Sexual Politics And The Male Playwright The Portrayal Of Women In 10 Contemporary Plays:

Sexual Politics and the Male Playwright Geetha Ramanathan,1996 Traditional studies of theater have long neglected an overall study of female roles as written by male playwrights Are the roles blatantly sexist or do they adhere to the cultural norms that even progressive male playwrights cannot ignore From Georg Buchner's *Woyzeck* to David Hare's *Plenty* the ten plays studied here have traditionally been seen as extraordinarily innovative and progressive Despite their seeming openness each of the plays is affected by the playwright's sexual politics Laid out is a framework for studying the plays in a feminist context that permits a new reading of the female roles while still allowing the critic enjoyment of the performance as a whole

The Pinter Ethic Penelope Prentice,2002-05-03 The only comprehensive guide to the plays of one of the world's greatest yet most puzzling contemporary dramatists *The Pinter Ethic* penetrates the mystery of Harold Pinter's work with compelling and authoritative insights that locate and disclose the primal power of his drama in his characters' powerplay for dominance With remarkable clarity Penelope Prentice's close reading of Pinter's work untangles the multiple ambiguities, complex conflicts and contradictory actions which continue to baffle, bewilder and confound critics and audiences She reveals that Pinter's plays reflect not a vision of postmodern hopelessness in a world threatening to self-destruct but provoke unguessed choice and action that enlarge the concept of love and link it to justice Offering a definitive analysis of Pinter's work from his early poetry, fiction, interviews, essays and novel *The Dwarfs* to his most recent play *Celebration* Prentice demonstrates why Pinter's work can only be communicated through drama where attitude and intention may count for little but where action is all *New Books on Women and Feminism* ,1995 **The Methuen Drama Handbook of Women in**

professional women playwrights of the late Stuart period Behn's *The Rover* 1677 and *The Luckey Chance* 1686 and Centlivre's *The Busie Body* 1709 and *The Wonder A Woman Keeps a Secret* 1714 are first placed in their original theatrical and cultural contexts and then studied through subsequent productions and adaptations extending from the eighteenth century to the twentieth. The detailed analysis of these plays is framed by a discussion of the cultural position of the playwrights and the kind of comedy they wrote. The survival of these plays in the repertoire offers an unusual opportunity to examine the theatrical double life of works by early women playwrights. The lengthy production histories of these comedies placed them in dialogue with radically different ideas of appropriate and permissible behavior for both women and men. The resulting productions, alterations and adaptations included both feminist reinterpretations and recuperations of the plays, challenges to dominant meanings of gender. This book will be of interest to scholars and students of dramatic literature, theatre and women's studies.

Enclosure Acts Richard Burt, John Archer, 2019-06-07. Enclosure, the conversion of peasants' commonly held lands to privately owned pasture, has long been considered a critical stage in the transition from feudalism to capitalism. This book is the first, however, to treat in detail the literary and cultural implications of enclosure in early modern England. Bringing together the work of both senior and younger scholars who represent a wide range of critical orientations, *Enclosure Acts* focuses not only on the historical fact of land enclosure but also on the symbolic containment of sexuality in Elizabethan and Jacobean literary works. The first type of enclosure frequently has been treated by materialists and new historicists; feminists and theorists concerned with issues of gender have tended to concentrate on the second. The fourteen essays collected here explore the relationships between these two ways of perceiving enclosure in the context of cultural studies. Individual chapters examine the creation of territorial and social boundaries as well as the consequences of enclosure acts.
