A Darmodekhina D Gillespie N Zhuravkina B Lanin S Carsten A Tait
