Sexual Life Of Savages And Other Stories:

Short Story Index ,1999 The Sexual Life of Savages and Other Stories Stokes Howell, 1996 A collection of erotic stories includes In the bathroom at Joey's Dear Veronica Unction and Dinner **The Wavfinders** Wade Davis, 2009-10-01 Every culture is a unique answer to a fundamental guestion What does it mean to be human and alive In The Wayfinders renowned anthropologist winner of the prestigious Samuel Johnson Prize and National Geographic Explorer in Residence Wade Davis leads us on a thrilling journey to celebrate the wisdom of the world's indigenous cultures In Polynesia we set sail with navigators whose ancestors settled the Pacific ten centuries before Christ In the Amazon we meet the descendants of a true lost civilization the Peoples of the Anaconda In the Andes we discover that the earth really is alive while in Australia we experience Dreamtime the all embracing philosophy of the first humans to walk out of Africa We then travel to Nepal where we encounter a wisdom hero a Bodhisattva who emerges from forty five years of Buddhist retreat and solitude And finally we settle in Borneo where the last rainforest nomads struggle to survive Understanding the lessons of this journey will be our mission for the next century For at risk is the human legacy a vast archive of knowledge and expertise a catalogue of the imagination Rediscovering a new appreciation for the diversity of the human spirit as expressed by culture is among the Ethnopornography Pete Sigal, Zeb Tortorici, Neil L. Whitehead, 2019-12-13 With topics central challenges of our time that span the sixteenth century to the present in Latin America the United States Australia the Middle East and West Africa the contributors show how ethnopornography the eroticized observation of the Other for supposedly scientific or academic purposes is fundamental to the creation of race colonialism and archival and ethnographic knowledge The Sexual Life of Savages in North-western Melanesia Bronislaw Malinowski, 2002 This volume provides an ethnographic account of courtship marriage and family life among the people of the Trobriand Islands **Everyday Life and Cultural Theory** Ben Highmore, 2002-08-27 Ben Highmore traces the development of conceptions of everyday life from the cultural sociology of Georg Simmel through the Mass Observation project of the 1930s to contemporary theorists The Vienna Circle and Religion Esther Ramharter, 2022-03-08 This book is the first systematic and historical account of the Vienna Circle that deals with the relation of logical empiricists with religion as well as theology Given the standard image of the Vienna Circle as a strong anti metaphysical group and non religious philosophical and intellectual movement this book draws a surprising conclusion namely that several members of the famous Moritz Schlick Circle e g the left wing with Rudolf Carnap Otto Neurath Philipp Frank Edgar Zilsel but also Schlick himself dealt with the dualisms of faith belief and knowledge religion and science despite or because of their non cognitivist commitment to the values of Enlightenment One remarkable exception was the philosopher and Rabbi Joseph Sch chter who wrote explicitly on religion and philosophy after the linguistic turn The book also covers another puzzling figure the famous logician Kurt G del who wrote on theology and the ontological proof of God in his so far unpublished notebooks The book opens up new perspectives on the Vienna Circle with its internal

philosophical and political pluralism and is of value to philosophers historians and anybody who is interested in the relation **HOW TO ACQUIRE BOOKS LISTED IN CURRENT CONTENTS** ,1996 between science and religion Cambridge Introduction to British Fiction, 1900-1950 Robert L. M. S. (Terry) Evens, Don Handelman, 2006-09-01 Pioneered by Max Gluckman to demonstrate the way in which social practice and structure together constitute and are themselves constituted by the situational flow of social life the extended case method became diagnostic of the Manchester School of Social Anthropology Anticipating practice theory and implicitly politically charged it was developed as a tool to bring into account what orthodox structural functionalism was ill equipped to address namely problems such as change conflict deviance and individual choice Edited by two students of Gluckman the volume comprises reprinted pieces by Gluckman and his colleague Clyde Mitchell a Coda by Mitchell s student Bruce Kapferer contributions by Gluckman s students and or friends and colleagues including Ronnie Frankenberg Kapferer Evens Handelman and Sally Falk Moore as well as a number of contributions from other practitioners of the extended case Apart from the reprinted pieces by Gluckman and Mitchell all the contributions have been written for this volume These essays historical theoretical and ethnographical serve to highlight and critically examine the fundamental features of the extended case method in order to advance its substantial continuing merits The Realist ,1929 Irregular Connections Andrew P. Lyons, Harriet Lyons, 2004-12-01 Irregular Connections traces the anthropological study of sex from the eighteenth century to the present focusing primarily on social and cultural anthropology and the work done by researchers in North America and Great Britain Andrew P and Harriet D Lyons argue that the sexuality of those whom anthropologists studied has been conscripted into Western discourses about sex including debates about prostitution homosexuality divorce premarital relations and hierarchies of gender class and race Because sex is the most private of activities and often carries a high emotional charge it is peculiarly difficult to investigate At times such as the late 1920s and the last decade of the twentieth century sexuality has been a central concern of anthropologists and focal in their theoretical formulations At other times the study of sexuality has been marginalized The anthropology of sex has sometimes been one of the main faces that anthropology presented to the public often causing resentment within the discipline Andrew P Lyons is an associate professor of anthropology at Wilfrid Laurier University Harriet D Lyons is an associate professor of anthropology at the University of Waterloo The Descent of Love Bert Bender, 2015-11-16 Upon its publication in 1871 Charles Darwin's The Descent of Man and Selection in Relation to Sex sent shock waves through the scientific community and the public at large In an original and persuasive study Bert Bender demonstrates that it is this treatise on sexual selection rather than any of Darwin's earlier works on evolution that provoked the most immediate and vigorous response from American fiction writers These authors embraced and incorporated Darwin s theories insights and language creating an increasingly dark and violent view of sexual love in American realist literature In The Descent of Love Bender carefully rereads the works of William Dean Howells Henry James Elizabeth Stuart Phelps Sarah Orne Jewett Kate Chopin Harold Frederic Charles W Chesnutt Edith Wharton and Ernest Hemingway teasing from them a startling but utterly convincing preoccupation with questions of sexual selection Competing for readership as novelists who best grasped the real nature of human love these writers also participated in a heated social debate over racial and sexual differences and the nature of sex itself Influenced more by The Descent of Man than by the Origin of Species Bender s novelists built upon Darwin's anthropological and zoological materials to anatomize their character's courtship behavior

returning consistently to concerns with physical beauty natural dominance and the power to select a mate Bringing the resources of the history of science and intellectual history to this the first full length study of the impact of Darwin's theories in American literature Bender revises accepted views of social Darwinism American literary realism and modernism in American literature forever changing our perceptions of courtship and sexual interaction in American fiction from 1871 to 1926 and beyond **Other Tribes, Other Scribes** James A. His aim is to formulate a general comparative approach to the study of symbolic processes integrating the major different theories about symbolic forms that have been developed by The Encyclopedia of the Gothic, 2 Volume Set William Hughes, David Punter, Andrew Smith, 2015-12-21 THE other writers ENCYCLOPEDIA OF THE GOTHIC Well written and interesting it is a testament to the breadth and depth of knowledge about its central subject among the more than 130 contributing writers and also among the three editors each of whom is a significant figure in the field of gothic studies A reference work that s firmly rooted in and actively devoted to expressing the current state of academic scholarship about its area New York Journal of Books A substantial achievement Reference Reviews Comprehensive and wide ranging The Encyclopedia of the Gothic brings together over 200 newly commissioned essays by leading scholars writing on all aspects of the Gothic as it is currently taught and researched along with challenging insights into the development of the genre and its impact on contemporary culture.
