Cultural Psychiatry With Children, Adolescents, and Families

Ranna Parekh, M.D., M.P.H., Cheryl S. Al-Mateen, M.D., Maria Jose Lisotto, M.D., R. Dakota Carter, M.D., EdD, 2020-12-04
Rapidly changing demographics in the United States over the past few years have resulted in a majority of minority youth. This has far reaching implications for mental health clinicians for whom knowledge of cultural context is critically important to understanding their patients and rendering effective compassionate treatment. In addition to addressing cultural context, the book addresses the emerging crisis of the COVID 19 pandemic and the significance of the movement for social justice.

Child and Adolescent Drug and Substance Abuse Louis A. Pagliaro, Ann Marie Pagliaro, 2019-11-01 By offering unique analysis and synthesis of theory, empirical research and clinical guidance in an up to date and unbiased context, this book assists health and social care professionals in understanding the use of drugs and substances of abuse by children and adolescents. A comprehensive reference for health and social care professionals, the book identifies and corrects related false narratives and, with the use of the authors' combined experience of over 70 years of clinical and academic experience in drug and substance abuse, provides current pharmacotherapeutic and psychotherapeutic approaches for the treatment of alcohol or other dependence or use disorders among children and adolescents. The book also provides a useful reference for identifying brand, trade and street names of the drugs and substances of abuse commonly used by children and adolescents. Also included is a comprehensive cross-referenced subject index. Clear, comprehensive, accessible and fully referenced, this book will be an invaluable resource for professionals and students who aim to treat children and adolescents. *Child and Adolescent Drug and Substance Abuse* is the 19th clinical pharmacology and therapeutic text that the Pagliaros have written over the past 40 years and is the sixth that deals exclusively with drug and substance abuse.

Culture and Conflict in Child and Adolescent Mental Health M. Elena Garralda, Jean-Philippe Raynaud, 2008 The theme of the 18th World Congress of the International Association for Child and Adolescent Psychiatry and Allied Professions (IACAPAP) is 'Carrying Hope Between East and West for 3 C's: Children, Cultures, Commitments'. The aim of the congress book to be presented in Istanbul in the Spring of 2008 is to focus interest on the effects of turmoil on children. It is necessary that mental health professionals start to plan how to meet children of immigrants and refugees and to develop the necessary services and methods to support those coming with a burden of psychiatric need. Per Anders Rydelius, M.D., Ph.D. **Handbook of Child and Adolescent**

Psychiatry, Advances and New Directions Paul L. Adams, Efrain Bleiberg, 1998-02-13 This volume contains an overview of the history of the field of child psychiatry and examines contemporary issues facing child and adolescent psychiatrists, including the roles that changing family dynamics, multi-culturalism, new technologies play in children's development, specialized applications such as forensic psychiatry and insurance-related ethical and administrative issues that affect child psychiatrists' practices. Supporting disclosure among children and adolescents living with HIV World Health

Organization, 2025-07-08 Children and adolescents experience persistent challenges to HIV testing, linkage to care and retention. One critical gap for children and adolescents aged 6-19 is disclosure of HIV status. Being aware of one's own HIV

status as well as being able to share this with others safely and when ready is key to closing gaps in prevention and care and enhancing treatment outcomes Disclosing HIV status to children and adolescents is a critical first step to building health literacy and empowering them to be engaged in and lead decision making about their own health This capability is essential to lifelong health Despite emerging resources that provide guidance on supporting disclosure for children and adolescents there is limited evidence on the effectiveness of approaches to support HIV status disclosure to and by children and adolescents Building on the WHO guidelines for disclosure to children up to age 12 in 2011 this implementation guidance provides evidence on existing interventions that support children and adolescents living with HIV in the process of disclosure It includes interventions that focuses on safe disclosure as well as supporting children and adolescents with onwards disclosure Specifically this brief collates existing interventions via a scoping review assesses key interventions through a realist evaluation lens identifying what works for whom and in what contexts and highlights emerging considerations key gaps and key actions Counseling Children and Adolescents Rebekah Byrd, Chad Luke, 2020-12-21 Counseling Children and Adolescents focuses on relationship building and creating a deep level of understanding of developmental attachment and brain based information Chapters place a clear emphasis on building strengths and developing empathy awareness and skills By going beyond theory and offering a strengths based attachment neuro and trauma informed perspective this text offers real world situations and tried and true techniques for working with children and adolescents Grounded in research and multicultural competency the book focuses on encouragement recognizing resiliency and empowerment This book is an ideal guide for counselors looking for developmentally appropriate strategies to empower children and adolescents
